To the Editor of The Advertiser: We, the undersigned have had our attention called to an article in your paper referring to certain remarks that were made by Rev. Dr. Sowerby during the delivery of an address last Sunday evening.

We believe that we are all well known in the city, and that we are reputable citizens, and we flatly contradict the statement that remarks of a slighting charater in reference the soldiers and colors were made. It is not so. Some of us were upon the platform at the time, and we know whereof we speak. Dr. Sowerby was speaking of the trend to Sabbath desecration at the time, and had no reference whatever to the soldiers, but

It was a training to be a "wild boy" with a circus the little fellow was given, and for a week after he was kidnapped from his parents he underwent the tortures that have driven him almost insane. Even now, safe at home and guarded by the police, the child is in terror and flees at the sight of a stranger to some hiding place.
