Ten Years After

Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is *ten times greater* than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA. It speaks for unusual service.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headache, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

LAWRENCETOWN SCHOOL EXHIBITION

An Important Annual Event Which Takes Place in Our Sister Town

The annual school exhibition was held in the Demonstration Building Lawrencetown on Thursday, Sept 16th.

Through the early part of the day the various committees had been busy arranging the exhibits and awarding the prizes.

Promptly at 2 o'clock an address was delivered by Judge Longley after which the exhibition was declared open by the president, Dr. L. R. Morse.

On entering the exhibit room one saw exhibits from Lawrencetown, Paradise, Clarence, South Williamston, North Williamston, Erickton, East Inglisville and West Inglisville, all very carefully and artistically arranged.

In the early part of the season it was decided to give each section having eight school gardens, five dollars out of the exhibition fund together with any additional sums which the individual sections might wish to donate. These gardens were to be under the control of the various committees appointed by the sections. But the products were to be brought to the exhibition at Lawrencetown. Consequently as one entered the room, they saw one long table nearly the whole length of the room laden with various vegetables grown by the scholars of the various sections in their school gardens.

One new feature of the exhibition this year was the "Farmers' Collection" consisting of fruits, vegetables, canned goods, etc. grown and arranged by the farmer. Of these Mr. Edgar Shaffner, Williamston, received first prize and Mr. T. G. Bishop, Lawrencetown, second. The other collections were good and had there been more prizes offered, there is no doubt but each would have received one.

One afternoon of each week is spent in sewing. This sewing class is conducted by several ladies of the town. And as a result of their labour, there was a splendid display of needlework exhibited by the scholars consisting of tea aprons, bags, samples showing different kinds of stitching (done by the smaller ones) also patching, darning and several very creditable pieces of crocheting.

Apart from the children's needlework there were some beautiful pieces of crocheting and embroidering exhibited by ladies of the different sections. Some very noticeable pieces were those exhibited by Mrs. W. E. Palfrey, Mrs. Shaffner, Mrs. F. B. Bishop and Mrs. Slaughenwhite.

Another department that deserves special mention were the paintings by Mrs. F. H. Beals and pupils among them being several paintings of picturesque spots along the Annapolis River in and near the town.

As we pass on we come to two show cases well filled with cooking, consisting of bread, cakes, biscuit, tarts etc. The work of the girls of the various sections.

Next we visit the manual training department. Here were many articles made from cardboard besides paper weaving, paper folding and cutting by the smaller scholars. Besides there were many useful articles made from wood by the older scholars. This work was under the supervision of Miss Elizabeth Morgan, teacher of the Primary Department at Lawrencetown.

The plants and flowers this year far exceeded those of former years, both in quantity and quality. The cut flowers being particularly beautiful both in the bouquet and in the baskets. The basket of flowers being hung as they were around the platform and across the end of the room, added greatly to its appearance.

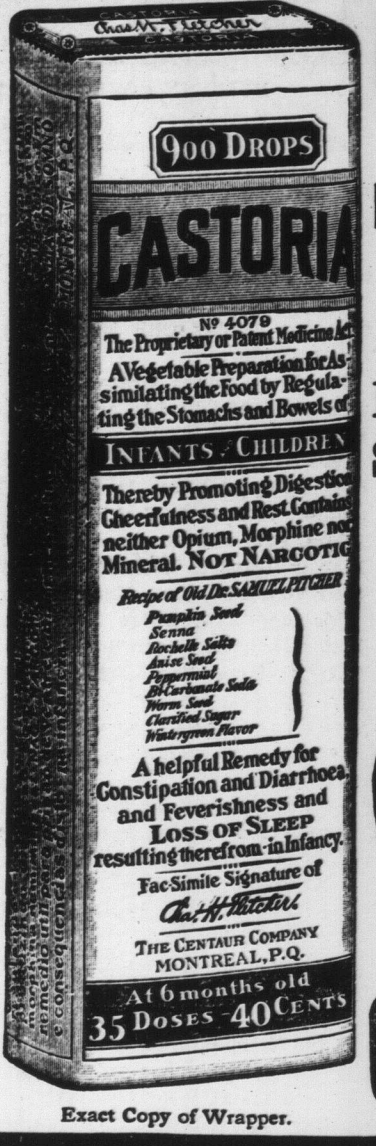

Besides the other exhibits there were a dozen or more cases of chickens and fowls. While outside the building were several head of cattle. The children having helped to care for the poultry and cattle were allowed to exhibit them as their own.

These above exhibits together with many branches of the children's every day school works, such as drawing, writing and essay writing, etc., helped to make one of the most successful exhibitions which Lawrencetown has ever had.

One very noticeable feature of the whole exhibition was the fairness in the awarding of the prizes. And the judges may well be complimented on the work.

In the afternoon there were several races between the boys and girls of the various sections and a ball game between Lawrencetown and Paradise boys under 12 yrs. Lawrencetown winning.

In the evening a large and appreciative audience listened to a well rendered programme. The first on the programme was a piano Duett by Miss Annie Phinney and Mrs. Shaffner, after which Miss Alice Fairn, Eltonist of Aylesford and Miss were defrayed.
