Folder on Irrigation in Western Canada

The growing importance of irrigation in the agricultural development of Canada is suggested by a new folder just issued by the Department of Natural Resources of the Canadian Pacific Railway. The folder deals with the irrigation enterprises in the neighborhood of Calgary. It is handsomely illustrated and complete with valuable information for the farmer and home-builder. A copy may be had free by writing the Publicity Branch, Department of Natural Resources, Calgary, Alberta.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Trainmen Met at Fredericton

The representatives of the various New Brunswick lodges of the Brotherhood of Railway Trainmen met at Fredericton Thursday afternoon. The meeting was purely an organization one, S. H. Shaw, of St. John being elected chairman, W. Brock Allen of Fredericton, vice-chairman, and R. L. Welling, of Moncton, secretary. Others present included Claude Taber, of Woodstock, A. W. Finch, of St. John, and F. J. Beers, of Moncton.

Foolish Taxation

Every time the worker improves his little home around comes the assessor and fines him for his enterprise. The larger the manufacturer builds his factory, the higher they pile up his tax rate; while the speculator who holds on to vacant lands gets off comparatively free. Every manufacturer who enlarges his factory, every merchant who enlarges his premises, every citizen who improves his home is a public benefactor. The more buildings that are erected, the more houses that are built, the more factories established, the greater grows the value of the vacant land held for speculative purposes. It is the people who build up the city who have created the value of that vacant land. Why should we tax the manufacturer, the merchant, and the worker for their enterprise? Take the tax off industry and place it on speculation. Don't fine the men who build up our cities, and let the speculator grow rich on the land values they have created. Place a tax upon land according to its value, and when that is done the speculator will have to let his land go to the fellow who will improve it.—Industrial Banner.

Praise for Late Pte. Brynton

(From the Vancouver Daily Province, June 19, 1916)
Writing to a friend in Vancouver, Lieut. Col. Victor W. Odium, officer commanding the 7th Battalion, tells that when in Poperinghe, recently, he and other Canadian officers hunted up the grave of the late Lieut. Col. Hart McHarg and had it greatly improved. "One of our men, Private Brynton, by name, who is an amateur artist," adds Lieut. Col. Odium, "made a painting of the old cemetery with its French, Belgian and British graves, and the neighboring Belgian military hospital. This I am sending to the Hart McHarg Auxiliary No. 5, General Hospital, Vancouver." Private David Newton Brynton, who enlisted in Vancouver, B. C., and was recently killed in action, was in the 7th Battalion. He was the oldest son of Mr. and Mrs. Albert Brynton, Brynton, N. B. The picture referred to above is on exhibition in Vancouver.—[Ed. Advocate.]

ELDERLY WOMEN SAFEGUARDED

Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."—Mrs. MARY RIDGWAY, Durand, Wis.

A Massachusetts Woman Writes: Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."—Mrs. PIERRE COUNTRYER, Box 239, Blackstone, Mass.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

CANADIAN MAPLES

Ottawa, Aug. 2—Canadian maples are to be planted around the graves of Canadian soldiers in France. Seed of the red and silver maple, ripened at Ottawa, has been sent to London by Dominion Horticulturist W. T. Macoun and planted in Kew Gardens. After the war the little trees from these seeds are to be transplanted to France. Seeds of the larger-leaved maple of British Columbia, are to be sent to London for the same purpose as soon as ripe.

NEEDS NO PAINTING
Amalite stands alone in the ready roofing world. It is the one roofing you don't have to paint. Once laid, it will last for years without any attention from you. For sidings and steep roofs it is supreme. If you could only see how it is made—see the tough, fibrous felt, the dense, non-volatile saturating compound that keeps it water-tight, you would understand our claims. Try some.

A Roofing Triumph
The durability of Amalite is only one of its fine points. The same structural feature which makes it unnecessary to paint Amalite, gives it a distinctive and beautiful appearance. We refer to its perfect waterproofing. It improves the appearance of any building. The best buy in the ready roofing market.

Genuine Stock
The Advocate Job Department has just received a new lot of genuine butter parchment paper, guaranteed pure quality. One and two pound wrappers printed in blue ink that will not soil the butter.

The discovery was made a few days ago at the Citadel Halifax, that the German prisoners there had again attempted to escape. A trench had been dug by them, already eighty feet in length, which was to lead to freedom. Three of the prisoners were caught digging the trench, and these three are now in solitary confinement.
