Manager of Country Club Scares Thieves By Ruse

Canadian Press Despatch.
Toronto, Aug. 15.—Three armed
men, masked and apparently well-
informed, forced an entrance some-
time after midnight into the premises
of the Lake Shore Country Club on
the Toronto-Hamilton Highway, near
Port Credit, and, banging at the door
of J. Pember, the manager of the
club, threatened to "finish" him if he
did not hand over the keys of the
rooms where valuable silver cups and
other things were kept.

Mr. Pember and his wife tried to
get assistance by telephone, but
with difficulty, as the connection
was broken. The burglars finally
forced their way through the door, and
at the same time Pember shouted into
the telephone, "Come quickly! There
are armed robbers in the club! The
ruse worked, and the three men ran
down the hallway and cleared away.
Residents of the neighbourhood were
aroused and formed a search party,
but found no trace of the marauders.

DOUBTS AMERICA WILL TAKE HAND IN EUROPE'S CASE

Coolidge Government Reaffirms
Its Position on Repara-
tions Question.

PROTECT INTERESTS
Associated Press Despatch.
Washington, D. C., Aug. 15.—Any
impression abroad that there has
been a modification in the American
government's attitude on reparations
was said on high authority here to-
day to be wholly unwarranted.

Surprise was expressed that un-
usual notice had been taken in Lon-
don of the outline of this govern-
ment's position as given to the pub-
lic yesterday from the White House.
It was pointed out that the White
House spokesman had reaffirmed
completely the position to which the
United States had held since the re-
parations problem first became acute,
and had asserted categorically that
the policies of President Coolidge
would be maintained.

Further, the White House sur-
face that the United States would
give "ready response" to proposals
from Europe looking to United States
aid was coupled with the specific im-
plication that it would be the first bus-
ing of the new administration to
see that any course adopted served
United States interests.

It was also emphasized again that
the policy of the outline of the Wash-
ington government as announced by
Secretary Hughes in his New Haven
speech last December were un-
changed.

Reports of developments in Lon-
don, Paris and Berlin continue to be
studied closely here, but the fact that
the cabinet at the first meeting yes-
terday with President Coolidge did
not discuss foreign affairs at all, is
accepted as sufficient evidence that
the United States government is not
preparing to assume any active role
in the present crisis.

**CHINA TO ESTABLISH
COMMERCIAL FLYING**
Planes From American Factory
Ready For Highly-
Trained Pilots.

Associated Press Despatch.
Peking, Aug. 15.—Commercial avi-
ation on a fairly extensive scale is to
be established immediately in China.
Planes have arrived here from the
United States and soon several routes
will be opened up to link important cities of
the republic. Passengers, mail and parcels
will be carried.

The Great China Airways Company
has been organized by James S. Allen.
He met with considerable difficulty in
financing his venture, started, as last
November, when he secured five hun-
dred dollars to start on a project of
importing airplanes from the United
States.

The case was fought
in the United States court at
Shanghai, and his right to conduct a
commercial service was clearly es-
tablished. A powerful group of
Chinese capitalists are behind the
project, and the government has
