MONCTON HUNTERS HAD EXCITING BEAR HUNT

Montreal Hockey Team Confident of Winning
—Scott Act Case Adjourned.

MONCTON, Feb. 15.—The Montreal hockey team which plays here on Wednesday night, passed through this morning on the Maritime express. Manager Davidson who accompanied the team was rather elated regarding the pending game with the Maritime champions and although expecting to win this evening from Halifax, the Crescenta does not feel so sure of Wednesday night's game. He says that his team will be in better condition on Wednesday than tonight. Their line up is as follows:
Goal—Finnis.

Two Montonians, Stewart Trites and his son, Wyman, had a rather exciting experience while bear hunting in the Canaan woods. The hunt had started in haste, the son being armed with a rifle. The son came first upon the bears, a mother and three cubs and once opened fire with his revolver. A slight wound was inflicted on the mother bear and she ran, leaving the cubs to fight their own battle. One cub was shot and the others escaped. For a long distance the old bear was pursued and finally shot down.

LEFT LOAD OF LUMBER ON RAILWAY CROSSING

Express Train Bumped It Doing Some Damage—Engineer Sought Safety in Snow Bank.

NORTH BAY, Feb. 15.—A pile of lumber which was left on the tracks of the North Bay and Chatham railway resulted in the death of a brakeman, name unknown. The C. P. R. Express, westbound, struck a sleigh load of logs near Vernes, demolishing the vehicle and smashing the pilot of the engine. The engineer applied the emergency brakes and jumped, landing in safety in a snow bank, but the engine kept the rails and no serious damage resulted. A farmer driving across with the logs became stalled on the crossing and unhitched his horses, trying them to a fence, but neglected to make any attempt to flag the train.

At Springhill Saturday Rev. Canon Montgomery's parishioners headed by the church warden and vestry of St. Peter's, presented him with an address recounting the splendid service he has rendered the parish during his rectorship, extending over twenty-five years, and expressing regret at his approaching departure. KIAMIL PASHA DOWN AND OUT

Chamber Asks for New President

Reason for Action

Refusal to Explain Shake-up in the Turkish Ministry

CONSTANTINOPLE, Feb. 13.—After an exciting sitting of six hours today the chamber of deputies passed a vote of want of confidence in the grand vizier, Kiamil Pasha, by 118 to 8. The chamber also directed the president to communicate to the sultan a resolution requesting him to appoint a prime minister possessing the confidence of the House.
As a consequence of the chamber's action the grand vizier has handed in his seals as an officer of the sultan. The vote was the result of Kiamil Pasha's ministerial changes. In a communication to the chamber announcing his resignation, the grand vizier stated that his action was because of the persistent hostility shown by the chamber, despite his written explanations. His absence, he said, and the responsibilities for the consequences must rest with those who created the present situation.

Following the victory of the Young Turks, which resulted in the establishment of the government on a constitutional basis last August, Kiamil Pasha became grand vizier for the third time. During his career he has struggled for a constitutional regime, and has been successful in his efforts. There has been much disaffection among the members of the cabinet ever since their appointment, and a crisis was brought about a few days ago by the sudden removal by the sultan of the grand vizier, and the appointment of a new one. It is understood that these changes were due to the discovery of a plot against the sultan, while other reports attributed the ousting of these two ministers to the fight between the two rival parties, the committee of union and progress and the Liberal Union.

Its "Bilby" Possums Now

Taft Gets Two

Presented to Him on His Way Home From Panama

LUMBERTON, Miss., Feb. 13.—The desire to get a glimpse of Judge Taft was manifested all along the route from New Orleans, and crowds gathered around the rear end of the train at every stop, which included Sibley, Louisiana, Picayune and Poplarville.
The town was the first of the scheduled stops. Mrs. Taft appeared with the President-elect and was also accompanied by Governor Noel of Mississippi and Lieut. Governor Gray of Alabama were on the train and participated in the entertainment of the crowds. Mr. Taft's remarks were decidedly brief and of a congratulatory character.
Two "Bilby" possums, in a wooden crate, were presented to Mr. Taft at Lumberton. The possums will be added to the growing collection of animals and fowls which have been coming to Mr. Taft since election. All of these have been turned over to the niece of the President-elect, Miss Louise Taft of Cincinnati. The zoological garden has been made richer by a lively and large American eagle from Oklahoma and a number of sheep. A big rooster and hen, especially domesticated and tamed, have been retained at the C. P. Taft homestead as pets.

QUEBEC CHURCH WAS TOTALLY DESTROYED

Loss \$40,000—Fire Threatened to Sweep the Whole Village.

BEDFORD, Que., Feb. 15.—Fire destroyed property worth \$40,000 last night. The fire originated in St. Damien's Roman Catholic Church, which was built in 1868 and reconstructed in 1888. Only a few statues and other church ornaments were saved. The loss is about \$40,000, insurance \$7,000, church debt \$7,000. The Catholic Order of Foresters hall nearby, was damaged to the extent of \$250 and the hall in which the St. Josephs Society held its meeting suffered about \$300 loss. For a time the fire threatened to wipe out the whole town.

EVIDENCE HEARD ABOUT THAT DRUNKEN QUARREL

Sailors, Filled Up On Gillespie's Liquor, Tell What They Don't Know About the Stabbing

Witness and Sabersstrom were fighting and it could not have been Sabersstrom who did the stabbing. Witness could not remember if he started the fight as he was drunk.

In answer to Sabersstrom, witness said he had been drinking all day but was not drunk. Gillespie was very drunk and in the afternoon witness called Sabersstrom to help put him in the bunk. There were six of them in the fight.

Hans Carlson gave evidence that he was on board the Norembega when the fight broke out. He saw Sabersstrom and Johnson fighting. Sabersstrom was on the deck and Johnson was on the galley. Sabersstrom struck Johnson on the face. The galley door was then closed and Sabersstrom was allowed to go with the defendants with a knife. Sabersstrom and Johnson were fighting Gillespie.

In answer to Sabersstrom witness said that Sabersstrom was not the one who did the stabbing as it was the time of the chief executive. Leaving Washington on a special train on the Pennsylvania railroad at noon last Thursday, Louisville, Ky., was reached at 8:30 Friday morning, and from that point the run of about twenty-five miles to Hopkinsville was made by noon of that day. The Lincoln farm, three miles distance in the country, was reached by carriages, and after the exercises the party immediately returned to the special train, and within less than four hours was on its way back to Washington.

The prisoners were remanded until tomorrow.
The captain of the Wm. L. Atkins was in court and gave his sailors, especially Sabersstrom, good characters. Sabersstrom was allowed to go with the captain. The captain said that the men on the Norembega yesterday stated that Sabersstrom had nothing to do with the cutting, but it might have been one of the others.

The victors went on board their own vessel, but one came back and wanted to fight. The forecastle doors were closed to prevent trouble. Gillespie stayed on board until Sunday morning, and when he woke he complained that there was something wrong with his back. Witness made an examination and found one large stab wound and three or four small ones. The policeman came along and an examination was made and the injured man was taken to his home on Charlotte street.

The captain of the Wm. L. Atkins was in court and gave his sailors, especially Sabersstrom, good characters. Sabersstrom was allowed to go with the captain. The captain said that the men on the Norembega yesterday stated that Sabersstrom had nothing to do with the cutting, but it might have been one of the others.

INDIAN TROUBLES IN CONGRESS, TOO

Member From Kentucky Criticizes Administration of Indian Department

BILL PENDING

WASHINGTON, Feb. 13.—A variety of subjects was discussed in the House of Representatives today. The Indian appropriation bill was under consideration, but many members availed themselves of the opportunity for general debate. Mr. Lamar argued for an amendment of railroad rate law. Mr. Madden (Illinois) referred to an adjustment of postal rates as affecting merchandise sent through the mails.

The Indian bill was pending when the house adjourned until tomorrow, which was set apart for eulogies of deceased members.

RUSSIA CHARGED WITH BREAKING TREATY TERMS

If Charge is True England and United States Will Act

THE OPEN DOOR

LONDON, Feb. 13.—Russian municipal administration of Harbin, which China alleges constitutes the establishment of Russian territorial jurisdiction in violation of the Portsmouth treaty, is again receiving attention from the British foreign office. The Chinese Minister has made representations to Sir Edward Grey, secretary of state for foreign affairs, on this subject, but Great Britain, being without a consul at Harbin, has been unable to establish the facts. However, if they are found to be as China alleges, foreign office officials state that Great Britain and the United States will act together to represent to Russia the necessity of observing treaty obligations. It is understood that F. D. Fisher, the American consul at Harbin, has expressed dissatisfaction over the attitude of Russia, which Great Britain and the United States had hoped would be changed after the representations of last year.

TOOK FIFTY HOURS OF PRESIDENT'S TIME

Roosevelt Back at White House After Trip to Kentucky

SPOKE 20 MINUTES

WASHINGTON, Feb. 13.—After a railroad journey of 800 miles in one direction, which was taken for the purpose of making a twenty minute speech at the laying of the cornerstone for a memorial building on the site of the birthplace of Abraham Lincoln, in Larus County, Ky., President Roosevelt returned to Washington today at 2 o'clock this afternoon, with his wife and daughter, who made the trip with him. They proceeded immediately to the White House, where the president promptly resumed his official duties. The trip consumed fifty hours of the time of the chief executive. Leaving Washington on a special train on the Pennsylvania railroad at noon last Thursday, Louisville, Ky., was reached at 8:30 Friday morning, and from that point the run of about twenty-five miles to Hopkinsville was made by noon of that day. The Lincoln farm, three miles distance in the country, was reached by carriages, and after the exercises the party immediately returned to the special train, and within less than four hours was on its way back to Washington.

LOT TO BE DONE IN A FEW DAYS

U. S. Senate Will Have to Hustle in Order to Get Through

WASHINGTON, Feb. 13.—The ominous figure thirteen dominates in the status of the regular general appropriation bills in the congress today. Thirteen of these big supply bills are regularly enacted at each session, and today, the thirteenth of the month, there are eleven of the measures to be passed by the senate in the thirteen days of this congress remaining on which they can be considered and enacted into law. Of the bills seven have not been acted on by the house of representatives. While fifteen legislative days remain, not including the fourth of March, when congress must adjourn at noon, one of the days must be devoted to eulogies and another to the passage of the bill providing for the re-enlistment of soldiers of the 26th Infantry who were discharged with having shot up Brownville.

The friends of the postal savings bank bill have not given up their efforts to pass it, and considerable time in the senate will be consumed in discussing this measure. Two or three treaties also are being pressed for ratification and considerable time must be given over legislative sessions.

This situation that faces the senate, where unlimited debate is one of the cherished rights of that body, makes necessary a spirit of harmony and cooperation if the great supply bills are disposed of practically at the rate of one a day.

ARRESTS CAUSE BIG SENSATIONS

Mayor and Others Committed Depredations at the Polls

NEW ORLEANS, Feb. 13.—A sensational scene was created in the United States circuit court when a grand jury returned indictments against the mayor and others for depredations at the polls.

The indicted men are Mayor Paul Felix, Dave Meyer, John T. Fitzgerald, Moxie Wildenstien and Frank Hall. The indictments grew out of the cutting off of the whistles of E. A. O'Brien, a prominent attorney of New Orleans, at the Kennera polls at the last election. Mr. O'Brien went to the polls to give legal advice to several clients. As he approached the booth he was seized and his flowing whiskers which had a wide reputation for their luxuriance, were summarily clipped.

A diplomat, well versed in the far eastern situation, said today: "While the effort of Russia to impose taxes on the Chinese at Harbin would be to be small money, it really affects the whole question of the open door in Manchuria, for if the Russian ownership of the North Manchurian railways confers the rights of territorial authority the same will apply in the south where the Japanese are supreme and China's authority thus would become merely nominal."
