MONTREAL NEWS.

Settlement of Manitoba School Question—Sir Oliver Mowat for Judicial Committee of Privy Council.

Montreal, Oct. 3.-A Star cable from London says: The statement that the Right Hon. Joseph Chamberlain and Sir Richard Cartwright have come to an agreement on the fast mail service has been accepted here as evidence efficincy, for Mr. Chamberlain has always insisted most strongly on the necessity of this, if Canada was to take a place in imperial affairs to which her position entitles her. The remark of Hon. Mr. Dobell in his speech in the Canadian parliament on Sept. 16 that one of the heads of the Cunard line had assured nothing would tempt them to build another twenty-knot steamer is ridiculed oy the shipping people here, who recall the fact that the Campania and Lucania do twentytwo knots, while the White Star Co. have ordered a steamer of ever greater speed and tonnage, while the North German Lloyds are building three steamers with a guaranteed speed for two years of twenty-one knots. Hence a seventeen or eighteen knot service to Canada would be hopelessly behind the times before they could be put on berth as is the present service.

Montreal, Oct. 5.-Hon. Senator Bernier, who was in the city today, expresses the belief that a settlement of the Manitoba school question has been reached by the dominion and Manitoba governments, and that the terms are the same as offered by Hon. Mr. Greenway to the conservative delegation, which visited Winnipeg at the beginning of last session. This settlement, the senator says, consists in the government allowing the priest, the teacher, or any one else, to give religious instructions in the schools after the teaching day is over. But, added Senator Bernier, the trustees can grant this privilege and we do not have to thank Hon.

Mr. Greenway for it.

In conclusion, the Manitoba senator said it was a settlement that would never be accepted by the minority. He also expressed the belief that Rev. Abbe Proulx would never be able to bring about a pressure from the vatican upon the Canadian bishops to accept Premier Laurier's plan of set-

tlement.

There is a rumor here to the effect that Sir Oliver Mowat will be appointed Canadian judge, judicial committee privy council and as the imperial statute does not provide a salary, the Canadian government will vote \$10,000 per year.

Walter Colpitts, son of H. H. Colpitts of Moncton, took the prize of \$50 at McGill for excellence in manual work. His closest competitor is a son of Lieutenant Governor Kirkpatrick of Ontario. Walter was a student in the Moncton high school.

Stephen Schurman, late of the Truro Sun office, left last week for Wolfville, where he entered Acadia college to fit himself for the Baptist
