LEY SCHOOL PARTY AND XMAS TREE.

A very pleasant gathering assembled at the house of Mr. and Mrs. Ross, on the evening of Friday, Dec. 14th, when the pupils of Irene Pulsifer, 44 in number, with her to spend the evening. The day was cold and stormy, but the evening was not so. The pupils were appointed to sing. Who can deny the noise and chatter of a number of school children assembled for a "gala time." Games, and mirth whirled away the but perhaps the most enjoyable feature of the evening was the singing of a Xmas tree, which was decorated by the pupils of "Ohs" from surprised assembly. Shortly after 8 o'clock appeared on the scene, each pupil present was remembered. Supper was superintended by the ever hostess, Mrs. Ross.

A FINE LECTURE.

The D. J. T. Hall, Walker St., today evening, Dec. 21st, J. B. will lecture on "Miles and His Courtship."

LOCAL AND GENERAL.

The Presbytery & Truro met at Lower Stellacke yesterday.

The Mourners are spreading in the West. They now have control in nine States.

It is supposed that the agreement among the allied powers in regard to China, will be arrived at today.

The Teachers' Institute for North Colchester, met today at Great Village. Several teachers from Truro were in attendance.

Faulder, of Strathcona; Armitage and Callahan, Toronto, both of 1st Battalion, C. M. R., are dangerously ill at Pretoria.

There have been 73 convictions against liquor dealers in Sydney since August, and about \$4,000 paid in fines. The new Inspector is well earning his salary of \$500. a year.

Students from Mount Allison, Acadia College, King's College and Ladies' College, Halifax, are today passing through Truro today to their respective homes.

Work on the Midland Railway bridge at South Melville was suspended yesterday, because of the cold weather. Work will be resumed in the early Spring.

The German farmers in a body, demand higher protective duties against foreign grains. Their request will become law. It will be a most serious blow at United States grain.

A man wanted a license to sell liquor in Dartmouth. After some months' struggle, he got 514 signatures, but the law requires 600—so the people of the transitive city will have to be content with "Shubenacadie Water" for another 12 months.

Two Sydney ferry steamers crashed into each other going full speed, loaded with passengers. No lives lost. One steamer was beached at Point Edward to avoid sinking. They were rival boats, and pretend to have not understood each other's "toots."

A REAL TREAT.

The D. J. T. A. have secured the services of J. B. Calkin, Esq., for a "Talk" on Friday night, in their Hall, on "Miles Standish and His Courtship." This will be a most interesting and instructive entertainment. Do not miss it. Mr. Calkin has a vein of quiet humor, that will likely come out in his proposed lecture on this subject.

NOEL SHORE, HANTS CO.

Dec. 12.—A very successful Pie Social was held at Noel Shore, Thursday evening, Dec. 6th, the sum of \$12.50 being realized for benefit of Public School. Entertainment programme consisted of school song, by Misses Beatrice and Maggie McKenzie, Mildred and Leola Mayne, and Maggie McLellan; dialogue by Misses Mildred Mayne and Agnes O'Brien; reading by Miss Annie R. Canavan; dialogue entitled "An Interrupted Marriage" by Messrs. Ernest, Willard and Harry Miller, and Miss Mabel O'Brien. Incidentally, there was a sword-fight between Messrs. Willard and Harry Miller who were dressed in their U. S. Navy uniform. After the entertainment, Mr. Mich'l Denmore acted as auctioneer to the satisfaction of all. The pies went very slowly at first and at a very low price until the arrival of six young gentlemen from west Noel, when, presto! there was a change from listless bidding to a very spirited competition, and pies now brought anywhere from \$1.00 to \$3.00. The "school-marm" noticed the change with much pleasure.

for purchase of Map, Globe and Ball-frame for school-room.

After the Pie Social, the W Noel contingent drove to Lower Stella to add the financial receipts of a cent. Tea at that place.

This fall and winter quite a number of Noel Shore young gentlemen, like good little boys, have come home to see their mamma, some remaining only a few days and others remaining through the fall and winter. Among those visiting for a few days only were Mr. Hedley O'Brien of Boston and Dr. Denmore of Elmville. Among those remaining in the place are Messrs. John McKenzie and Ernest, Willard and Harry Miller.

The two last-named served three years each in U. S. Navy, their medals, etc., showing that Uncle Sam had a very good opinion of them while in his service, while they are also members of a Legion of Honor in connection with the Spanish and American War. Among the returning young ladies were Misses Alotha McLellan, Mabel and Bertha Miller. Miss Aletha was much missed on her return to Boston. Miss Mabel also returned to her position as Matron at Waverly F. M. School, while Miss Bertha remains to add brightness to the social life of Noel Shore.

Noel Shore has a very successful Literary Association and organization of the Y. P. L. A. of five years ago. The present Association has been in existence about six weeks, the Officers being as follows: President, Mr. Ernest Miller; Secretary, Miss Bertha Miller; Treasurer, Miss Mabel O'Brien. The Association has a weekly news-organ called the "Noel Shore Journal." Mr. Willard Miller being Editor and Miss Annie Canavan Assist. Ed. The weekly contributors are Misses Annie McLellan, Bertha Miller and Annie Canavan. Messrs. Ernest, Willard and Harry Miller while a Boston Letter from Mr. H. O'Brien and poetry by Mr. Archie Miller. Aided interest to Journal. Among the articles worthy of special mention was one by Mr. Willard Miller giving a graphic description of a supernatural occurrence in the Bay of Fundy, when his ship was saved from breakers by warning voice three times calling on them to "wear ship", before Captain knew that Breakers were near at hand, the coast being obscured by fog. Another interesting article by Mr. Harry Miller tells of his experience in the Philippines, while Miss Bertha Miller portrays a vision during which she sees Noel Shore fifty years from now with electric cars, hotels and factories. Miss Annie McLellan assists with Local News, Personal and Joke columns, while Miss Annie Canavan as printer and compositor by means of a typewriter. As yet, we have no "printer's devil", but probably could borrow one for a few weeks from Kings Co. Editors now engaged in "courtship" on account of the Hon. Mr. Borden. There is a tendency to such a demand for the Journal that we are thinking seriously of turning the printing business over to a newspaper with a printing-press, as to attempt to supply the demand would necessitate the school-marm's going out of the teaching profession into county-newspaper work, but considering the vicissitudes of newspaper work in connection with printing-presses, we think she would better not trust her bread and butter account to newspapers done on a typewriter.

Last Friday evening, Mr. Archie Parker was a visitor at Noel Shore meeting and gave a vivid and interesting account of his experiences in South Africa. One could realize more fully what hardships these brave boys must have endured. Mr. Parker speaks of going to South Africa in the spring, though put as a soldier. Perhaps "Archie" has left a share of his big heart in the keeping of one of the Miss Boers.

There is a flourishing C. E. at Noel Shore, and interesting meetings are held every Tuesday evening. Rev. Mr. Forbes visits the meetings quite often, and a few weeks ago gave a good description of Labrador Mission in which work he was engaged for a season.

The Public School at Noel Shore, is progressing well. There are in attendance eleven H. S. pupils, 3 O's and 8 D's, number on register, forty-two, while the average for this quarter is over thirty; average for last quarter was lessened somewhat by whooping cough in Section.
