

Hazard's Gazette, July 19.

(For Hazard's Gazette.)

SOLITARY MUSINGS.

When the wind hath music, solace and grace,
And the sea sings a charm of deepest sound,
As the swelling waves foam, and dash over the strand,
And the winds and the billows are heard alone,
Then I love to stand listening, alone, near the sea,
For the power of such music's commanding to me.

When the river sleeps calm, and with mirror'd breast,
Bleeding heart and purple, with purest deep,
When the stars rally round her, their lights to keep,
Then I love to stand listening, alone, near the sea,
For such scenes, of a calmer, and purer world present.

GOOD MALLINER.

When the modest May flowers their petals unfold,
To Spring's balmy breath which in Zephyr play round,
When the emerald mosses are decked with gold,
And the sunbeams brightly in foliage seem to glow;
When the stars rally round her, their lights to keep,

Then I love to stand listening, alone, near the sea,
For such scenes, of a calmer, and purer world present.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents
to the attention of Mothers, the
SOOTHING SYRUP,

For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. &c. Attest this powerful
child's syrup, and you will be enabled to produce the desired effect, giving Rest to the Mother, and Relief

and Health to the Infant.

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Distress or Diarrhoea after being given over by the attending Physician.

Mr. Blackman, of Edgerton says, it has never failed to cure him, and he is anxious to have it sent to him.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Colic.

Lately I sent him the Soothing Syrup, and it always effects a speedy cure.

Hundreds of like instances might be enumerated.

GOOD POSITIVE.

Mosse, CURTAIN FERNS.—Please send us
a few copies of "Sister Fern," we are selling
a large quantity of it, and from what we can learn, it

is used with uniform success, both by children and adults, in all cases of Dysentery or Diarrhoea.

Yours respectfully,

W. H. MORSELL.

New-York, July 10th, 1853. 215 Bowery.

Hour the Brooklyn Daily Advertiser, of June 12th 1853.
