The success of Mr. Wm. A. Garner, of Flint, Mich. (a former resident of Middlesex), is thus referred to by Mr. C. A. Cameron, of the firm of Perry & Cameron, druggists and grocers, Flushing, Mich.: "Thinking it might be of interest to readers of the ADVERTISER—especially those of Middlesex county—to learn of the election of our esteemed townsman, Wm. A. Garner, to the office of sheriff of this county by the Republican party, I pen the following: His election was largely due to the popularity received in doing some very fine detective work in some of our very important criminal cases. Mr. Garner was born in the township of West Nisour, Aug. 9, 1840, and resided there until 1865, when he came to this village and immediately began laying the foundation for citizenship. Having held many local offices, he made a host of friends, as his election indicates. Mr. Garner is the first Canadian who has ever been elected to a county office in this county. He is now located in the city of Flint, armed with the authority of the office of sheriff, where he would be happy to meet any of his former friends who, perchance, might be passing through the city."

## A FRONTENAC MIRACLE.

Relief Comes When Hope Has Almost Fled.

An Ex-Councillor of Oso Township Tells of His Release from Suffering—His Neighbors Vow to His Statement—A Marvelous Cure That is Now a Household Word.

### (Kingston Whig.)

The readers of the Whig will remember that our reporter, Sharbot Lake, on two or three occasions last winter, wrote of the serious illness of Edward Botting, a well-known and respected resident of the township of Oso. Mr. Botting was so low that his friends had no hope of his recovery, and although of an energetic disposition and not the kind of a man to give up easily, he even felt himself that life was slipping from him. Later we learned that Mr. Botting's recovery was due entirely to the use of that remedy which has achieved so many marvelous cures that its name is now a household word throughout the land—Dr. Williams' Pink Pills for Pale People.

Our reporter visited Mr. Botting at his home on the picturesque shore of Fucor Lake. Mr. Botting is a very intelligent and agreeable gentleman some 75 years of age, but looking and acting as smartly as a man twenty years younger. He is probably the best of his own township in this section. He was postmaster at Fucor for fourteen years, and a councillor of the united townships of Bedford, Oso, Olden and Palmerston for ten years. He gave the Whig representative a cordial greeting, remarking that it was his favorite paper and that he had been a constant subscriber for 49 years. Mr. Botting readily consented to give his experience in the use of Dr. Williams' Pink Pills, saying that he believed it was a duty he owed to humanity to let the public know what they had done for him. "I was about two years ago," said Mr. Botting, "that I first began to feel that I was not my old self. Up to that time I had been exceptionally strong and rugged. My illness first came in the form of kidney trouble, which seemed to carry with it general debility of the whole system, and none of the medicines that I took seemed to do me any good. I am not of a disposition to give up easily, and I tried to fight off the trouble and continued to go about when many another would have been in bed. Things went on in this way until about a year ago, when I had a bad attack of grippe, and the after effects of that malignant trouble brought me so low that my friends despaired of my recovery. I did not give up myself, for that is not my disposition, but when I found that the remedies I tried did me no good, I must admit I was discouraged. I was troubled with severe and constant pains in the back, sensations of extreme dizziness, weakness, and was, in fact, in a generally used-up condition. I had read frequently in the Whig of Dr. Williams' Pink Pills, and at last the conviction forced itself upon me that they must have some special virtue, else they could not obtain such strong endorsements in all parts of the country. The upshot was that I determined to try them, and I bless the day that I came to that conclusion. Before the first box was finished I felt benefited, and I continued their use until I was as strong as ever. I have lately worked hard and find no ill effects therefrom. I consider Dr. Williams' Pink Pills the best medicine sold, and you may say I would not be without them in the house if they cost \$5 a box. All my neighbors know what Pink Pills have done for me," said Mr. Botting, "and I would just like you to ask some of them."

Your reporter asked upon the hint, and first saw Mrs. L. Kish, a daughter of Mr. Botting. Mrs. Kish said: "What my father-in-law told you is quite true. It was Pink Pills that cured him, and we are very, very thankful. Father is now as smart as he was twenty years ago."

Charles Knapp, a prominent farmer, said: "I consider Mr. Botting's cure a most wonderful one, and I believe he owes his life to Dr. Williams' Pink Pills." Your reporter called at John W. Knapp's, and found that gentleman away from home. His wife, an estimable and intelligent lady, said: "We are aware that Mr. Botting was very sick for a long time, and considering his age thought it unlikely that he would recover, but he is now as smart as he was ten years ago, and he ascribes it all to Dr. Williams' Pink Pills."

Mr. Avery, reeve of the township of Oso and warden of the county of Frontenac, merchant, told your reporter that he has a large and constantly increasing sale for Pink Pills, and from all quarters has good reports of their curative qualities.

H. W. Hunt, a commissioner and school teacher, said he had known Mr. Botting for a number of years and considered him a well-read and intelligent gentleman, who, if he had Pink Pills had cured him, could be depended upon to make a very conscientious man who would not make a statement that was not accurate.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of a grippé, diseases depending on humors in the blood, such as scurvy, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's true logo and wrapper at 50 cents a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations, whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

## Snap No. 1

The present actual circulation of THE TORONTO TIMES is slightly in excess of 12,000 copies each week, and its publishers intend to double this during the next month. How can we do this in a single month? The plan is to give the reading public a SNAP.

### What is the Snap?

We have purchased from one of the leading and most reliable wholesale jewelry firms in Canada, one hundred gold, silver and nickel watches, all first-class timekeepers, and suitable for ladies, gentlemen, boys and girls.

One of these watches will be given to each of the first one hundred persons (should there be that many) who are able to supply the missing word in the following verse.

Should there be more than 100 sending in correct answers we will give an additional reward of value (in China or Silver) to each of the second hundred. All of the above will be given away for correct answers in our Leisure Hour Club contest.

### Missing Word Verse.

I laid to earth, so cold and gray,  
"An emblem of myself thou art;"  
"Not so," the earth did seem to say,  
"For Spring shall warm my frozen heart."

If you care for SNAPS and your answer as to what you think the missing word is, with your name and address today, accompanied by 25 cents silver for ten three-cent stamps for THE TIMES on trial for five weeks, which will contain full particulars of The Leisure Hour Club contests, a most interesting feature conducted for the entertainment of the bright ones among our subscribers.

The names and addresses of the 100 persons entitled to the one hundred watches will be published in THE TIMES of January 14th, 1893.

THE TIMES is a large, 16-page family newspaper, issued every Saturday morning, and is sold throughout Canada by newsboys and newsdealers at 2 cents a copy. After you have received it regularly for five weeks, you will say as everyone does, "Can't keep house without it." Address
