**C. J. DANIELS, 196 to 200 River St., Toronto.**

## GOSSIP.

**F. Jeffs & Son, Bondhead, Ont.,** in ordering a change of advertisement, state that their stock were never in better shape at this time of the year. They have some grand yearling heifers. They got by the Miss Ramsden bull, Prince Arthur. The crop of calves, reds and one roan, are got by the Good Friday Duchess bull, Kinellar Chief, and are a credit to any sire. The older heifers and cows are showing up heavy in calf to the Nonpareil bull, Indian Fame 7th. The young bulls offered for sale are a choice, sappy lot. The Leicesters gave us a large crop of strong, healthy lambs, raising 95% of them. The shearing was not done until the second of June, and lambs weighed then 100 lbs., and they have done well since. The Berkshires are increasing fast; the mother of the first-prize sow under six months at Toronto last fall, and first and second prize ones at Ottawa, has just dropped another litter of eleven pigs, and her daughter eight at the first litter. Have some duplicates of last fall's pair. More litters to follow soon, not akin.

**J. Park & Sons' Cotswold stock farm** lies in the County of Oxford, two miles north of Burgessville Station and seven miles south-east of Woodstock. The owners, Messrs. John Park & Sons, are well known as breeders and importers of high-class Cotswold sheep. Their flock of now numbers, all told, 75 head, 20 of the breeding ewes being imported, and the balance being from imported stock on both sides. This season's lambs are all sired by imported rams, the majority of them being by imp. Swanwick, and a nice lot of big, even, well-formed and well-covered lambs can scarcely be found together on any farm; while the older ones are nearly all winners at some age. Besides being winners of the Canadian flock championship for a number of years, they have also won at a great many of the leading shows in the United States, and a better acreage of ewes were never on this farm before. Among them are about a dozen yearling rams, extra good ones. These, together with a lot of the same number of ram lambs, are for sale, also a number of yearling and spring ewe lambs. Messrs. Park exhibit at Toronto and London.

**S. Hoxie, Yorkville, N. Y.,** Supt. Advanced Registry, sends us the following official records of Holstein-Friesian cows, from July 29 to September 1, 1902: One thirty-day record and twenty-four seven-day records have been received and approved during this period. The thirty-day record is especially remarkable. De-Natsey Baker 35411, age 2 years 2 months 7 days; commenced record 8 days after calving; during thirty consecutive days thereafter, produced an average of 56.31 lbs. milk per day - a total of 1,689.9 lbs. This milk contained 26.523 lbs. butter-fat; equivalent butter 80 per cent. fat 70 lbs. 10.5 ozs., or 65 lbs. 15.1 ozs. 85.7 per cent. fat - a daily equivalent of over 2 lbs. 5.5 ozs. butter 80 per cent. fat, or over 2 lbs. 3 ozs. 85.7 per cent. fat. This heifer is owned by Charles D. Pierce, San Francisco, Cal. Another remarkable record for the season is that of the seven-day record of Mattie Clay's Aagkie 2nd 42178; age 6 years 6 months 10 days; commenced 10 days after calving. She produced 499.1 lbs. milk, containing 19.168 lbs. butter-fat, equivalent to 23 lbs. 15.4 ozs. butter 80 per cent. fat, or 22 lbs. 5.8 ozs. 85.7 per cent. fat. She is owned by Pierce, Land & Stock Co., San Francisco, Cal. Another large seven-day record is that of Velma Niva 41675; age 5 years 11 months 24 days, commenced 23 days after calving. She produced 454.3 lbs. milk, containing 16.226 lbs. butter-fat, equivalent to 20 lbs. 4.5 ozs. butter 80 per cent. fat, or 18 lbs. 14.9 ozs. 85.7 per cent. fat. Owner, W. B. Smith & Son, Columbus, Ohio.

Three miles north-east of Dundas town and station, in the County of Wentworth, Ont., lies Hickory Hill stock farm, the property of Mr. N. Dymont, breeder of high-class Ayrshire cattle. In the herd at present are 30 head, made up of such notable cows as Nellie Gray 2057, winner of first prize at Toronto in dry cow class, also several times a winner in dairy test at Provincial Dairy Show; Briary Banks Susie, with a milk record of 56 lbs. of milk a day, is also a prizewinner. Ruby of the dry bull, milk record of 41 lbs. a day as a two-year-old, was shown thirteen times and won thirteen first prizes. A daughter of hers, Ruby 2nd, has a milk record of 35 lbs. a day as a two-year-old, and winner in milk tests as well. This herd has won first prize in the Provincial Dairy Show five years in succession. There are a number of others, not mentioned, equally good. The stock bull is Dairyman of Cleora 13375, sired by imp. Comrade of Garraf, by Blood Forever of Wyndholm; dam Mayflower 2nd of Drumsdale (imp.). This splendid bull won third prize at Toronto this year, and in the opinion of competent judges should have been placed better. There are a number of young animals in the herd for sale - one one-year-old and two two-year-old heifers, and four bulls - one of them sired by the stock bull, one sired by Drummond, and two sired by Pride of Hickory Hill and out of the above named cows. These young bulls are a choice lot, and are from one to two years old. Write Mr. Dymont, to Clappison P. O.

## THE VALUE OF CHARCOAL.

**Few People Know How Useful it is in Preserving Health and Beauty.**

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth, and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant-tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath, and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them. They cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets." - Advt. - om

## \$33.00 to the Pacific Coast

from Chicago, via the Chicago & Northwestern Railway, every day during September and October. BENNETT, 2 East King St., Toronto, Ont.

## The Combination Oil Cure for Cancer

Has the endorsement of the highest medical authority in the world. It would seem strange indeed if persons afflicted with cancers and tumors, after knowing the facts, would resort to the dreaded knife and burning plaster, which have hitherto been attended with such fatal results. The fact that in the last eight years over one hundred doctors have put themselves under this mild treatment shows their confidence in the new method of treating those horrible diseases. Persons afflicted will do well to send for free book giving particulars and prices of Oil. Address Dr. D. M. BYE Co., Drawer 365, Indianapolis, Ind. o
