"Commend me to the Intercolonial for many things. The officials are obliging; the employes polite; the accommodations good and the scenery along the line superb. The pictures that are flashed past the car windows equal in wild, rugged beauty anything to be seen in Switzerland, the Rocky Mountain region, the Table lands of Mexico, or the inland sea country of Japan. The Intercolonial is noted as a sportsman line.

"The finest salmon rivers in the world flow under the great bridges of this line, or sweep along its embankments. Great forests, literally alive with game, from the tiny red squirrel to the stately bull moose, the grandest quadruped of North America, are to be found in huge tracts all the way from Moncton around to Quebec. It is here the sportsman can find sport the health seeker health, and the sightseer an opportunity to commune with Dame Nature in her wildest and sternest moods."

Mr. Henry Graham, Wingham, writes: "I was in North Dakota last May and I took a bottle of Northrup & Lyman's Vegetable Discovery with me, as I did not feel safe without it. While there a lady friend was suffering with indigestion, billousness and headache. I recommended the Vegetable Discovery to her and she tried it, and the result was that't did her so much good that I had to leave the balance of the bottle with her."

innings lasted about 3 hours and consisted of 91 hits as above all round the wicket, and not one being the semblance of a chance. The two fives and nine of the fours were run out, and 23 were boundary hits. Mr. Lyon never passed the century mark before, but he did it yesterday with a vengeance. The performance is all the more creditable as Houldsworth, Peterboro's pro. is a first-class tricky bowler, and the team besides includes good trundling talent. Parker and Burnham were the only visitors who did not try their hand with the ball. Lyon took two overs before luncheon and then batted from 3 o'clock to 6 without disaster. Lyall's 31 were made in
