absent nearly seven weeks, attending the centennial celebration at King's College, Windsor, the meeting of the diocesan synod at Halifax, and visiting friends in Ontario. He is much better in health than when he left, and is more than glad to be back again amongst his people. During his absence considerable work for improving the rectory was done. The services on Wednesday evening, the Bible class on Friday evening, and the week day services at the Blue Rocks, will be almost immediately recommenced.

MAHONE BAY.—A very successful party was held upon the rectory grounds in July. Large numbers of visitors came in the trains, especially from Lunenburg. The Civilian Band, which kindly gave its services, was the great attraction, and treated the large concourse of people to a rich musical banquet. Every one deplored the sad announcement which the returning train's whistle makes, that the music must cease, and many were the regrets expressed that the handmen had to rush from the grounds without doing justice to the table of good things that was awaiting them, because the whistle had sounded sooner than was expected. The grounds were gay with Chinese lanterns and Indians' wigwams, and the house was illuminated, making a very pretty scene amid the trees. The proceeds were very satisfactory, and as the affair was so pleasant, another one was held upon Tuesday, August 19th. Every effort was made to make it a greater success than the last, and provision this time was made to supply however large a crowd came. So that poor, perishing creatures were not kept so long awaiting the ever demanded ice-cream. At the first such numbers were not expected, and therefore preparations had not been up to demand in the way of refreshments; this time it was the endeavour to feast, to satisfy the inner man, as well as delight his spirit with fairy land enchantments and the sweet strains of music.

The rectory looks very neat in its new paint, and the church is also being repainted, both to match in colours this time.

We hope the proceeds of these garden parties will be sufficient to pay for all the numerous repairs and painting that have been necessary this year.

The rector expects to be absent from the parish for a few weeks in the earlier part of September.

His lordship the bishop arrived at Mahone Bay, quite unexpectedly, upon the evening of July 19th, to spend the next day, Sunday, with us. He had driven out from Halifax, with Mrs. Courtney, upon a little pleasure excursion. Upon Sunday morning he sat in the congregation, but in the evening he kindly consented to preach in a surplice, he having come with no intention of officiating. It is needless to say that every one here was delighted to see him, and charmed to listen once more to his voice, which they have learned to love so well; we only wish his many duties would allow him to come and see us more frequently. His lordship started for Halifax again on Monday.

CHESTER.—At the close of the 10th year of the present rector's incumbency, perhaps a short account of the work done in this parish during that time may not be uninteresting to some of your readers. On July 16th, 1880, Mr. Butler began duty among us by officiating at the burial of Miss M. Hiltz, of Marriot's Cove, and has been in charge since that time. The parish was then in debt to the amount of about \$575, of which, however, \$275 was paid by the sale of some glebe lots, and the paying off of the balance was, of course, the first thing to be attended to. The next thing was to paint the parish church outside, in the early part of 1881, and since then the chancel has been built and furnished at a cost of over \$850, towards which however, we had the sum of \$296, which had been collected by the late Mr. Shreve, during his rectorship; the Sunday school hall was rebuilt and seated at a cost of \$690; the rectory has been shingled and painted and otherwise repaired, and last autumn was much improved by the addition of two handsome bay windows in front, and the opening of two other ones on the south end; the rectory barn has been shingled, and both church and rectory properties have been newly fenced around; and we have now \$187 in the bank, intended to be applied towards putting a new roof on the church and painting it inside. S. Mark's church, on the Western Shore, which was only boarded in and shingled in 1880, has been finished throughout and furnished with a good organ, a nice toned bell, a stone font, carpet and matting, and has been painted outside a second time, and a burial ground has been secured, well cleared, and fenced. At Chester Basin, S. John's church has been built and furnished, and a piece of land secured for a burial ground, which is to be fenced during the present season; and at Indian Point, a church is now being built of which the outside is finished and paid for, and we hope to have the inside finished and ready for use before the cold weather sets in, while also land for a burial ground has been secured. A glance at the register book shows the number of bap-

tisms in that time to have been 608, marriages 110, and the burials 213, while the number of those confirmed at the episcopal visits paid during the ten years was 277. In looking back we can only thank God for the work that has been accomplished, and ask His blessing upon the seed sown, in the hope that it may bring forth fruit to His honour and glory.

S. Margaret's Parish.—Some of the young men of Begg's Cove have completed the painting of the roof of S. John's chapel, making a great and very noticeable improvement in the appearance of the building. It is hoped to repaint the whole exterior, including the spire, this season, if the money can be collected, and no doubt it will be by the earnest workers of S. John's. The great willingness of this congregation to contribute both towards the payment of the debt and the advancement of their beautiful chapel and for all Church objects, is most commendable and well worthy of imitation.

At the celebration of the one hundredth year of the existence of King's College, Windsor, among the many degrees conferred upon that occasion, the degree of Master of Arts was conferred upon the Rev. Philip Brown, B.A., rector of this parish.

In Memoriam.—Early in the morning of July 11th, Richard Boutilier, of Boutilier's Cove, and his son, of about 15 years of age, left their home in order to fish in the vicinity of Indian Harbour. About noon a heavy squall struck and upset the boat, which filled and sank, which left Mr. Boutilier and his son struggling in the water. The boy was upheld by a floating oar until help arrived, and was saved; but the father, being unable to swim, and having nothing at hand to keep him afloat, quickly sank, and was carried away by the current, and his body has not yet been recovered. Mr. Boutilier was a man of a very kind and genial nature, and had many friends. He was a member of S. Peter's congregation and a devout communicant, and will be much missed both as a good neighbour and a devoted Churchman. He leaves behind him a widow and a large family of sons and daughters. They have the deep sympathy of the community in their great trouble. May the good God comfort them in their sorrow; and grant light and refreshment to the soul of our dear brother departed.

LAHAVE.—On Wednesday, July 9th, the corner stone of the new church to be built at the Wynchett Settlement was laid by the Rev. the Rural Dean W. E. Gelling. A large congregation assembled, and the day was intensely hot; all enjoyed the service very much. The service consisted of shortened evensong by the Dean, one lesson from 2 Chron. ii., read by Mr. C. G. Abbot, who is assisting the rector with his work while he takes Mr. Haslam's duty in Lunenburg; and the special office for "the laying of a corner stone of a church." Several appropriate hymns were beautifully sung. Addresses were given by the Rev. the Dean, by Rev. E. D. Harris, of Mahone Bay, and by the rector. The offertory amounted to \$14, which, with two donations, one by W. H. Owen, of \$5, and one by Mrs. Moyle, of a like sum, make a nice addition to the amount already on hand. Mrs. Moyle has also made several kind donations to the building fund of the parish church. We offer our sincere thanks to all our friends who have helped us in our work.

NEW GERMANY.—There is every reason for being satisfied with the work that is being done in this mission. On July 7th, a most successful and enjoyable tea meeting and sale of work was held. Quite a nice sum, \$145, was realized and added to the rectory building fund. Since our last meeting there has been not a few changes among the clergy, several of whom have gone to other Canadian dioceses, to the United States, and to England, others having been received in their places; some have migrated from one parish in the diocese to another, while three have finished their work in the Church here below and have passed into the paradise of God. The parish of New Ross was the first to be thus bereft of its faithful and hard-working priest. Rev. W. H. Groser was ill when I was passing down the Western Shore in the winter of 1888-9, and no candidates for confirmation were ready, so that I did not turn inland from Chester to go there. I was much shocked some while afterwards to hear that death had come, for I had not supposed that he was in a critical condition; neither was word conveyed to me until after his burial, so that I was prevented from going, as I was willing to do, to his funeral. Mr. Groser was the only one of the clergy that I had not met, but those of you who knew him and his work can bear witness to his fervent zeal and constant labour. The venerable rector of S. James' church, Mahone Bay, was one of the oldest of the Nova Scotia clergy; of a type that I fear is gradually disappearing. He was a zealous, faithful, energetic,

spiritually-minded man, desirous of promoting the cause of the Church, while endeavouring to live in friendly neighbourliness with all: a peaceful man, yet withal bearing himself courageously in disputes, being confident that victory would light upon his banners. Struggling against the creeping infirmity induced by age, and seeking to do what little he could while life should last, he yet bowed in lowly submission to the chastening of the Lord, and humbly accepted his enforced withdrawal from the active life to which he had so long been accustomed. A strong, forceful nature, was that of the Rev. W. H. Snyder, and I am sorry to think that I shall not again be welcomed by him, nor be able to learn from him more lessons of faith and resignation to the perfect will of God.—From the Address of the Bishop of Nova Scotia.

QUEBEC.

QUEBEC.—S. Matthew's.—A handsome memorial window to the glory of God and in loving memory of Miss Frances Hamilton, daughter of Robt. Hamilton, Esq., D.C.L., and niece of His Lordship, the Bishop of Niagara, has just been placed in this church. It is the work of a well-known firm in London, Eng.

The new curate, Rev. T. A. Williams, S.A.C., who came to the diocese from Bangor, Wales, about a year ago, and who had previous to that been a missionary in South Africa, assumed his duties on September 1st, and preached an eloquent sermon at Matins on the 14th Sunday after Trinity, to a large congregation.

The Fleet.—On the 14th Sunday after Trinity, the Lord Bishop of Quebec preached an eloquent sermon at Matins, on board H.M.S. Bellerophon, flagship of the North American and West Indian station, now lying in Quebec harbour. The service was attended by the crews of the three ships, and among those present were H.R.H. Prince George of Wales, Lord Stanley, Governor-General, and family, with his staff, and Admiral Watson. The choir was augmented by the full band of the flagship.

Personal.—The Rev. M. M. Fothergill, formerly rector of S. Peter's church, Quebec, and now rector of Tenafly, N.J., has just been offered charge of S. David's mission, New York city, with the appointment of assistant to the Church of the Heavenly Rest. It is a good appointment, but it has not yet been learned whether the rev. gentleman has decided to leave his present prosperous parish, where he is much beloved by his congregation.

S. Matthew's Bell Ringers.—The annual meeting of this Guild, which, we believe, is the only regularly organized one in Canada, was held on the 9th inst., when the following officers were elected, viz., Rev. L. W. Williams, M.A., rector, president; Rev. T. A. Williams, S.A.C., vice-president; W. H. Eckhardt, honorary secretary and treasurer, and W. T. Martin, leader.

Bishop's College.—The calendar of the university for 1890-91 has just been published. It gives a complete list of the students in attendance, and the subjects in which they have passed, the names and addresses of the latest matriculants, &c. In addition to the faculties of Divinity, Arts, Law, and Medicine, provisions have been made for examinations for the degree of Bachelor of Music. The candidate must be a graduate of some other recognized university, a clergyman in priest's orders, or a barrister-at-law, or must produce a certificate that he has been engaged for five years in the theory or practice of music. The next examination for matriculation will be held on October 16th. The calendar also contains information touching Bishop's College School. Copies and all other information may be had from the Principal, Rev. Thos. Adams, D.C.L., or the Bursar, E. Chapman, Esq.

Cathedral.—The Church House, adjoining the Cathedral of the Holy Trinity, of which the corner stone was laid at the time of the meeting of the diocesan synod, is fast approaching completion, and will, it is expected, be ready for occupation about October 1st.

ONTARIO.

The following appointments have been made by the Lord Bishop of Ontario:—Rev. I. F. Gorman to Grace church, Ottawa; Rev. Wm. H. Quartermain to Renfrew; Rev. Robt. W. E. Wright to the new mission of Ernestown and North Fredericksburgh, in succession to Rev. Mr. Quartermain.

TORONTO.

CASTLEMORE.—S. John's.—The annual harvest home services and festival were held on the 18th
