

SOCIAL AND PERSONAL.

(Continued from Fifth Page.)

Looking commander, Capt. Pratt, was welcomed by his many friends about town. Mr. C. F. Eaton, of Milltown left last week for Palatka, Florida. Mr. and Mrs. Chas. Young, who have spent the summer in Calais, have returned and settled in the Todd homestead, which has been remodelled as to make a new and handsome residence. Mr. and Mrs. F. S. Morrissey, of St. John, have been in town for some days past. Messrs. Chas. D. Cory and E. W. Butcher are at present in town on business connected with the late fire at Ganong Bros.

THE SHIRE TOWN OF KENT.

RECHIBUCTO, Nov. 28.—Miss Janie McMinn will, in a few days, leave Richibucto for Moncton, where she intends to reside. Miss McMinn is one of our most gifted and popular young ladies, and her departure will be deeply regretted by all. She was always ready to assist in any good work, and the success and popularity which attended many public gatherings was due to her skillful management and the example she set by her untiring zeal. In our social circle she will be greatly missed. For a number of years Miss McMinn had charge of the Presbyterian and Methodist choirs, and in appreciation of her valuable services, and as a token of their esteem and respect, Richibucto division, of which she was a member, and the members of the Presbyterian congregation each presented her with an address and purse containing a sum of money. Mr. George V. McInerney, senior member of the firm of McInerney & Carter, has gone to Memramook. Mr. John C. Brown, manager of the K. N. R., is visiting St. John. Mr. Bertram Booth is visiting his brother, Percival Booth. Miss Carter, sister of W. D. Carter, is seriously ill at her home in Buctouche. Mr. E. E. Phair, superintendent of the K. N. R., has gone to St. John. Mr. John Graham returned home this week from Newfoundland, where he has been engaged during the past fishing season. Mr. Thomas McNeil has also returned from the land of the cod, looking well. It is evident the climate agrees with our boys. I noticed Mr. James P. Caie, of Kouchibouguac, in town this week. Mr. John N. Black was in town this week. It is said that Mr. Black, encouraged by his popularity at a late parochial election, will in the near future seek to gratify his ambition in the larger field of dominion politics. LELIA.

CHATHAM BRIEFS.

CHATHAM, Nov. 28.—Mrs. Sutherland, who has been the guest of Dr. and Mrs. Street, returned home last Wednesday, accompanied by her daughter and Miss Frances Blair, who intends spending the winter with her. Miss Sutherland has made many sincere friends during her short stay more especially among the young gentlemen, with whom she was a special favorite. It is whispered that she intends paying us a visit next summer, which we all sincerely trust will be the case. Mr. A. N. McKay paid a visit to the northwest bridge last week, and reports everything satisfactory. The departure of Mr. D. S. Johnston and family for Charlottetown—Mr. Johnston having accepted a lucrative position with the Charlottetown Flour and Milling company—is much regretted. ROMEO.

There was a very pleasant party at the residence of Mr. I. D. B. McKenzie last night, about 50 couples being present. Dancing was kept up till the small hours. By the kindness of the manager of the Electric Light company the residence and grounds were beautifully illuminated by the new incandescent light. There was another one of those enjoyable receptions at the residence of Mr. John McLaughlin, last Friday evening. There is to be a St. Andrew's supper Friday night, oysters, beans and haggis being the bill of fare. Mr. A. D. Smith has the managemnt of the supper and that is sufficient to guarantee a good time. Rev. Mr. Stewart of Carleton, St. John, preached to an immense congregation in St. Andrews, Sunday. His chance for the pastorate is considered excellent. It is rumored that Mr. Davidson of the Bank of Montreal has purchased the mill and premises of Mr. A. Morrison and intends to carry on an extensive lumber business. Mr. Wm. McLeod is in town today. ROYAL.

CALAIS CHAT.

CALAIS, Me., Nov. 27.—The Card club met at Miss Washburn's, Thursday evening. Progressive euchre and dancing were enjoyed until a late hour. The prizes were won by Misses Foster and Kelley, and Messrs. Pike and Washburn. The club will meet with Mrs. Frank Woods, next Wednesday. Miss McNichol entertained a few of her friends at whist, Tuesday evening. Dr. and Mrs. Osburn will spend Thanksgiving with relatives in Calais—at Woodlawn. Mrs. Henry Eaton is in Boston. Miss Harvey is visiting friends in Hyde Park. Some of the young people meet every Wednesday afternoon to do fancy work for Christmas. The society, which is known as "The Bee," will meet at Mrs. Lee's Wednesday. Mr. Allan Haycock, the well known tenor, will accept a position next season with the Bostonians under the direction of Tom Karl. The Dramatic club is rehearsing a play which will soon be presented to the public. The "C" supper given at the Unitarian vestry was very successful. On the menu, which was originated by some of the young ladies, the name of everything edible began with "C." The offer of a popular St. Stephen's man to come over as a "chestnut," however, was declined. Mrs. Albert Sawyer is visiting in New York. Miss Virginia McFadden, who has been the guest of Mrs. Albion Eaton, last week, has returned to Lubec.

THERE'S MONEY IN BALL.

AND THE C. AND A. CLUB HAS GOT SOME OF IT.

Reports of the Committee on Management and the Treasurer, Submitted Last Evening, Show That the Club is in Fine Condition and Has Brilliant Prospects. At the fifth semi-annual meeting of the St. John Cricket and Athletic club, last evening, the committee of management reported as follows: The season of 1888 has been the most successful one the club has yet experienced. Our membership, which two years ago numbered but 75, and last year 180, has this present year advanced to 240. Our finances, as you will see by the treasurer's statement, are in a fairly satisfactory condition. Notwithstanding the fact that large sums have been laid out in improving and enlarging the grounds, making bicycle track, etc., the amount expended in the purchase of playing material was also large, and is in the vicinity of \$500. A new grand stand was erected on the grounds in the early part of the season by a joint stock company, composed of gentlemen warmly interested in the future prosperity of the club. They agreed to sell the stand to the club at any time for the amount of its original cost, which was in the vicinity of \$500. It has since been purchased by us, and promises to become a large source of revenue to the club in the future. The cricket matches played during the season have not been numerous, but the bowling averages and total scores made in the foreign matches played, show considerable improvement over those of last season. The failure of the Irish cricketers to keep faith with us was, of course, a serious drawback to the season's success. The committee also regret that more of our players did not turn up for coaching from the club's professional. The total number of foreign matches played during the season was five, of which number we won three and lost two. Mr. H. H. Harvey won the handsome cup presented by the Hon. David McLellan for the best batting average. The base ball season has been a great success, and the club has every reason to feel proud of the team's record. The games played on our own grounds have been attended by thousands of people, and the gate receipts from the same have been large, but the expenditure, mainly on account of the expense of bringing teams from a distance, is correspondingly large, as shown you in the treasurer's statement. Through the generous financial assistance of a number of gentlemen, your committee was enabled to secure a coacher for the team in the person of Mr. A. P. Wagg, of Colby university, Maine. He proved himself to be the right man in the right place, and gave excellent satisfaction. The number of matches played during the season was 32, of which number we won 20 and lost 12. The completion of a bicycle track brought about 25 new members into the club, and, with the advantage of a good track, our wheelmen have rapidly improved in form. Mr. T. Hall stands at the head of our wheelmen in races won. He defeated Mr. Patton, the champion rider of Maine, at two miles, in the fast time of 3.34 1/2, and was only half a second behind the same gentleman at one mile, in 3.07. These contests were two of the leading attractions at our annual sports. The lawn tennis courts of the club have been well patronized by the members and their lady friends during the season. But, as yet, we have, with one or two exceptions, no really good players to represent the club in provincial tournaments. Association football is rapidly growing in popularity with our members, and the form shown by our players in foreign matches is a great improvement over that of last year. The total number of matches played was four, of which number we won two, two were drawn and none were lost. It is in general athletics that the club has made its greatest gains during the year and now numbers among its members nearly all the leading amateur athletes to be found in the province. Our annual sports were a greater success than ever before, and promise to grow in popularity with each succeeding year. Mr. Charles O'Reilly went to Halifax as the club's representative to the Maritime association athletic sports. Our confidence in him was not misplaced, as he returned to St. John the winner of the handsome Brown medal, offered as first prize in the half-mile run. Mr. Frank White, who has proved himself to be the fastest amateur sprinter in the province, was also requested to go to Halifax to represent the club in the short distance races, but could not arrange to do so. In conclusion, your committee would make the following recommendations for the coming year: 1st. That the grand stand be enlarged to about double its present seating capacity, and a free stand be erected on the other part of the grounds for the accommodation of our patrons who cannot afford the extra expense of a seat on the grand stand. 2nd. That the club should bear at least one-third of the expense incurred in securing a professional cricketer for next season, who will be expected to be on hand at all times to superintend and assist, if necessary, in the general work of the grounds. 3rd. That it is desirable that we should join the Maritime Amateur Athletic association, and try and arrange, if possible, for the holding of its annual sports in St. John next year. 4th. We would recommend that the annual subscription be raised to \$6 per year, as the club at present is too largely dependent on gate receipts to meet its ordinary running expenses. The treasurer, Mr. C. E. Macmichael, submitted the financial statement for the season of 1888, as follows:

Table with columns for Receipts and Expenditures. Receipts include Balance on hand, Cash in treasurer's hands, Savings bank deposit, etc. Expenditures include Rents and Water Rates, Agricultural society, Gilbert est. expenses, etc.

WOODSTOCK WHISPERINGS.

WOODSTOCK, Nov. 28.—Notwithstanding the inclement state of the weather, Monday evening the parlor concert at the residence of Mrs. Munroe was fairly well attended. A cheery welcome greeted each and the evening passed most pleasantly. A good programme was arranged and well rendered. The soloists were Misses Maud Henderson and Jessie Munro, and Messrs. J. C. Harely, Harry Smith and Dr. Hand. The violin was deftly manipulated by Misses Millie and Jennie Baird and Mr. N. Lockwood. A very enjoyable feature of the programme was a humorous Scotch reading by Rev. Mr. Baird. Mr. W. O. Cluff and Mrs. Cluff, Aitkin, Minn., are on a visit to their friends here, and are the guests of Mr. Nelson Cluff, proprietor of the Exchange hotel. Judge King was the guest of Mr. James T. Smith, Woodbank, this week. Frank Gregory, Frank Risteen, George Allan, James Vanwart and Mr. L. W. Johnson, of Fredericton, are in town this week. Miss Mary M. Allan, who has been visiting in Charlottetown, P. E. I., for the last two months, returned home last week. She was warmly welcomed by her many young friends. Miss Winslow is visiting in St. John at present. Mrs. Dr. Morse, who has been visiting in New York for some weeks, has returned. Dr. H. M. Jewett, Caribou, Me., made a flying visit here last week. Inspector H. V. Bridges is in town this week. Mr. Robert Ferguson of St. John is spending a few weeks here. Mr. E. R. Machum was in town last week.

IN THE FRONT RANK.

The St. John, N. B., "Progress" stands in the front rank of Canadian weeklies. There is about it a good, healthy atmosphere which is inspiring. It looks steadily on the bright side of things, and its readers are the better for perusing it. Its news and sketches and social gossip are served up in a racy, piquant style, its editorials are short and sensible, and the printed page is a model of typographical excellence. It is a new comer, non-political and with apparently good staying powers.—Toronto Empire

They Must Be New Efforts.

Quite a remarkable thing about the Portland lecture course is the number of "subjects to be announced." Experience has taught the people that a last winter's paper is often convenient for this year. But one conclusion, however, can be drawn from the above quotation—the lectures must be new. This being premised, the course should be worthy of the people's patronage. Umbrellas repaired, 249 Union street. A Start in Business. Mr. T. T. Lantulum has some interesting information for his friends and the public this week. He has procured an auctioneer's license and with convenient warehouses on Market square and attractive stock, he invites attention and inspection. May be succeeded. Success Should Be His. Mr. A. P. Barnhill, attorney-at-law, has just no time in presenting his shingle to the public. He is right. He will "get there" the sooner. Industry and ability such as Barnhill possesses ought to bring success to any one.

Table with columns for Receipts and Expenditures. Receipts include Balance on hand, Cash in treasurer's hands, Savings bank deposit, etc. Expenditures include Rents and Water Rates, Agricultural society, Gilbert est. expenses, etc.

OUR BOYS IN NEW YORK.

(Continued from Fifth Page.)

not dance, will unquestionably result in young ladies refusing to run any risks by dancing. Those who know Mrs. Chamberlain will not believe it, but nevertheless they will take no chances in the matter. The present great sport in town is the six-days' walk. To forecast the result would simply be insanity in a mild form. The great unknown quantity which enters into the other uncertainties is the stomach of the men. Today they all look in good form, but their springy gait and jaunty air will soon be gone, and on Friday morning they will be hideous sights, staggering about the track half asleep, with bloodshot eyes and tongues protruding and aches in every joint. At the start of the race Littlewood was decidedly the favorite, but Littlewood can never either walk or run Herty, barring an unexpected accident. Moore, the Philadelphian, is favorably noted. He is too big. Two hundred pounds of flesh will be too heavy a burden for his legs by Friday next. Frank Hart is beyond doubt the neatest and spryest man on the track. Some folk friends gave him too much stimulant on Tuesday morning, and he created quite a circus for a while. Frank stutters badly and, with his eyes rolling in frenzy from the effects of some west side whiskey, he delivered several speeches on his way around the track. That he is able at all to continue is the wonder of the judges. Mason and Cartwright are both jogging along. The latter is a beautiful runner, but he has no heart. Poor old Hughes has again succumbed to his rheumatism. Dan Herty is running on a schedule which, if kept up, will break the record made by Jimmie Alberts last February. He is a big strong fellow, who plods along at one gait. Geo. McDonald, who trained Sullivan for his fight with Mitchell in England, is looking after him. I like him to be either first or second. CLARE.
