The policy of the Company has from the first been liberal and patriotic, and speedy development is now going forward. Your worthy enterprise and laberality of the Company. The very considerable measure of prosperity now enjoyed, the harmonious and neighboury spirit which prevails, and the contentment among the settlers prove, be rond question, that the plan is a good one when ably and honestly acted upon. (3) THAT unprecedented success will, in the opinion of our Memorialists, sharacterize the trajet of a Company which disabances, efficiently the duties assumed nader the Colonization Agreement. Adverse oribinism at so early, a stage very an antagonism that would condemn untried. Your Memorialists have abundant evidence of increased prosperity in the future, and deplore that a landable and wisely-devised system should be manuferstood and defamed. With entire confidence is and approval of the Colonization method, the Com-pany itself, and its administration, your Memorialists enter heartily into the congenial work of developining and baautifying their respective farms in this fertile portion of the Canadian North-West.
