Chicago, April 1.—A special to the
Tribune from Kankakee, Ill., says:
"The sale of two girls, members of a
gypsy band of Momence, this county,
yesterday, brought on a riot that for a
time threatened serious results. So
angry were the citizens over the traffic
that a mob was formed which drove the
gypsy band from town.

"The deal which caused all the
trouble was the sale of Juanita Costello
and Margot Czech, 16 and 17 years old,
by their guardian, Nicholas Karoptkin,
a Russian, to a Brazilian, also a member
of the band, the price paid being
\$300. The girls refused to recognize
the sale, and threatened their prospec-
tive master. The Brazilian then swore
out a warrant for Karoptkin, charging
him with obtaining money by false
pretences.

"A squad of police was found neces-
sary to secure the Russian, who drew a
revolver on the officers. The failure
to secure an interpreter made it impos-
sible to get evidence against the pris-
oner, and he was discharged. During
the trial before Magistrate Lloyd the
mob gathered, threats of lynching and
of tar and feathers being made. The
gypsies hastily packed up their belong-
ings and fled.

The Society for the Prevention of
Cruelty to Animals will hold a meet-
ing this afternoon for the purpose of
completing arrangements for the pro-
posed bench show.

Skagway, May 6.—News was brought
tomorrow. The steamer returned to
Port Townsend where she probably will
be ordered to the U. S. quarantine sta-
tion at Diamond point. The Senator
had 212 passengers on board nearly all
of whom were bound for Dawson.
Every available berth on the Senator
had been sold here for her return trip
at \$5 and \$2.50. As she failed to arrive,
the money has been refunded. The
failure of the Senator to complete the
round trip between Sound points and
Seattle will cost her lessees the sum of
\$50,000 aside from the business lost.

Skagway, May 6.—E. M. (Black) to transport to St. Michael all the

ness, coming up from Seattle and re- and Tyrrell can carry and tow on barges
turning on the same steamer. He says turning on the same steamer. He says

van says he has contracts with steamers to the big companies.

Ottawa, April 15.—At the public
accounts committee today, F. J. Richard-
son, electrical engineer of the Cana-
dian Pacific railway, who was in charge
of the building of the government tele-
graph line from Lake Bennett to Daw-
son City, by J. B. Charleson, was ex-
amined.

There was a long discussion as to
the poles supplied, by J. V. Rochester,
Witness said that at times he and
Rochester had disputes, but nothing
serious, as to the proper count of poles.
This arose from the fact that at times
it was cheaper to cut a tree on the spot
and use it than to carry one of the
contractor's poles from the river. He
was promised by Charleson a bonus if
the work was done earlier than they
expected to be able to do it. He had
not been paid that bonus yet. He pre-
sented a claim to the minister of pub-
lic works, but got no promise that it
was to be paid. He had written Char-
leson since he was promised the bonus,
but got no reply, but expected to get
the bonus, because he had finished the
work on the 28th of September, when
the time specified was November 28th.

In reply to the minister of the in-
terior he said that he had done some
work for the interior department in
1897, and had over 20 years' experience
in his business.

Witness said that he had no reason
to believe that anyone had practiced
fraud upon the government in any way
in connection with the building of the
telegraph line. He never had any idea
that there was any fraud. The work
was done below the estimate, and ahead
of time.

This witness was subpoenaed by Sir
Hibbert Tupper.

In the police court, this morning
Magistrate Starnes gave a decision in
the case of Mary Hempie, charged by
Anna Bloomer with assault. As it was
the uncorroborated evidence of one per-
son against another, the case was dis-
missed, the defendant being given some
wholesome advice regarding her future
behavior.

For being drunk in South Dawson
Friday evening a man by the name of
Lagoon paid \$5 and costs.
Another man, Harry Anderson, at
the same time and place, having poured
deeply of the obstreperous brand of
bootch, became abusive in a store. It
took \$5 and trimmings to square him
with justice.

Ottawa, April 29, via Skagway, May
6.—In the house today, Sir Wilfrid
Laurier said the government was right
in assuming that May 24th will be a
national holiday and requested that a
bill on the subject be made a govern-
ment order. A motion to that effect
was made and carried.

London, April 16.—The war office has
issued the following special order re-
garding surrenders in the field: "Any
officer, or soldier, who, when in the
presence of the enemy, displays white
flag or other token of surrender, will be
tried by general court martial."

No further news has been received
regarding the reported resumption of
peace negotiations in South Africa, but
the fact that the censor allowed the re-
port to pass and the fact that the gov-
ernment has not issued a denial are
held to prove that negotiations of some
sort are in progress.

The casualty list issued yesterday re-
vealed the fact that Lord Methuen was
discharged from the hospital last week,
this being the first notification that he
had been ill.

There is no information from South
Africa beyond the fact that the British
have evacuated Hoopstad, which the
Daily Mail observes "seems to show
that Lord Kitchener's force is none too
strong."

It is announced from Brussels that
the Dutch Transvaal commission has
handed to Mr. Kruger a check for
1,000,000 florins collected in Holland
for the assistance of the Boers. It ap-
pears that Mr. Kruger's entourage
assert that the route from Leydsdorp
to Zoupanburg is heavily fortified, and
able to resist the British for a long
time.

A news agency this afternoon pub-
lishes a dispatch from Capetown con-
firming a dispatch on the same subject,
cabled to the Associated Press yester-
day, which says that Gen. Dewet is so
distracted by the hopelessness of his
case that he can be fully described as
insane. He goes in fear of his life
amidst his own troops, and keeps him-
self surrounded night and day by a
body guard of chosen adherents. But
from his own ranks voices are now
more frequently heard calling impera-
tively for peace.

Omaha, April 30, via Skagway, May
6.—An agent representing the kidnap-
pers of Young Cudahy has made a pro-
position to the millionaire that they
will return \$21,000 of the \$25,000 paid
for the boy's ransom if he will with-
draw the reward offered for their appre-
hension and abandon the search en-
tirely. Cudahy declines to treat with
the agent in any way and the reward
of \$50,000 still stands, \$25,000 being
offered by Cudahy and the remainder
by the state. Public sentiment de-
mands, notwithstanding Callahan's ac-
quittal, that the kidnapers be brought
to justice.

Minister Tarte Talks.
Ottawa, April 30, via Skagway, May
6.—Minister of Public Works Tarte
states that the telegraph line from
Ashcroft to Dawson will be completed
by July 1st.

Since the present line to Dawson
has been operating there has been an
average of 265 messages handled every
month and the average monthly receipts
have been \$2700. The cost of the en-
tire line will be \$430,000.

A Lively Ride.
While Capt. and Mrs. D. B. Olson
were out horseback riding yesterday
afternoon and while letting their
steeds out for a little canter under the
Ogilvie bridge, the cayuse ridden by
Mrs. Olson suddenly took the smooth
bit in his teeth and refusing in any
way to respond to the efforts of his fair
rider, started at full speed for Dawson.
While the horse was not pale, Mrs.
Olson held on like grim death. Federa-
Grana, of whom there were hundreds
out for a Sunday airing, readily yield-
ed the right of way. Following some
distance behind and urging his steed
to best heels followed Capt. Olson in
a vain endeavor to overtake and capture
the runaway. With rare presence of
mind Mrs. Olson stayed safely with the
frightened and unmanageable animal
until in front of the electric light and
power house, when, slipping her foot
from the stirrup, she slipped to the
ground unharmed, the pony running
on to the stable. It was the first time
the horse had ever been ridden by a
lady and consequently required a curb
rather than a smooth bit.

Mrs. Olson does not wish any of the
people who witnessed her feat of yes-
terday to think she was in any way
attempting to lower the record made
by Paul Revere.
