It is well-known

That successful Doctors read all the latest
medical books and papers and go abroad
occasionally to study. Successful lawyers
read legal publications to learn the latest
legal decisions and points constantly crop-
ping up. Teachers, clergymen, druggists,
architects, all read the publication issued in
the interests of their profession. They
must do so to keep up with the times.

The same applies to grocers and general
merchants. They must not only read the
best papers published in their interests but
must also watch the advertisements closely.
There they learn the rise and fall in prices;
latest trade news and methods of buying,
handling and selling goods, so that they
may make the greatest profit. A doctor
reads much that he already knows, so does
a lawyer. So does a number of any of the
other professions. So will a merchant. It
is often the issue of the paper he misses that
is worth dollars to him. His best and safest
policy, therefore, is to subscribe for his
trade paper.

The only exclusively grocery and general
store paper is THE CANADIAN GROCER
issued weekly, subscription price \$2.00 per
year.
