

# REID-NEWFOUNDLAND CO.

## Labrador Service---Last Trip for This Season.

S. S. "SAGONA" will sail from the Dry Dock Wharf, St. John's, at 10 a. m. on THURSDAY, November 11th, calling at the usual Labrador ports of call.

### WHY FERRO ENGINES Are the World's Standard.

REMARKABLE GROWTH—from a twenty by thirty foot workshop to the largest Marine Engine Factory in the world—from an annual business of twenty-five hundred dollars to one of millions—from this small beginning to world-wide reputation in nine short years—these are the facts that make the claim of Ferro superiority more than an idle boast.

Such an enviable and widespread reputation can only be based upon one thing—ACTUAL MERIT. To gain this reputation Ferro Engines must have delivered the service claimed by the makers.

Ferro quality built this factory, covering almost eight acres and employing over 1600 people the year round—the largest marine engine plant in the world. It will pay you to read the Ferro Treatise Catalogue giving Photos of the Ferro Factory, showing men making and assembling various parts of the engine. It will pay you to ask for our prices and easy terms. Write for easy payment plan NOW, before you forget it, to
