

163019

OTTAWA, April 24, 1933.

Dear Aunt Hettie:

I received your letter of 20th. Have been wondering why I had not heard from either Aunt Sara or yourself about Aunt Margaret. It is wonderful the vitality she is showing.

About the mortgage, I really am in no position to take on any farm mortgage or put on any money. I have had the same difficulties other people have had through these unprecedented times. In my case they come at a period of life when one has not the years to recuperate very far. Nevertheless, my health at least is left, and I do not know that on the whole I have very much cause of complaint.

I am sending you a cheque for \$25.00. If times do not get any better, I will try and send as much next year, and in this way see that the interest rate is kept down. You could not get the money anywhere else cheaper at the present time in my opinion.

Yours sincerely,

Mrs. George Stacey,
R. R. #6,
St. Marys, Ont.
