75c per bushel so long as the present relations between demand and supply are maintained. The amount of wheat exported from the United States alone last year was 72,404,000 bushels, besides 3,946,000 barrels of flour, and 85,461,000 bushels of corn. The truth is that nothing short of a erious failure in the wheat crop can reluce the supply below the demand. way extension is, moreover, constantly pening up wheat-growing districts, not bly Manitoba and the North-West Terri cory, where a virgin soil affords luxuriant ops. With beef commanding high ices in England, with improved facilities or the trans-oceanic transportation of live stock, and especially with the encouraging reports recently received that a large num r of buyers will visit Canada during the spring, there appears to be ample enco nent for the development of stock raising by Ontario farmers.

It is interesting to know, on the author ity of the Barrie Gazette and the Kingston Whig, that the suggestion to remove Mr. Mackenzie from the leadership of the party was not made because of any dishonesty r disreputable conduct on his part, politial or social. Nobody ever supposed that Ir. Mackenzie was either "d shonest" or isreputable," but it is well that he should have such a reliable certificate of character, and no doubt will duly appreciate it. Outle the Grit ranks it is generally supposed remier is that a sacrifice is deemed neces ithful, who were so cruelly undece e late elections; or else that the rank nd file feel he is incompetent to worthily I the lofty position to which they have

It is amusing to observe the efforts which are being made by some Reform journals to advocate the appointment of Mr. Blake to the leadership of the party, and yet endeavour to make it appear that Mr. Brown and Mr. Mackenzie have led the party with energy and skill. The Canadian Post urges the necessity of adopting every reasonable and proper means to place the party in the strongest possible position in Parliament and be fore the country. That the selecion of Mr. Blake for the leadership would have that effect, it holds to be indubitable. nd declares that such is the opinion of the Liberal party. It is difficult to understand hy Messrs. Mackenzie and Brown should nake way for Mr. Blake, if, as is claimed, e former showed skilful management at the late elections. Perhaps one reason is be found in the scanty number of apointments made by the Reform Premier fter his defeat. At all events, it seems hard that the two old leaders should rewe the cut direct from the party, when they are striving to score a point in the litical game by playing the social card,

That the colonies are competitors with the English farmers for their best hands, is a fact which the Kentish difficulty will npress on the minds of the farmers of the Mother Country. It is admitted that by reducing wages to starvation point the farmers are only stimulating emigration. Farming has become unprofitable in Engd by reason of the increased rents de ive competition encountered from for the value of meat imported from abroad has more than doubled, while that of als and meat together has trebled. s an absolute necessity to prevent distress igration of the best portion of the agriltural labour. Already farms are being brown upon landlords' hands, and a crisis be approaching. The plea of Hodge for an increased pittance will untedly lead to an earnest discussion reecting the tenure and rent of land in the advantages afforded by the colonies agricultural labourers and small farmers

VEGETINE Purifies the Blood. Reno vates and Invigorates the Whole System.

ITS MEDICINAL PROPERTIES ARE Alterative, Tonic, Solvent and Diuretic VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humour, Tumours, Cancer, Cancerous Humour, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faint ness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism.

cured through the blood. For Ulcers and Eruptive Diseases of the Skin. Pustules Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm.

VEGETINE has never failed to effect a permanent cure. For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrheea, arising from internal ulceration, and uterine diseases and General Debility, VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the

bowels. For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness, and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, will shortly be promoted to the rank of Admiral, and will then visit Halifax to the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and anothecaries whom we know, to prescribe and In fact, VEGETINE is the best remedy yet discovered for the

above diseases, and is the only reliable BLOOD PURIFIER yet

placed before the public. WHAT IS VEGETINE? It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good sweet sleep at night. It is a great panacea for our aged fathers and mothers, for it gives them strength, quiets their nerves and gives them Nature's sweet sleep—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and cure all diseases originating from impure blood. Try the VEGETINE. Give it a fair trial for your complaints; then you will say to your friend, neighbour and acquaintance, "Try it; it has cured me."
