SMART CAPTURE OF SUSPECTED THIEVES ON ROTHESAY ROAD

Two Men Arrested Yesterday Afternoon Charged With Stealing Articles From Tent At Drury Cove.

In possession of an equipment almost sufficient for a polar journey, and all alleged to have been stolen, James Hogan, aged twenty-two, and Thomas Preece, aged thirty, were arrested on Marsh Road near Rotheday last evening by Detective Killen and Policeman Gosline, and charged with breaking, entering and stealing from a tent at Drury Cove. Four local young men, LeRoy H. Sandall, Eldon Merritt, Archer P. Manks, and Lester H. Smith, were camping out at Drury Cove for the summer, living in a canvas tent. On the 22nd they had been absent from the tent and returned to find the following articles missing: One pair of lace boots, one quilt, suit case, rifle, looking glass, pepper duster, soft felt hat, bootbrush, two pairs of trousers, coat, tin cup, two bathing suits, sweater, one raincoat, and a blanket. Suspicion at once fell upon two strangers who had been loitering in the neighborhood and efforts were made to locate their place of abode. It was soon discovered that Hogan and Preece, for as such they gave their names, were living out in that direction and the young men, the victims of the theft, procured a rig yesterday afternoon and one of their number with Detective Killen and Policeman Gosline drove out the Marsh Road.

Found Their Hiding Place.

The officers were in possession of information as to the hiding place of the men under suspicion, and little time was lost in locating them near their hiding place. A quantity of goods were found and some of these were identified as those stolen from the tent. A double-barrelled shotgun was among the articles found, but the prisoners made no attempt to use the weapon. They were brought to the city and will be arraigned in the police court at 10 o'clock this morning. They are charged with stealing the articles missing from the camp. Though the hiding place of both prisoners is given as Ireland, they say they came here a short time ago from Boston. The list of articles found in the possession of the two men arrested, was as follows: Cotton jacket, hatched, two dress suit cases, blanket, raincoat, rubber blanket, large knife and double-barrelled shotgun.

WOMAN FOUND IN DRUNKEN STUPOR NEAR I.C.R. TRACKS

Boy With Her Threatens Suicide In Courtenay Bay—Was Former Resident Of Blood Alley.

The loud cries of a child threatening in sobbing tones that he would commit suicide by jumping from the wharf in Courtenay Bay attracted the attention of a resident of King street east late Saturday night and resulted in the boy, Richard Spiers, aged 11, and his mother, Mrs. Rachael Corbin, aged 45, being saved from a night of exposure in the open air. The police were asked to investigate and found Mrs. Corbin lying drunk on the I. C. R. track, and the little boy, barefooted and insufficiently protected against the rain. The woman was placed under arrest and carted to the central police station and the boy was also taken in for protection. Mrs. Corbin is a colored woman who lived in one of the houses recently destroyed in Blood Alley. Since the destruction of the house she has spent most of her time at Coldbrook with her eldest son. She was in the city on Saturday, however, and, invested in a great deal for liquor than was good for her. After 9 o'clock Saturday evening she wandered down King street east and prepared to make herself comfortable for the night. She took off the boy's shoes and he commenced crying and jumping over the wharf. The report to the police followed and Policeman Scott was soon on hand. The woman had lost one of her new purchases and she was found yesterday on the railway track. What would have become of the intoxicated mother and the neglected child had they been allowed to remain out all night is not a pleasant matter to conjecture.

HOW TO HOUSE THE PEOPLE A PROBLEM NOW IN VANCOUVER

Mr. Kyle Visiting Here Speaks Of Conditions On The Coast—Japs Solve Servant Girl Question.

Mr. and Mrs. Lorne Kyle, of Vancouver, who have been the guests of Rev. Dr. Wilson at the 289 Rockland Road, for the last few days, will leave for home this morning via Boston, New York, Chicago, and Montreal. Mr. Kyle is the son of Mr. John Kyle, formerly of Gibson, but now of Vancouver, who removed to the Pacific coast some four or five years ago. He is in the real estate business and speaks of conditions in Vancouver. Mr. Kyle said the population was rapidly growing and was now about 100,000 and how to house the people was a problem hard to solve. To meet the growing needs sidewalks were being laid along the roads six miles outside the city and lots were being laid out and sold at reasonable rates to induce settlement. In proof that the people have faith in the future of this unoccupied section Mr. Kyle sold a lot for a Methodist church four and a half miles out, only a few days before he left home. He spoke of several new industries that were just being started and said he considered the outlook quite encouraging.

Schools For The Orientals.

He also referred to the mission schools for the Japanese and Chinese residents of whom there are a large number. The servant girl question is solved by the employment of the Orientals, the Japs being the race most in demand. In this connection Mr. Kyle said that while parties exist there as here they are one of the questions of Oriental immigration. One of the principal mercantile houses in Vancouver is owned by Mr. David Spencer, whose home and headquarters is in Victoria where he carries on an immense business. Mr. Spencer, this city, is a nephew of the British Columbian merchant prince. While Mr. Kyle is no extravagant talker, it was evident he considered there was no place to compare with "the coast."

INCOMES EXEMPTED ARE BACKWARD IN PAYING POLL TAX

Reduction Given Has Not Brought Any Results—Annual Rush At Chamberlain's Office Has Begun.

Notwithstanding the fact that 3500 taxpayers under the legislation passed at the last session have had their taxes reduced from \$7.58 to a poll tax of \$5, the records at the chamberlain's office show that there is no increase in the number who have paid to date over the corresponding period last year. Only a week remains in which the 5 per cent. discount allowed and the indications are that the general payments will equal those of 1908. On Friday last week the sum of \$15,000 was paid in and \$9,000 on Saturday before closing time at 1 o'clock. The setting of Tuesday as dog day in the police court has resulted in great inconvenience to the clerks in the chamberlain's office. There has been a rush for licenses at the last moment and this has interfered with the work of receiving the taxes and handing out receipts.

WATERBURY & RISING 'SPECIAL' --For Men--

An ambitious young woman wrote short tales for the magazines, while she made pickles for the household. Most of the stories came back to her. The pickles were eaten. Very soon the corner grocer gave her an order for her pickles, the quality of which began to be discussed by the neighbors. She wrote more stories—and made more pickles. The stories kept coming back. After a while a travelling representative of a wholesale firm heard of the famous pickles and wrote to his employer. The young woman received from them a standing order so large that to fill it required the erection of a small factory. She built the factory, quadrupled in size, ships its products to the four quarters of the globe, and is rapidly once so admired, as given way to specializing. We believe in it. That's why we talk so much about the Waterbury & Rising "Special." It started in some years ago to place upon the market a line of men's fine shoes made up in America, under our own name and guarantee. How well we have succeeded is evidenced by the fact that today the Waterbury & Rising "Special" is worn and sought after by men in all sections of the Province.
