

War Hero Now Gains 24 Pounds

After Strain of Service Was Almost a Nervous Wreck—Praises Tanlac

Here is another instance of the remarkable reconstructive powers of Tanlac. William J. McCullum of 114 Board St., St. John, New Brunswick, who spent three and a half years at the Front in France and Belgium, wounded five times, gassed and shell shocked and finally invalidated home, states that Tanlac has put him in shape to where he is not only beginning to feel like himself again, but that he has also gained twenty four pounds in weight, besides.

Mr. McCullum is a veteran of two wars. He holds a medal for service in the great European war and also a four bar medal for gallantry in the Boer war.

"I can hardly realize just what Tanlac has been worth to me," said Mr. McCullum, in an interview, recently, "in restoring my health and putting me on my feet. When I got home from the war I was simply a nervous wreck and neither time or medicines seemed to do me any good. I was so nervous and shaky I could hardly hold a cup of tea to my mouth and if my wife happened to drop a fork or knife at the table I would nearly jump out of my chair. In this excited condition, my food could not digest, but would sour and form gas on my stomach adding more misery to my already desperate condition. I would toss and roll most of the night, getting only about two hours restless sleep, and would sometimes have to get out of bed and walk the floor. My condition was distressing in the extreme and seemed to be getting worse all the time.

"Finally someone suggested that I try Tanlac and I got a bottle, having little idea it would do me any good, but it has not only helped me, it has made me feel like a new man. I now have an appetite like a bear, eat just anything set before me without the least effects from it. I have been built up and strengthened until my nervousness is practically gone. I can sleep all night long like a log and my wife has a job waking me up in the mornings. I am now able to do a full day's work and Tanlac gets all the credit for me being on my feet. My nerves have steadied down until I can stand all sorts of noise and sudden jars. When I first began taking Tanlac I couldn't hold my hand steady enough to take a drink of water, but now I can shave myself. I am praising Tanlac to all the boys, especially those suffering like I was, take a 'tip' from me, get Tanlac, for I fully believe I would still be a nervous wreck if I had not taken it myself."

Tanlac is sold in Newcastle by E. J. Morris and in Rdebank by Wm. M. Sullivan.

The Canadian Poultry Situation

No branch of food production has suffered during the war to a greater extent than that of poultry and eggs. In many countries of Europe it has almost disappeared, while in others scarcity of feed and high prices and the closing of markets have compelled serious reductions of poultry flocks. The need thus created is regarded by Mr. W. A. Brown, chief of the Poultry Division of the federal Livestock Branch, as Canada's opportunity to pave the way for a permanent place in the export trade to Great Britain. Mr. Brown expressed this opinion at the first Canadian National Poultry Conference, held in Ottawa this year, the report of which has been published and is available at the Publications Branch of the Department of Agriculture at Ottawa. It was strongly urged at that conference that this is the time of co-operation. The provinces were recommended to co-operate with the Dominion as the great clearing house of operations calculated to promote the industry. The poultry industry was recommended as a means of soldiers' re-establishment by Mr. W. J. Black, Chairman of the Land Settlement Board. He expressed the hope that he would see a small flock of poultry about the homes of every returned soldier who becomes settled on the land.

A Courteous Hint.

After talking for a good twenty minutes without stopping, an awful bore finished by saying:

"I can speak English, French, Italian and Spanish, but I prefer to speak English—the fact which all his hearers had noticed."

"And in which language," said one of them, with a most amiable smile, "do you prefer to hold your tongue?"

F.W. Sumner Died Suddenly In St. John

F. W. Sumner Agent General for New Brunswick in Great Britain, died suddenly Thursday afternoon at the Royal Hotel shortly after three o'clock. The news spread quickly about the city, and was received with many expressions of surprise and grief.

Mr. Sumner arrived from Moncton on the noon train, accompanied by his wife, and his daughter, Mrs. McDouall. After lunch at the Royal Hotel he went to the rotunda and sat down in his chair there. Shortly before three o'clock, Mr. Murdock, an engineer of the Northern Electric, and Mr. Nesbitt, of the same company, noticed that Mr. Sumner appeared ill. He was at once taken to his room, and Dr. Addy was summoned by telephone. The doctor soon arrived, but in spite of all he could do, Mr. Sumner passed away at twenty minutes past three. Death was due to acute indigestion, complicated by heart trouble. Deceased had had several serious attacks of illness recently, and seven or eight years ago underwent an operation in Montreal.

When Mr. Sumner was taken ill messengers were sent out in search of his wife and daughter who had gone shopping, and they were found in a shop and hurried to the hotel. A meeting of the Board of Directors of the New Brunswick Telephone Company, which Mr. Sumner had come to St. John to attend, was in progress, and when the Board was notified by telephone of his sudden death it adjourned out of respect to his memory.

The remains were taken to Moncton on the late train Thursday night. Mr. Sumner was one of the best known business men of the province, and had also taken an active interest in its political life for many years. Some years ago he accepted the position of Agent General for New Brunswick in London, stipulating that he was to receive no salary for his work. While his large business interests frequently called him back to Canada, he spent most of the years in London, and as Agent General extended a hearty welcome to New Brunswick soldiers visiting London, as well as to business men and travellers. The work of his office during the war was arduous and important, for he made a point of keeping in touch with the wounded men of the province as far as possible and letting their relatives know how they were getting on. He was frequently called upon by people of the province to undertake special missions on behalf of their soldiers, and his work in this connection was much appreciated.

Besides conducting a large hardware business at Moncton, Mr. Sumner was identified with many important business enterprises. He was president of the Atlantic Underwear Co. Ltd., one of the thriving industries of Moncton; president of the New Brunswick Petroleum Co., president of the Kent Freestone Co.; president of the Kent Brunswick Wire Fence Co.; director of the Moncton Tramways, Electric and Gas Company; director of the New Brunswick Telephone Co.; director of the New Brunswick Gas and Oilfields Co. Ltd., and director of the Humphrey's Glass Co. Ltd.

Politically he was a Conservative, and in 1908 he was an unsuccessful candidate for the House of Commons

for Westmorland. He took a great interest in the municipal affairs of Moncton, and was mayor of that city for six terms. He was at one time president of the Moncton Hospital Commission, and when the Jordan Memorial Sanitarium was established he was appointed a commissioner of that institution. He was Honorary President of the Canadian Club of Moncton, and the Royal Automobile Club of London, England. He was also a prominent member of the A. F. and A. M. and in religion was a Baptist.

Mr. Sumner was born in Moncton in 1855, and was educated at the private school in Moncton, and the Model School, Truro, N. S. In 1879 he was married to Margaret T. McEwen, Moncton. He leaves one son, Roy who is in New York, and two daughters. The funeral was held in Moncton on Sunday at 2.30 p. m.

What They Called 'Im.

Mr. Higgins: We christened 'Im Aroid, from the 'ymn book.

Mrs. Higgins: But dearie, I've never seen 'Aroid in the 'ymn book.

Mrs. Higgins: Oh, but surely you've 'eard 'ark! the 'arold hangels sing!

—Passing Show.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Frezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Doaktown School Report for Oct.

Following is the standing of the pupils in the Doaktown Superior School, to the end of October.

Advanced Department.

Grade IX.—Annie McNaughton.
Grade VIII.—Chauncey Amos 1, Grace Murray 2.
Grade VII.—Grace Robinson 1, Eldon Betts 2, Wallace Betts 3.
Grade VI.—Jessie Murray 1, Charlotte Carr 2, Paul Swim 3.

Primary Department.

Grade IV.—Leon Mitchell and Percy Holmes 1, Waldo Holmes 2, Hilda Miner 3.
Grade III.—Gerald Mitchell 1, Freda Johnston 2, Byron Amos 3.
Grade II.—Russell Dixon and Katherine Bamford 1, Meady Carr 2, Annie Beek 3.
Grade I.—Isabella Holmes 1, Muriel Patstone 2, Verna Brown and Bernice Parker 3.

GENUINE ASPIRIN HAS "BAYER CROSS"

Tablets without "Bayer Cross" are not Aspirin at all

Get genuine "Bayer Tablets of Aspirin" in a "Bayer" package, plainly marked with the safety "Bayer Cross." The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

Chicken Bones à la Neilson

HAVE you ever eaten chicken bones? No! Not the bones of a bird, but a chocolate coated mixture of chopped figs, cream and sugar.

They taste delicious, so let us tell you how we make them.

We buy rich, juicy figs from Smyrna, cane sugar from Jamaica, cream direct from the farm, and blend all three into a delicious confection.

The figs are minced, the sugar and cream is made into a paste, and then the figs are rolled in the paste until a complete mixture is formed. This is rolled to the diameter of a pencil.

The figs are in the middle. The paste is then cut into two-inch lengths. Each contains its portion of figs. From there the "chicken bone" goes to the dipping room, where it receives a coating of very smooth and delicately flavored chocolate, and so on into the box.

Next time you Buy a Box of Neilson's, watch out for the "Chicken Bones."

Neilson's

"The Chocolates that are Different"

COUGHS AND COLDS

demand prompt attention. They pave the way for "The Flu".

HAWKER'S TOLU and CHERRY BALSAM

should be taken immediately the cold or cough makes itself felt. If taken soon enough, it will break it up in 24 hours.

Read the following testimonial. We are receiving letters like this in every mail:

"I take great pleasure in stating that I have used Hawker's Tolu and Wild Cherry Balsam in my family for years and find it an excellent remedy for coughs and colds."

THOMAS McAVITY,
St. John, N.B."
