

The Brigade Division Camp.

We believe it is as good as settled that the Second Brigade of the First Division of Volunteers will have their camp in Guelph. This Brigade comprises the Perth, Waterloo, Wellington, Huron and Bruce Battalions, and the Guelph Field Battery, the whole numbering over 1,500 men. The matter will be definitely settled as soon as a proper parade ground can be obtained. We understand that the Quartermaster, the Mayor, and some of our citizens intend to see Mr. Wm. Hood, and obtain his consent to use the racecourse as a suitable place for drill and Brigade evolutions. We have no doubt but that he will readily grant it. The Exhibition ground could be used as a camping ground, or perhaps the bush belonging to the Mitchell Estate, near the Race course, could be obtained. We believe the intention is to form the camp in the first week in July, but the exact time is not yet fixed.

We hope to be able in a day or two to give more information on the subject; meantime we trust that our town officials will do all in their power to get suitable places for camping and for drill.

The Reciprocity Treaty.

A Washington correspondent of the N. Y. Tribune sends to that journal an outline of the proposed reciprocity treaty between the United States and Canada. He states that it has been for some days before the Senate, not as a perfect document for ratification, but rather a suggestion of what is proposed for preliminary advice. It was drawn by Secretary Fish on the part of the United States, and Sir Edward Thornton and Hon. Geo. Brown, on the part of Canada. The following are the propositions contained in this rough draft of a treaty:—

1. Abandonment on the part of Great Britain and of Canada of all claim for compensation on account of the concession of the United States by the Treaty of Washington of the privilege of the "inshore fisheries."

2. The free admission and interchange of all natural products of the United States and the British Provinces.

3. The reciprocal free admission of manufactured products of the two countries, specifically enumerated.

4. Welland and St. Lawrence Canals to be built by the Dominion.

5. Caughnawaga Canal to be built by the Dominion.

6. American and Canadian built vessels may carry cargo and passengers from any port on the great lakes and river St. Lawrence to any other such port.

7. All canals on either side of the boundary to be open, under the same conditions, to the citizens of the two countries.

8. Lake Michigan to be open to Canadians as the St. Lawrence has been to the Americans.

9. Canadians may purchase American vessels and register them as Canadian, and Americans may purchase and register Canadian built vessels in like manner.

10. Joint Commission to regulate the navigation of the St. Clair Lake and River.

11. Joint Commission for propagation of fish.

12. Joint Commission for the regulation and maintenance of light-houses.

13. Joint Commission for regulating interchange of traffic at Custom-houses on the line.

14. The Treaty to continue in force for 21 years.

The Treaty has been laid before the Senate by the President for advice and consideration; and the correspondent says that according to the advice which it may give will depend further action in the way of negotiation and settlement of details. If the Senate reports favorably the Treaty will be at once perfected and sent back for ratification. A despatch from Ottawa says it is understood in well informed circles that the only question that stands in the way of the completion of the Treaty is the unwillingness of the Washington Government to admit Canadians to their coasting trade. Our Government, however, are not without hopes of procuring a modification in this respect.

Union of the Presbyterian Churches.

The tears of many, who thought there would be insuperable objections to a union between the Canada Presbyterian Church and the Presbyterian Church in connection with the Church of Scotland, have been happily removed. The resolution of Dr. Cooke in favour of the union was carried by an overwhelming majority in the Synod—89 voting for, and only 10 against it. It now only remains for the necessary steps to be taken in legislation to consummate the union. A spirit of conciliation and fraternal feeling have been manifested on both sides, some of those in the Canada Presbyterian Church who were most strongly opposed at one time to union have gracefully given in their assent, and it will now be accomplished with a unanimity and good feeling which at one time was not hoped for. Every friend of Presbyterianism will rejoice at the auspicious result.

Synod of the Presbyterian Church.

June 5. The debate on the Union question was resumed by Rev. Mr. Lang, who strongly opposed it. Rev. Mr. Macdonnell, of Toronto, spoke as strongly in its favour. After these speeches for and against it, Principal Goodgrass moved in effect that the Union be deterred till the nature and extent of the disapproval or opposition to it be ascertained; also the practicability of removing or conciliating such disapproval or opposition.

After a good deal of discussion, the Synod agreed to the Conference with the Assembly. June 6. The debate on the Union question was resumed and after some time was adjourned, in order to receive the General Assembly of the Canada Presbyterian Church. At a quarter past eleven the members of the General Assembly of the sister Church entered the Church, headed by the Moderator, Ex-Moderator, and Clerk. The Moderator was conducted to the platform by the Rev. D. M. Gordon, who introduced him to the Synod and the Synod's Moderator, and he took a seat on the right of the Moderator of the Synod, amid loud applause. Mr. Croil, Elder, of Montreal, was called on to preside, and after devotional exercises, Dr. Topp addressed the Conference on the terms agreed to by the Assembly for Union.

Rev. Dr. Cook then suggested that the object of the Conference having been gained, and the propositions and explanations of the General Assembly having been fully laid before the Synod, the communication be respectfully received, and the deliberations of the Synod thereupon should take place afterwards. He thanked his God that he had lived to see this day; that he had lived to see his beloved brethren come back in a body and take their seats in this Court from which they went out thirty years ago. He then, from the Moderator's chair, parted with them in sorrow and tribulation of spirit, and he hoped the day was not distant when they should return. Let the Lord of Hosts be praised that prayer was now answered. (Loud and prolonged applause.)

After remarks from other ministers, a motion that the Conference appoint a joint Committee to consider all matters with respect to Union was carried, and it was adjourned.

On Sabbath afternoon an impressive Union Communion Service was held in St. Andrew's Church.

June 8. Rev. Dr. Cook, when the subject of the Union came up, moved an amendment to Mr. McLean's motion—which is opposed to the Union—that the Synod is justified in going into it, and laying down certain specified rules for the Administration of the Temporaries and other funds. Only 10 voted for Mr. McLean's motion, and 80 for Dr. Cook's amendment. The amendment was made amid great applause.

Rev. Mr. Burnett of Hamilton lodged his written dissent against the decision of the Synod.

June 9. The Synod proceeded in a body headed by the Moderator and Clerk, to Knox Church, to hold a Conference with the Canada Presbyterian General Assembly.

In the afternoon the question of forming a Central Home Mission Board was referred to Presbyteries.

Rev. Mr. Lang submitted an overture on the evils of intemperance, and submitted a scheme for a temperance union, which was adopted.

Some matters in connection with the Foreign and French Missions were discussed.
