For Summer Trade!

In our advertising we are developing the call for Corn Syrup, so as to make it one of your best summer sellers—

CROWN BRAND CORN SYRUP

For Candy making, a spread for bread, for use with Pancakes, Muffins, and so on.

Then when the preserving season opens, we will go strong on preserving with

LILY WHITE CORN SYRUP

You can recommend Lily White strongly for this purpose. Last year it took the place of sugar from necessity. This year it will be by choice.
