

HYMN ON THE TRINITY.  
Who made the world, the air above,  
The earth beneath, so bright and fair,  
Sun, moon, and stars, whose light we love,  
And flowers smiling every where,  
God the Father, One in Three,  
Ever-blessed Trinity,  
Glory for ever be to Thee.

Who left his home above the sky,  
To see, on earth in grief and pain,  
How God would have us live and die,  
Left us his holy word to tell,  
God the Son, One in Three,  
Ever-blessed Trinity,  
Glory for ever be to Thee.

Who made us and each living thing,  
And gave us power to think and feel,  
A heart to know a voice to hear,  
The goodness that his word reveals,  
God the Father, One in Three,  
Ever-blessed Trinity,  
Glory for ever be to Thee.

Who on the cross for sinners died,  
That we the Father's love might see,  
And now the Father's throne beside,  
For us, both intercession make,  
God the Son, One in Three,  
Ever-blessed Trinity,  
Glory for ever be to Thee.

Who will help us when we pray,  
For Jesus' sake to be forgiven,  
And guide us in that holy way,  
Which leads to happiness and heaven,  
God the Spirit, One in Three,  
Ever-blessed Trinity,  
Glory for ever be to Thee.

Glorious be the Father,  
God the Father, God the Son,  
God the Spirit, ever be,  
God the Trinity!

**Important to the Public.**  
**Horse and Cattle Medicines.**  
Don't permit your Horses or Cattle to die, when  
the means of cure are within the reach of all.  
The undersigned has spent several years in the  
study of Veterinary practice in London and Edin-  
burgh; he has also examined himself of the resources  
of Latin, and other celebrated men, who have  
contributed so much towards a judicious treatment  
of animals; the principles of a judicious treatment  
of the various general bleedings, &c. and the total  
rejection of all medicines that experience has shown  
to be of a dangerous tendency. These remedies  
are in harmony with the vital principle, and when  
applied according to the directions which accompany  
each article they are capable of exciting and im-  
proving the natural functions, without diminishing  
or destroying their power, hence are safe in the  
hands of every one.
