許可專利技術的轉讓、專利產品的生產技術，特別是中以技術引進為主的方針，原材料、元器件、工藝技術。也就是通過許可證貿易的立場，先後頒佈了「專利法」、「商標法」、「技術引進合同條例」等法規。

得專利或 other industrial property rights, such as trademarks, patents, and technical know-how, to China. China has established a policy of encouraging the import of technology, particularly in the field of industrial production. This is done through a system of licensing agreements.

One reason for this is that China has been developing its own industrial base over the past few years.

Another reason is that China has been trying to develop its own market for industrial products.

China has been trying to develop its own market for industrial products.

China has been trying to develop its own market for industrial products.
