The Second Cable Laid!

Chicago, Sept. 12-The following depatch was received here on Sunday evening, the 9th, and was accidentally overlooked:

Heart's Content, Sept. 8-Since Sunday morning, Sept. 2d, uninterrupted success has followed the Great Eastern, and she laid the shore end of the cable of 1865 on Saturday afternoon, Sept. 8th, at 4 o'clock, under a salute from the ships of war in the harbor and tremendous cheers from a large crowd of enthusiastic spectators. This is the second triumph of oeean telegraphy. The electrical condition of this cable is most perfect, and messages are now being sent and received over it. The Great Eastern sailed on Sunday, the 9th, for England. The Medway also leaves on Sunday for the Gulf of St. Lawrence with Cyrus W. Field and A. M. Mackay on board, to lay a second cable from Port Au Basque to Gaspe Bay. The Medway is accompanied by the Terrible and Lilly.

San Juan, Monterey County, Sept. 10-B. B. Baker, County Surveyor and Justice of the Peace, was shot and killed in Kemp's saloon, at 9 o'clock this morning, by W. V. McGarvey, County Assessor. Both parties have been for several years residents of this place, near neighbors and intimate friends. Some months ago Baker lost \$2,000, in coin, which he had buried in his yard, and has been vainly endeavoring to obtain some clue to it's recovery or the detection of the thief. Lately, it is thought, his mind has become shaken by brooding over the loss of his money and the futility of all his efforts to get traces of it, and he has gone around publicly threatening to take the life of a certain man whom he declared he had cause to suspect. McGarvey, supposing bimself to be the party suspected, sought to pacify Baker, but was violently repelled and plainly told by Baker that he was the man. McGarvey then armed himself with a double-barreled shot-gun and came into the saloon where Baker was sitting down reading a newspaper. There were no witnesses to the affair, but the result was, McGarvey shot hin dead, and then went to the office of Justice Whitney and surrendered himself. Baker was a native of North Carolina, a man of good character, but impulsive in his nature and of extremely violent temper. He leaves a wife and two children. McGarvey has always been considered one of our best citizens, remarkably peaceful and conciliating in his disposition. An inquest and examina-

he unpleasant effects of opium.

Earl Russell has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manila, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholers) has been tound to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S, England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Disrrhea and other diseases, and am most perfectly satisfied with the results."

Pr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhosa."

Extract from the General Board of Health London, as to its efficacy in Cholera. "So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months's evere suffering, and when all other medicines had failed."
