### How to Regain It Without Cost Until Cured

Strength of body-strength of mind. Who would not possess it if he could? It is nature's greatest gift-our most valuable possession. Without this strength, life is a failure, with it everything is possible. Almost every man was made strong, but few have Leen taught how to preserve this strength. Many, through ignorance, have wasted it recklessly, or used it up excessively, leaving the lody exhausted, the nerves shaky, the eyes dull, and the mind slow to act. There are thousands of these weak, puny, broken-down men, dragging on from day to day, who might be as strong and vigorous as ever they were if they would only turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost.

It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so certain am I now of what my method will do, that I will give to any man who needs it, my worldfamed DR. SANDEN ELECTRIC BELT AND SUSPENSORY, FREE UNTIL CURED. You pay nothing down, you deposit nothing, you risk nothing; but, upon request, I will furnish you with the Belt to use, and, if it cures, you pay me my price. If you are not cured, or satisfied, return the Belt to me, and that ends it.

As I am the originator of this method of treatment, and have made it a great success, there are many imitations of my Belt; but my great knowledge, based on 40 years experience, is mine alone. My advice is

given free with the Belt. This offer is made especially to men who lack strength and vitality, who have nervousness, lost vigor, varicocele, etc., but I also give my Belt on the same terms to sufferers from Rheumatism, Lame Back, Sciatica, Kidney, Liver and Stomach Troubles.

Write for a Belt to-day, or, if you want to look into the matter fur-ther. I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.

An amusing story is told of Sir Spener St. John, the English Ambassador, which illustrates how this national courtesy often provokes embarrassment. Sir Spencer, who is a gallant old bachelor, was promenading with some ladies in the park when he met a nursegirl with a bright-eyed haby. The ladies stopped to admire the little one, and Sir Spencer asked whose child it
