ROADS AND STREETS

That was a very pertinent question which Deputy Minister Campbell asked the citizens of St. John in his address on Good Roads before the Canadian Club last evening. He had referred to the fact that ten years ago he came to St. John, and had then indicated the manner in which, within a comparatively few years, a large amount of permanent street paving could be done without an unusually large expenditure for the whole period. Ten years have passed. "How much permanent street paving," asked Mr. Campbell, "have you got?" The answer is of course that we have practically none, and that today we are about to begin what should have been begun years ago. It is true, as Mayor Frink pointed out, that the city has in these years been expending a great amount of money on harbor development and water-works extension, but it is no less true that a large amount of money has been spent every year on the streets, and that much of it has been wasted. Had a proper system been adopted ten or fifteen years ago, there would have been infinitely better results for the expenditure actually made. It is satisfactory to know that at last the city council has decided to lay down some permanent pavement, and no time should be wasted in wrangling over the matter. The contract should be awarded and the work begun.

The address of Deputy Minister Campbell last evening was probably the most valuable on the subject that has been heard by a St. John audience. It was simple, clear, direct and well delivered. Every man who heard it came away with a better idea of what is necessary to provide permanent roads, and of how easy it is to waste public money on roads that are not, and under such conditions never will be permanent. The great portion of the address was devoted to rural highways, and the report of it should be read carefully by newspaper readers throughout the province. Mr. Campbell well says that wagon roads are the basis of transportation, for, without them, neither rail nor steamships would get business. It is, therefore, of the first importance to have the wagon roads in first class condition. The good road has an improving influence upon the whole country-side. The speaker last evening gave an illustration from the province of Ontario, which showed that the completion of a macadamized road between two points led to a great improvement in the appearance of the farms and buildings along its route. The people had to live up to their highways.

The point in road making to which Mr. Campbell devoted most attention was that of drainage. He pointed out how utterly useless it is to go on placing material on the surface of a road that is not well drained. This is a point that needs emphasis. All over the province of New Brunswick, one finds roads with ditches on either side that have no outlet, and in which the water remains.

The speaker was severe in his condemnation of the system of statute labor as ordinarily carried out. He charges that it is work done without proper supervision or direction, and that it does not produce results at all to be compared with that where men are paid so much a day for their work and are compelled to earn their money. Instead of doing a little patch-work here and there, he would have the people of a district put their road taxes and the cash value of their statute labor into a consolidated fund and begin at one central point and work from it year after year on permanent work, to the end that in a few years the whole district would have a properly macadamized road that could be kept in repair for all time at a very trifling expense.

The Canadian Club in securing Mr. Campbell as a speaker on this subject have done the city and province good service.

SPITTING IN PUBLIC PLACES

It is announced that hereafter the law against spitting in the L. C. R. depot is to be strictly enforced. The city ordinance relating to this habit should also receive more attention. In Montreal a crusade against spitting is said to have had excellent results. At a mass meeting of citizens

in Rochester, N. Y., recently the following resolution was unanimously adopted:—

"Resolved, That we, the citizens of Rochester in mass meeting assembled, do hereby respectfully urge His Honor Mayor Edgerton, Commissioner of Public Safety, and Chief of Police Quigley, to carry into effect the request of the Rochester Public Health Association, that two officers be immediately assigned to the duty of strictly enforcing the ordinance which prohibits the promiscuous spitting in public places."

In Syracuse, N. Y., similar steps have been taken; the Chicago police have received the cooperation of a large number of social and civil bodies for the purpose of stopping spitting in public; and reform movements in regard to spitting are being pushed in Louisville, New Orleans, San Francisco and other cities.

A FINANCIER'S ADVICE

Mr. Henry Clews, the Wall street financier, in an address to the students of the State University of Kentucky, last week, gave some counsel to the young in choosing their company. He told them that aside from shunning bad or incompetent advisers in business there were others they should be careful to avoid. Mr. Clews thus stated the characteristics of these persons:—

Avoid a man who vilifies his benefactor; Who unjustly accuses others of bad deeds;

Who never has a good word for anybody;

Who, when he drinks, habitually drinks alone;

Who boasts of the superiority of his family;

Who talks religion down in connection with his daily business affairs;

Who talks recklessly against the virtue of respectable women;

Who runs in debt with no apparent intention of paying;

Who borrows small sums on his note or check dated ahead;

Who will not work for an honest living;

Who looks down upon those who do;

Who is always prating about his own virtues;

Who imputes bad motives to those trying to do good;

Who betrays confidence;

Who lies;

Who is honest only for policy's sake;

Who deceives his wife and boasts of it to others;

Who chews tobacco in a public conveyance;

Who gets intoxicated in public places;

Who partakes of hospitality and talks behind his entertainer's back;

Who borrows from a friend and then blackguards the lender.

Three women were arrested in St. John last night for drunkenness. This is a shameful record. A woman was seen one night recently receiving a bottle of liquor across the bar of a saloon just as she was an ordinary patron. This sort of thing is too common. However, the citizens seem to like it, since, at the last opportunity to close the saloons in two of the wards, they decided to retain them.

Mayor Frink stated at the Canadian Club luncheon last evening that a number of citizens had spoken to him about the desirability of having some trees planted along the streets of St. John, and that he had no doubt a beginning would be made next autumn. Deputy Minister Campbell suggested that citizens might make a beginning by planting trees in front of their own premises. It is hoped that action will be taken along the line indicated. St. John is a treeless town. A street such as King street east in any other city would be boulevardized and made beautiful by trees. It is idle to say that trees cannot be got to grow anywhere in St. John. It is only a question of cultivation and getting the right kind of trees. Nothing would add more to the beauty of the city than trees planted along the streets of the residential section. There are many such streets of ample width to permit of tree planting.

"THE BUSY EAST" WILL PLEASE AT THE OUTSET

The initial number of "The Busy East," the new boom magazine issued by the H. M. McAlpine Directory Co., has made its appearance and it is a very creditable and most attractive publication. It states its mission in this wise: "To promote, encourage, and extend the manufacturing, commercial, and general interests of eastern Canada."

The cover is lithographed in three colors, and shows four scenes, entitled, shipping, agriculture, fishing and lumbering. There are thirty-two pages of readable matter and advertisements and many very interesting illustrations. The editorial matter is lively and the special articles well written. It contains contributions from the boards of trade in St. John, Fredericton, Campbellton, Chatham, Sussex, Woodstock, Newcastle, St. Stephen, and Moncton, and special articles of various kinds.

The editor and manager is W. T. Guest, and the magazine reflects much credit on his ability and energy. Even better things are promised in the next issue.

Lee-Long

Policeman William R. Lee was united in marriage to Miss Bertha May Long, daughter of the late Andrew Long, last evening, at the residence of the bride's mother, Lancaster Heights, by Rev. W. H. Sampson. Many presents were received by the popular couple. Mr. and Mrs. Lee will reside at 9 Rodney street, west end.

HERE'S CERTAINTY

I Will Cure You of Kidney Disease
Or Furnish You Medicine Free

I know I can furnish medicine that will almost always effect easy and positive relief for kidney ailments. I am so certain of this that I sell every bottle with my printed guarantee that the medicine should cost the purchaser nothing should it fail to do as I claim.

I have been recommending and selling this medicine to a considerable extent, and am receiving the best kind of evidence that it is doing exactly as I said it would. That's why I can safely and truthfully ask all my neighbors to try it at my risk. My treatment consists of Resall Kidney Remedy, which is one of the finest pharmaceutical preparations I know of for over coming kidney, bladder and urinary derangements, and associated ailments. I want everyone who suffers from any kidney or urinary disease to come to my store and get a bottle of Resall Kidney Remedy. They can try it for three large bottles, and if they are not satisfied that I will return every penny paid me for the medicine. The medicine is of no use to them unless they are satisfied. I have a stronger reason as to why you should at least give Resall Kidney Remedy a trial. I would not dare make this offer were I not positive that the result will be as I proclaim. Resall Kidney Remedy comes in two sizes, 50c. and \$1.00 per bottle. Sold only at my stores, The Resall Stores, Chas. R. Wasson, 100 King street and 24 Dock street.

WHEN BABY SINGS

Do you hear a little voice a-singing, Singing, singing
Setting all the summer air a-ringing
With the music of its glees?
Flowers in the garden, leaflets on the tree—
Do you see?—
On their stems go swaying, flinging
In a pretty fairy ring,
And the cantabrigia bells go swinging
Swinging, swinging
To the little tune so gay,
And all the little birds come winging,
Winging,
Just to hear my little birdie at his play.

—Alice Reid in
Woman's Home Companion.

IN LIGHTER VEIN

THE CAT CAME BACK.

Friend—"What because of that drawing of yours entitled 'The Cat'?"
Artist—"It came back."—Chicago News.

HOW MEAN?

Mr. Cholly Shallowate—"They say that a little learning is a dangerous thing."
Miss Kutting Hintz—"Fear not. You're a long ways from the danger signal."

THEY NEVER FAIL.

Although the weather
May be nice
The June brides get
Their showers of rice.

HELD ON TO THE MONEY.

Mrs. Thomas—"Do you believe that charity begins at home?"
Mrs. Jones—"Well, very rarely in my husband's case."

AWFUL MISTAKE.

Mr. Jones—"Heavens! My whiskers are turning yellow."
Mrs. Jones—"Mercy, George, you mistook my hair bleach for toilet water."

THE PICKLE DISH SEASON.

"Were you invited to their wedding?"
"Yes; that makes four pickle dishes I shall have to buy this month."

GREAT FORESIGHT.

"Have you faith in his judgment?"
"Absolutely. I believe he could even pick a clear day for a Sunday school picnic this season."

HOLD UP YOUR END.

"I've noticed," said Abe Wilkins once, "That men are often proud."
They like to make a flourish when they're mingling with the crowd.
And many a young man blows the coin he can't afford to spend.
Because he has the notion he must always hold his end."

"That 'holdin' up his end' to me is all right in its way,
An' yet it is a phrase that's led
A heap of men astray.
I've noticed that it most applies
To bar-rooms 'n' cafes.
An' means that, when it comes his turn,
A fellow gladly plays."

"I like a man to do his share
In everything that goes,
An' I despise a mean man's tricks,
As everybody knows.
But I have seen a lot of woe
An' misery depend
Entirely on this foolish plan
Of holdin' up an end."

"I've seen a fellow blow the coin
His wife an' babies need;
I've seen him tryin' hard to keep
A place beyond his speed.
An' then I've seen him all alone
His homeward journey mend,
Shamefaced and downcast, all because
He had upheld his end."

"The name 'good fellow' is all right,
But whoso'er I roam,
If I were you, young man, I'd try
To win that name at home.
My loved ones I would think of first;
Home is the place, my friend,
The only place that's worth the fight
Of holdin' up your end."

—Detroit Free Press.

SUFFERED 15 YEARS;
CURED IN ONE MONTH

Gin Pills Are Wonderful

If every woman, who has Kidney or Bladder Trouble, could go to Daviville, Ont., and talk with Mrs. A. Simpson they would do just as she did—take Gin Pills and cure themselves.

Mrs. Simpson grew enthusiastic over Gin Pills. Quite naturally, for she would be dragging a long and painful existence, instead of being the picture of health, had she not taken these pills.

"For 14 or 15 years I had Kidney and Bladder Trouble, suffering at times intense pain, and I received temporary relief, but nothing gave me permanent relief until I was persuaded to try Gin Pills."

Within a couple of days I received great relief, and after taking one box I was completely cured and now would not be without them. I can highly recommend them to all who suffer from any form of Kidney Trouble."

Mrs. A. SIMPSON.
We let you try Gin Pills before you buy. Write National Drug & Chemical Co., Dept. R. S. Toronto, and a free sample of Gin Pills will be sent you by return mail, 50c. a box, 6 for \$2.50, at all dealers.

Lawn Mowers

A well-kept lawn is a thing of beauty, but you cannot make a perfect lawn with a poor Mower.

The Mowers we sell are high-grade machines made by one of the oldest and best known Mower manufacturers in Canada, whose policy is to turn out strong, durable and light running machines, designed to lead anything of their class in the market.

PURCHASE OF TORONTO
PROPERTY BY C.P.R. IS
CONFIRMED BY PREMIER

Railway Company Paid \$800,000
For Government House Site—
Grand Trunk Was Outbid

Toronto, June 8.—Sir James Whitney confirms the report of the sale of the government house property for \$800,000. The Canadian Pacific Railway Company has purchased the entire block, and although no official announcement has been made, it is understood that the company will erect an office building and freight shed facing King street, and freight shed on the Wellington street front of the property.

"We have received three tenders for the purchase of the government house property," said the premier. The Grand Trunk tendered \$617,000. Two tenders were put in on behalf of the C. P. R., one for the property in two parcels, one provided in the advertisement, these being a strip fronting on King street, 120 feet deep, for which \$389,000 was offered, and for the remainder, facing on Wellington street, the sum of \$405,000 for the whole block, and the last tender has been accepted."

No restrictions have been placed on the company by the government. "Of course the city will be able to regulate the buildings which will be erected on the property," said Sir James.

The government still has to dispose of the present Central Prison site, as the site of the Queen street asylum, and judging from the price paid for the Government House site, the other two properties will sell for nearly two million dollars.

NEW POPPY AND
PRIMROSE, BURBANK'S
LATEST TRIUMPHS

San Francisco, June 8.—Luther Burbank of Santa Rosa announces the perfection of two flowers new to the world—a poppy and a white evening primrose.

"I have been working on them for several years," Mr. Burbank who is visiting here said. "The poppy is a combination of the shirley, the tulip poppy and a species found in the mountains of North Africa. It is larger and of a brighter hue than any of them and offers a combination of new shades. The primrose is white and five inches in diameter."

We're Pegging Away
DAY AND EVENINGS

We have no plate glass front, no steel ceilings, no high priced decorations, we can't afford it. Why, because we divide our profits with our customers.
