25th Sept 86

Sir

I try to inform you that the Dept Council has approved of the work of draining commenced on the St. Johns River being completed, the cost of which you state in your letter of the 7th of July will be about \$2000. You may consequently give the necessary instructions for the carrying on of the work, but you should take care not to employ Mr. Langford or any other professional man in the capacity of Foreman, but make arrangements

C. McCall, Esq.
