Fighting a Crazy Turtle

NEW ORLEANS, La., June 12.—You fishermen who spin dubious yarns about the big one that almost pulled you in—mark to this granddaddy of all fish stories.

This deals with Captain L. Boudreau, his sea-going trawler, the Lillian B. and a 750-pound turtle that swam all the way over from Africa and almost pulled the trawler and captain back there with him.

The captain was trawling in 30 fathoms a few miles out in the gulf. Suddenly the net that was dragged astern seemed to go crazy. It had run afoul of the turtle.

"We thought we'd caught an elephant," says Captain Boudreau.

Turtle Goes Crazy.

Being game for anything, the captain and his men tried to haul the net in, to see what they had caught.

"It was like trying to handle a live locomotive with ropes," continues the skipper. "That turtle went plumb crazy."

"It fought with its flippers. It fought with its jaws. As long as it was in the water it seemed to have the strength of a steamship."

The turtle was hauled alongside and the fishermen tried to loop a hawser around its flippers.

But the turtle thought otherwise. It stood on its hind legs, it made faces, it lashed and wallowed and rolled.

Not Over Yet.

After two hours they got the ropes around the turtle and sighted with relief. All over now, they thought.

But it had only started. The turtle, securely tied, bethought himself of his home off the east African coast and decided to go there. If the trawler wanted to come too it could.

"It was like being hooked to a wild

whale," said Captain Boudreau.

"That turtle dragged us bow first, stern first and sideways. We started the gasoline engine and even then it pulled us out to sea."

Tired Out at Last.

"It was five hours before that turtle got tired out. Then we got him alongside and hauled him up on deck. It was all in and so were we."

The turtle was taken ashore, but the fight had been too much and it died. Its shell was mounted as a souvenir.

Fish experts said the turtle was at least 150 years old. No such creatures are ordinarily seen around here.

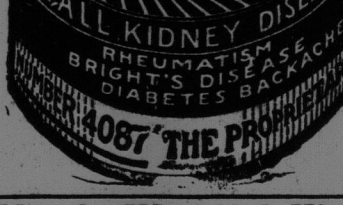

The shell is so thick it would take a fair sized cannon to pierce it. The huge jaws could sever a pine two-by-four, and a blow from one of the flippers would have broken a man's back.

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do.

Mrs. Chas. Rankin, Bulyea, Sask. writes:—"A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist; five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him, of his boils, in a very short time."

B.B.B. has been on the market for the past 46 years; be sure you get it when you ask for it; put up only by The T. Milburn Co., Limited, Toronto, Ont.

C. N. R. RESORT AT MINAKI IS BURNED

Officials Plan Investigation Into
\$100,000 Fire Loss in
Ontario.

MINAKI, Ont., June 12.—A thorough investigation into the fire which last night destroyed Minaki Inn, a C. N. R. summer resort, with a loss estimated at \$100,000, will be made, it is stated by C. N. R. officials.

A record number of guests had booked for the season. The staff was on hand and there were nine Manitoba University students at the Inn. The students had been at work on the new golf course and had come in for the evening, but all were able to make their escape, and save their belongings. The loss is covered by insurance.

The Minaki Inn, situated in the Lake of the Woods district, was erected in 1910 by the Canadian Railway News Company. It was taken over by the C. N. R. about four years ago, and improvements effected. The Inn accommodated about 200 guests.
