Exhibitions of Selected Seed.
(Extract from the last Annual Report of the Secretary of the Canadian Seed-growers' Association.)

At the last annual meeting of this Association, detailed explanations were given of the plans that had been adopted to offer special prizes to members for creditable exhibits of "hand-selected," "improved," and "general-crop" seed that were brought together in connection with the various provincial or district exhibitions. These exhibits of selected seed were always an attractive and educational feature of the exhibition, and have done much to make the work of the Association more widely known and better understood and appreciated by the general public. The places at which these special exhibitions are now held annually throughout Canada are as follows:

1. At Amherst, N. S., open to all members in the Maritime district, and held in connection with the Maritime Winter Fair.
2. At St. Hyacinthe, Quebec, open only to members resident in the Province of Quebec, and generally held in the month of April in connection with the regular Spring Seed Fair.
3. At Guelph, Ont., open only to members in the Ontario district, and held in connection with the Ontario Provincial Winter Fair.
4. At Brandon, Man., open to all members resident in the district of Manitoba, and held at the time of, and in connection with, the Winter Fair.
5. At Regina, Sask., open to all members in the district of Saskatchewan, and held in connection with the Winter Fair. The exhibition to be held at Regina next winter will be the first of its kind ever held in the Province of Saskatchewan.

Creditable prizes are offered at each of these places for special selections of seed and plants taken from the "hand-selected" and "improved" seed plots. The classification of the prize list provides for two sections for each of the smaller grain crops considered. Section 1 makes provision for hand selections of plants from the standing crop on the breeding plot. These plants are exhibited in the form of sheaves.

Section 2 provides for a "group exhibit," consisting of a hand-selected sheaf from the breeding plot, a half bushel of threshed seed from the same plot, and a bushel and a half of threshed seed from the "improved" seed plot.

Where prizes are offered for corn, the best ten ears are called for, the said ears to be selected from the seed-corn plot. In the case of potatoes, prizes are also offered in the East for special selections from the seed plot. In addition to the general prizes offered, special awards are also offered to those members making the most creditable showing of selected seed. These awards are usually in the form of medals or cups.

Without a single exception, these exhibitions have amply justified their establishment. The publicity that they have given and are giving the work; the interest that has been taken in the exhibits, and the service they have rendered their surplus stock, has proven their inestimable value to this country. As time passes, and the general public, as well as the members themselves, come to look upon these fairs in their respective districts as permanent organizations and as annual meeting places, their real place and importance will be revealed. Their perpetuation, extension and perfecting is obviously the duty of this Association.

Circular letters have just been issued by the Secretary of the Canadian Seed-growers' Association to all growers in the different districts, submitting an outline of the next annual exhibition and the prizes offered. Such advice coming at this time gives every grower ample opportunity to select and lay aside his exhibit until the date of the fair.

Mr. Geo. W. A. Reburn, of Massawippi, Que., near Sherbrooke, advertises for sale twenty head of young Jersey cows and heifers in calf, and heifer calves of the famous deep-milking St. Lambert strain.

BOYS FOR FARM HELP

The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 214 Farley Ave., Toronto
