

C191504

The Prime Minister of Canada presents his
humble duty to His Majesty the King.

It is expedient that provision should be
made for the constitution of a general policy
committee to deal with questions relating to
honours in war in Canada.

The Prime Minister of Canada accordingly
humbly requests that His Majesty may approve the
arrangements with regard to the establishment of
a general policy committee for such purpose, which
are herewith annexed.

The Prime Minister of Canada remains
His Majesty's most faithful and obedient servant.

The Prime Minister of Canada.
