**Malcolm McKinnon Brings a Suit
Against McLaughlin Carriage
Co., and Others for False Arrest**

St. John will have a very interesting lawsuit next June, when Malcolm McKinnon, of P. E. Island, who was recently brought here on a criminal warrant and examined before Magistrate Ritchie on a charge of embezzlement, will proceed against the McLaughlin Carriage Company, J. W. V. Lawlor, local manager, and Daniel Mott, traveler, for damages for false arrest and malicious prosecution. Mr. McKinnon regards the proceedings taken against him by the McLaughlin Carriage Co. as absolutely unwarranted.

Dr. L. A. Curry, counsel for Mr. McKinnon, said this morning that the writs have been already issued, but have not yet been served, as the persons upon whom they are to be served reside at distant points. Those to be served are the representative of the McLaughlin Carriage Co. in P. E. Island, J. W. V. Lawlor, local manager here, and Daniel Mott, of Kings County, N. B. Damages to the extent of \$25,000 or more will be claimed. Dr. Curry has received no instructions to proceed against Magistrate Ritchie along with the others.

St. John is considered the most desir-
able place to conduct the suit, as the
McLaughlin Carriage Co. have some
valuable property and stock here,
which in the event of the suit going
against them for substantial
damages could readily be seized upon
in satisfaction.

Many of the witnesses will be
brought from P. E. Island.

WRECKED SAILORS MUTINY.

**Crew of Bark Ashore on the Florida
Coast Tormented by Two Armed
Mutineers.**

FERNANDINA, Fla., March 8.—The
Uruguayan bark Otamini, from Liver-
pool for this port, is at total wreck on
Annelia Beach. The vessel is listed to
port and bilged. Her rudder is gone
and she is deeply grounded. Two sailors
of the Otamini mutinied Sunday night
and were tied, but managed to get loose
Monday morning when the pilot
boarded the bark and found them in
possession of the forward part of the
deck, armed with knives. The captain
requested that officers be sent to take
them into custody and the Uruguayan
vice-consul swore out a warrant for
assault, under which they will be held
by the local officials until they can be
taken before a U. S. commissioner.

BIBLE SOCIETY ANNIVERSARY.
N. B. Auxiliary Celebrates 84th Birth-

Judge Forbes, secretary of the soci-
ety, read a report in which he showed
that the society had received \$1,500 in
contributions, of which \$1,500 was re-
mitted to the Bible Society in London. He
made a lengthy reference to the great
work of the parent society.

A resolution was passed extending
the congratulations of the meeting to
the parent society on the completion of
its century of work.

Another resolution was passed in
which the New Brunswick pledged it-
self to increased support of the British

tending the thanks of the meeting to

POLICE COURT.

**Some Hard Luck Stories and a
Case of Alleged Illegal Liquor
Selling Considered**

John Hughes, Thomas Humphrey,
Walter Jones, Andrew Murray and
William Roberts were before Police
Magistrate Ritchie this morning
charged with lying and luring about
the cattle sheds at Sand Point. They
were arrested last night by Officer
Gosline, and all told hard luck stories.
They are young men, 19 and 21 years
of age, and claim Scotland as their
native shore. One said he shipped as
an able bodied seaman, but that the
chief mate had taken his "book" away
from him and threatened to put him
ashore. He had appealed to the cap-
tain, and had been allowed to work
his passage out. Here his "book" was
returned to him and he had been given
a day and a half's work at one dollar
a day. The others said they joined
the Pretorian at Halifax and were
anxious to go to Montreal. Just as
they intended getting there they did
not know, but St. John was nearer
their destination than Halifax. The
fifth said he had been here two weeks
had worked his way out, did not have
a cent and had not earned a dollar
since he had landed. Asked as to
what he had been doing while here he
replied that all his time had been oc-
cupied looking for work.

Officer Gosline explained that all were
stowaways, and his honor warned them
that they were liable for six months in
jail. He kept them on the bench till
noon and then postponed the further
hearing of the case till two o'clock.
Two desolate drunks were sent to
jail in default of payment of the usual
penalty.

A charge of selling liquor during pro-
hibited hours against Mrs. Burns of
Brittain street, was dismissed. The
information was laid by the police on
the strength of a statement made by a
Mrs. John Dugan, to whose house
on Sheffield street the officers were
called at an early hour Sunday morn-
ing, in consequence of an assault com-
mitted by Alexander Howie on Du-
gan. Howie and Pete Britt were ejected
and later locked up charged with
drunkenness, to which was added an
assault in Howie's case.

Mrs. Dugan was put on the stand
and she testified that she had been
found on Britt's person when he was
arrested. She said Britt said he got the
liquor from Mrs. Burns. Britt denied
this, and said he purchased the two
bottles in another saloon previous to
seven o'clock Saturday night. He ad-
mitted going to Mrs. Burns' back door
shortly after twelve o'clock but said
he was denied admittance.

Daniel Mullin, E. C. appeared for
Mrs. Burns and demanded the imme-
diate dismissal of the case, and strong-
ly protested against the police being
permitted to make such charges
against respectable people, like his
client, on what he described as nothing
but groundless statements of irres-
ponsible persons.

Mr. Howie, who prosecuted, up-
held the officers and the magistrate
backed him up.

Howie was then charged with as-
saulting Dugan. Some evidence was
heard and the case was adjourned till
this afternoon.

HAUNTED BY HOBOES.

**West Side People Bothered by a
Gang of Stranded Cattlemen
Who are Beggars and Bums.**

A gang of about twenty-five stow-
aways, cattlemen and discharged sol-
diers are making the lives of the west
side housewives anything but pleas-
ant, to say nothing of the inconve-
nience they cause the shippers, steamer
officials and warehouse hands at Sand
Point. For some time past this ill as-
sorted crew of dissolute and unprin-
cipated characters have been plier-
ing wherever and whenever they get
an opportunity, even the smallest ar-
ticles of value.

From a small beginning the gang has
gradually increased to its present pro-
portions. If a man working in the
warehouses lays his coat over a stool
and sits down for a moment it sud-
denly disappears and the closest in-
quiry fails to disclose any information
on the subject.

The daily routine of the Weary Wil-
lies is breakfast any old time and any
old place; lunch, dinner and supper as
often as the long suffering West men
will hand it out. Between meals
Carleton family were disturbed by
a call from all they can get and then to bed.
If possible they bunk on the steamers,
if not, under hay in the cattle sheds or
in the warehouses.

The troublesome nature of the gang
is well illustrated by one incident
which was brought to the attention of
the Star this morning. While at break-
fast the other morning a certain well
known Carleton family were disturbed
by a call from a seedy looking chap,
who told a sorrowful tale and asked
for something to eat. It was readily
given him, along with considerable
sympathy. In less than an hour after-
wards there were demands from ten
others for a meal. Needless to say
they did not get it.

NEW BRITISH WEAPONS

**New Field and Horse Artillery
and New Style of Rifle A
for Army.**

LONDON, March 8.—Informally in-
troducing the army estimates for the
coming year in the House of Commons
yesterday, war secretary, Arnold Forster,
announced that a new field and
horse artillery gun had been adopted.
The secretary added that it would be
unavailable in Europe. It was hoped to
complete 108 field guns and 18 horse
artillery guns during the financial
year. Practically the whole of the
first year's supply of the new guns
would be sent to India, which was the
only possible place of contact with a
great European army and the place
where long ranges were common. The
gun would fire 181-2 and 121-2 pound
projectiles.

A new rifle was also in course of
manufacture, the secretary further
announced, and India would take 70,000
stands thereof the coming year.

ARBITRATION ACT.

**Board of Trade Propose a System
for New Brunswick Modelled
After New Zealand.**

The arbitration act committee of the
Board of Trade have under consid-
eration a measure modelled after the
New Zealand act. It provides for the
establishment of a court of arbitration
whose three members shall be appoint-
ed by the governor-in-council. The
president is to be a judge of the su-
preme court, and his associates to be
recommended respectively by the la-
bor unions and employers' unions. This
court is to try all industrial disputes
which may be brought before it by
either party to the dispute, and shall
have full jurisdiction with reference
to these matters. The award of the
court is to be binding both upon em-
ployers and laborers, and a breach of
the award is to be punished by a fine
of not more than \$2,000.

During the arbitration no strikes or
lockouts are to be allowed, under pen-
alty of a fine not exceeding \$250 for
each union, association, employer or
laborer violating this section. In
cases where technical questions are in-
volved, two experts, nominated respec-
tively by the employer and the work-
ers, will assist in the disposal of the
dispute.

In order to come under the jurisdic-
tion of this court, unions must be re-
gistered with a provincial registrar,
appointed by the government, which
registration makes the union a body
corporate, with power to hold property
and to sue or be sued in its own name.

NEW DRILL HALL SITE.

Militia Officer Presents Strong Ar-
gument Against Present Site.

St. John, N. B., March 7.
To the Editor of the Star:

Dear Sir—To a military man it is
very pleasing to see letters in the
papers condemning the "Barracks" as
being the proper place for the new
drill hall. If built there of what assist-
ance would it be to recruiting any
more than the present quarters? What
is required is the building in some cen-
tral locality where the friends and
relatives of the members can drop in
to see the boys and probably be en-
thused and don the king's uniform
themselves. Also the hall will not be
used for the regulation twelve days
drill only makes up of twenty-four
nights, but will be fitted up with mess
rooms, bowling alleys, etc., for use the
year round.

How much would the room be used if
at the "Barracks"? It wouldn't be a
case of a man strolling round town
and dropping in for a few minutes or longer,
he would practically have to have
the set purpose of going there and
would require considerable time at his
disposal and would be rather dis-
appointed if none of the boys were
there after going so far out of his way.
What would the membership of any
club be if built in that locality? (I use
the term club because the new drill
hall will really be one the better part
of the year.) The majority of citizens
do not know what drill work is to
recruit a good class of men and obtain
good parades at the present site. If
there were fully appreciated, I think
there would be a very strong move-
ment made by both press and public to
have the proposed building within easy
reach of the people at large as the vol-
unteer is a necessity and his conveni-
ence should be given every consideration.

Yours truly,

EX-LIEUTENANT.

EVERYBODY INVITED!
