

VIA implements student rates

On February 3, 1986, VIA Rail Canada implemented student fares for a trial period until May 31, 1986, exclusively in the Atlantic Region.

This trial program was adopted in response to the demands of the student market, and will serve as a means to test results prior to proposed implementation on a

national basis.

The fare is a flat 33% off one-way travel. Accommodations such as dayneters, berths, roomettes and bedrooms are available at regular supplemental charges. Student fares are available to full-time post-secondary students upon presentation of a valid current student I.D. card with

photograph. One-way discounts and stopovers are permitted.

Certain restrictions apply on Fridays, Sundays and at Easter according to the train service. These restrictions are only applied to those services or periods which would present capacity problems.

The special fare applies to travel between stations in the Maritimes and stations in the rest of Canada. It is also available for travel within the Maritime Provinces themselves.

Further information can be obtained from local VIA Rail ticket sales agents and travel agents.

UNB hosts ISA conference

The University of New Brunswick will host the Atlantic International Student Advisor's Conference Friday and Saturday, Feb. 14 - 15. It is the first time the conference has been held at the University of New Brunswick.

The conference will begin at 7.30 p.m. on Friday with a reception in the Georgian Room of the Old Arts building and will continue on Saturday with panel discussions on a variety of topics including international students in the Atlantic region, approaches to study abroad, resource sharing and cross-cultural communica-

tions. The Saturday session will also include a presentation by the Canadian Bureau of International Education and a dinner with entertainment by the Caribbean Circle.
