ASKING COURTS TO DECIDE IF CARTERS **ARE LIQUOR AGENTS**

License Board Lays Charge to Test the Law.

CONTENTION DEALERS'

Claim They Are Entitled to Representatives in This Province.

Whether persons acting as carters Ontario for liquor firms with headuarters in Quebec are to be consid-red as agents, and whether such rms are entitled to have agents here, will be decided when the decision in test case being made by the Ontario License Board is given out. The board will make a charge against a former shopkeeper who has

been acting as an agent.

The liquor dealers contend that they are entitled to have a representative in various parts of the province for the purpose of transmitting orders.

A local brewer stated to The Adver tiser that as far as he knew there were no actual agents of outside liquor firms in the city. Shopkeepers and others, he stated, kept supplies blank order forms, but the purchaser

forwarded the order himself. "Other shopkeepers have becom carters," he said, "and merely deliver goods ordered from outside places. Their licenses entitle them to deliver all kinds of goods, but in the majority of cases 90 per cent of their delivery

RELIEF FROM INDIGESTION

The Most Common Cause of This Trouble Is Poor Blood.

All conditions of depressed vitality tend to disturb the process of diges tion. There is not a disturbed condition of life that may not affect digestion. But few causes of the trouble are so common as thin, weak blood. It affects directly and at once the process of nutrition. Not only is the action of the gastric and intestinal glands diminished, but the muscular action of the stomach is weakened. Nothing will more promptly restore diresuve efficiency than good, red blood. Without it the normal activity of the tomach is impossible.

Thin, pale people who complain of ndigestion must improve the condition of their blood to find relief. The most active blood builder in such cases is Dr. Williams' Pink Pills. They make the rich, red blood which quickly estores the digestive organs to their proper activity, and the dyspeptic who has hated the sight and smell of food now looks forward to mealtime with pleasure. As proving the value of Dr. Williams' Pink Pills in curing indigestion, Miss Edith M. Smith, R. R. No. 4, Perth, Ont., says: "I can honestly say I owe my present good health to Dr. Williams' Pink Pills. My stomach was terribly weak and I suffered from indigestion and sick headache, and was always very nervous. I was troubled this way for nearly three years. and in that time took a great deal of octors' medicine, which, however, did not help me. I could not eat anything without experiencing the most agonizing dain. My sick headaches were most vioent, and I could not rest night or day. was asked one day by a friend to try Dr. Williams' Pink Pills, and consented to do so. BUSINESS THRIVING, LABOR IS SCARCE IN CITY AT PRESENT

London reports to Bradstreet's say that Western Ontario business is unusually active. Country trade is especially brisk, and with record prices being paid for produce of all kinds, farmers are buying liberally. Hardware, groceries, boots and shoes and mil-linery lines are experiencing a thriving trade. Local retail business is brisk. Both cottons and woolens are scarce, and some lines of woolen goods are commanding a price 100 per cent in advance of that obtained before the war. Butter and eggs as wel as cheese are selling at higher figures than have been obtained for years. Labor is scarce. Collections continue to be good.

A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa.—Do you wear glasses? Are you a victim of eyestrain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderfull free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses, and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear, I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and multitudes more will be able to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist, and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Standard Drug and W. T. Strong sell it.
