AROUND THE CITY

DIVERS RETURN
Fred Doyle and son, local divers, have returned from Dipper Harbor, where they have been working on weir bottoms and putting ledges out.

NO BRITAIN CARS
On account of the city paving work on Prince William street, there will be no street cars run on Britain street for the next four or five days. All cars will proceed along St. James street.

MAP WANTED
The board of trade of Bangor has written the secretary of the St. John board of trade asking for a map of the city and offering to exchange one of Bangor. The request has been complied with.

IS RECOVERING
Friends of Henry McEachron will learn he is recovering from injuries received during a game of ball last Wednesday. He received several stitches in his knee cap. While recovering slowly, he will be unable to leave the house for a couple of weeks.

EARLY MORNING BLAZE
The fire department was called out about 4 o'clock on Sunday morning to extinguish a small fire in the York Bakery on Broad street. It is said that the fire started in some flour bags that were placed too near the oven. The fire was quickly extinguished, little damage being done.

PLENTY OF HAKE
It is reported that the good run of sardine herring down the bay has slackened off considerably. While the run was good the fishermen were receiving five dollars per hoghead. At the present time there is a large run of hake, and the weirs are being filled with these fish.

A GENTLE HINT
Last evening a citizen remarked that as many thousands of people would journey to the exhibition next week along Sydney street, that it would be a good idea to make some repairs to the sidewalk along that street from Queen clear down to the buildings, as he stated the walks were in rather bad condition.

VITAL STATISTICS

The deaths reported by the Board of Health for the week ending August 28, numbered 9, as follows:

Mammas	1

REGULAR FAIR VALE SUNDAY SERVICE

Large Attendance Yesterday Afternoon Listened Attentively to Sermon Preached by Rev. J. A. MacKeigan of St. Davids.

The regular Sunday afternoon service was held yesterday in the hall at Fair Vale. Rev. J. A. MacKeigan, of St. David's church, who so kindly came to Fair Vale, preached, and prior to the sermon stated that it certainly was a pleasure to address such a large congregation as that which was assembled in this hall today. He considered it a grand idea for the summer residents of Fair Vale to hold these meetings every Sunday, and reminded those present that he would be pleased to do so at any time assist in these services. Miss Blenda Thomson sang for a solo, "Nearer My God to Thee."

The preacher for next Sunday will be the Rev. Mr. Dowling, of St. Andrew's church. There will also be one or two soloists on this occasion. This will conclude the services at this popular summer resort for this season.

Address Delivered In Ludlow St. Church

Last Evening Dr. Allen Hoben of Chicago Preached a Powerful Sermon on Subject "The Church and Child Welfare."

"The test of a city's civilization is the way in which it treats its children." "The church has fallen down in her own specialty." "Parental ownership is going by the board." These were but a few of the arresting statements made last evening in a very powerful address delivered by Dr. Allen Hoben, M. A., Ph. D., professor of sociology, in the University of Chicago, and at present in Carleton College, who spoke in the Ludlow street Baptist church.

The sermon was entitled "The Church and Child Welfare," and Dr. Hoben showed that in the stupendous task before her the church is falling disastrously behind. He stated that religious teaching, because of denominational divisions, is impossible in the public schools, and that only two-fifths of the children of school age are receiving moral education from the Protestant church. Twenty-four hours in one year is the sum total of time devoted by Protestants to the instruction of youth in religion, while Roman Catholic children receive 200 hours per child per year, and Jewish children 325 hours.

A solution for this has been found in one city where the pupils go from the public school one day a week for a school period of religious instruction in a properly graded and conducted school. This has been made possible by a number of churches uniting and the school authorities co-operating.

Juvenile Judge.

Dr. Hoben told of his experience as Cook County Court Judge where 11,000 cases of juvenile delinquency have passed before him. He stated that existing conditions are responsible for making many criminals and illustrated how the soul of a little child becomes tainted amid foul surroundings. A child's first right is to be well born, and the work of discovering and segregating the feeble minded and morally irresponsible should be considered as of the greatest importance.

The time will come when feeble minded will be segregated just as a contagious disease is treated, the speaker said, and pointed out the menace such people are to a community by telling the history of the Kallikak family among whose 480 descendants are 148 feeble minded and many criminals.

Referring to Jacob Rife, who did so much for the children of New York city, Dr. Hoben said that he believed when Jacob Rife went to heaven he was not asked what creed he professed, but that he was welcome as the man who gave to little children of a great city fresh air, playgrounds, sand piles and a chance to love God, who gave children souls, gave them bodies, and much depends upon the physical condition of that body. It is hard to be happy when you are hungry, and it is hard to be successful if one is started out crippled in any way. The old time church used to concern itself with getting people to heaven, now it is trying to bring heaven to earth. Today it is realized that the churches' duty is not merely that of a stretcher bearer or ambulance driver picking up casualties, but to change the conditions which are responsible for the maimed, dying and dead.

Looking at the matter nationally every thing centres as in the Gospel story about a little child. If the war is to end rightly, if people are to be considered rather than things, it is going to be a better world.

Parental Ownership.

Once people thought they owned their child, now the state says you shall you shall send them to school or you may not let her remain crippled when it can be cured. Mother's pensions have been instituted in almost every state, and father legislation is being passed in regard to unmarried mothers. The kingdom of God is by no means included in all churches. The teaching of Jesus has gone out into many places and His service is being done in many ways. The church can provide personal and inspiration for societies and relates these outgrowths to the church itself. Sometimes the problem is will the church Christianize, the community or will the community organize the church?

The able discourse closed with a reminder that the Saviour told His disciples they would be judged by their treatment of little children as to their love for Him. If children are neglected it is as if the Lord of all is neglected.

Child Welfare Sunday.

Yesterday was Child Welfare Sunday, and in answer to a request from Dr. Roberts in nearly all the churches sermons were preached upon this subject.

At Charlotte street Baptist church Rev. J. H. Jenner preached a special sermon. At Knox church a Children's church at 12:15 was held. Many of the clergy used in their prayers special petitions for the success of all welfare work for children, and appropriate hymns were sung.

Presentation To Beloved Pastor

Congregation of St. John the Baptist Church Last Evening Showed Pleasure on Restoration to Health of Rev. A. W. Meahan, D. D.

A tangible expression of the pleasure that they felt on the restoration to health of their beloved pastor, Rev. A. W. Meahan, D.D., was given last evening by the parishioners of St. John the Baptist church, when they presented him with an illuminated address, accompanied by a substantial sum of money. The address was read by Thos. L. Killen, and the presentation took place immediately after the singing of the Vespers. Included in the large congregation present were a large number from the other parishes of the city, who rejoice with those of St. John the Baptist on Father Meahan's resumption of his priestly duties.

The following is the address in full: To Reverend Arthur W. Meahan, D.D., Reverend and Dear Father:—We, your parishioners, desire to give expression to our pleasure at having you again in our midst. We followed with anxiety the course of your illness, and feel deeply grateful that you have been so far restored to health as to permit of your resuming your priestly duties. During your long services in the Cathedral parish, all of us had occasion to admire the way in which you went about doing good; and most of us had the honor of your personal acquaintance. We were accordingly de-Blanc appointed you to his pastorate, and permit us to assure you that your year in charge of St. John the Baptist parish has been fruitful in rich results. Indeed your enlightening and sanctifying influence has penetrated far beyond the confines of this parish. Your eloquence, known over a large part of eastern Canada, has touched our hearts and improved our knowledge of our holy religion; the example you have set us of the true Catholic gentleman has been an inspiration to our young men, and your holy life an unspoken sermon to us all.

We sincerely hope and will pray that God in His goodness may grant you a speedy restoration to your old-time health and vigor, and that you may long continue to be, as you have been through the years gone by, our respected, beloved and devoted pastor.

As a mark of our regard for you, we hand you this gift from the people of St. John the Baptist parish.

THOS. L. KILLEN,
DANIEL B. GRIFFITH,
JOHN M. ELAIORE,
Committee.

PENDER EMPLOYEES ENJOYED OUTING

Annual Picnic Held Saturday on Grounds of the Fair Vale Outing Club—Baseball Match, Supper and Dance.

On Saturday afternoon the employees of Pender's Nail Works Ltd., held their annual picnic on the grounds of the Fair Vale Outing Club. The weather was all that could be desired, but at one stage, of course, the sun being at its height made it rather warm. In the afternoon a ball game on Fair Vale's diamond was held between two teams from the Pender works, one from the office staff, and the other from the mechanical. Nine full innings were played, in which the office staff came out victorious. Supper was served on the club grounds, after which the office staff, who challenged their victory, challenged the Fair Vale boys to a game of ball. The challenge was accepted, and all hands proceeded to the ball ground; but it was so late that only two innings could be played, darkness coming on so rapidly that the ball players had great difficulty in seeing the ball. The score stood 4 to 4, after which the Pender men prepared for their home journey.

In the evening the usual Saturday dance was held, and in the intermission between the first and second dance the vice-president of the club announced that on Wednesday evening a ball game would be played between the married and single men of the club. The battery for the married men would be Thomas Baxter, but as yet the single men were not sure who their battery would be.

Smart Frocks for Autumn

Make Their Appearance

To secure the slim lines demanded by fashion, women will find the one-piece frock is eminently successful—and frocks such as are mentioned below, abounding in charm of both fabric and style, now await your approval.

A FROCK OF BLACK RADIUM.

This particular model is very youthful and becoming. It is a button back frock, with loose accordion pleated skirt, panel, and platings to finish the short sleeves. The neck is low cut and round, with a drill of lace at the back. A wide crush grille, lined with sea green silk lends just the wanted touch of color.

BASQUES ARE VERY POPULAR.

With navy crepe meteor for a skirt and a basque of heavily beaded mahogany georgette striking and lovely effect is carried out. This model has a soft tuck-in-front sash, and a back over drapery lined with mahogany to match basque.

THIS FROCK IS UNUSUAL.

The basque is fashioned of kum-kum silk in old brass shade. The skirt is of navy crepe meteor and a narrow grille finished with heavy tassels, crosses and ties in front. A full overskirt gathered to basque is another decidedly chic feature.

A FASCINATING SERGE FROCK.

A long chemise tunic heavily embroidered is the striking feature of this frock. It also has an underskirt, grille and sash of black satin. A toasty colored collar softens the plain round cut neck line at the back.

For all times when you appear without a coat you will find frocks of this kind most desirable. It isn't a moment too early to plan and purchase your fall and winter needs now.
