The 51th Regiment will go from Quebec to Kingston, and the 71st Highland Regiment to Quebec. The 20th Regiment in Montreal will ( go to England, and the 44th Regiment in Gib-rainer will go to Montreal. The 66th will go to T fronto and London, C. W., and be replaced in Mon real by the 23rd Royal Fusileers . . . A fee weeks since the Directors of the Northern Railroad paid a visit to many parts of the county of | Sincoc, looking out the most favorable location | for a port or terminus on Lake Huron. They were met by the inhabitants with music and relacings, and feasted inroughout the whole route... Barrie contains over 1000 inhabitants, and the county of Suncoe over 27,000 people. Tecum-eth is the most populous township. The termi u lof the Railroad on Huron is to be the Hen and Unickens. The Sectarian School question is discussed in many of the Provincial papers, a discussion on the subject is going on in the Danville Independent. When School monies are frittered out to every applying religious body it will be a DOUBLE CURSE. First, it will divide the country into religious factions, each jealous of the other, and secondly it will ruin the schools of the Province, by making them less efficient. If confiden are to be taught religion, which of course is proper, let them learn it at their parents' coarse is proper, let them learn it at their parents' firesides, in Sunday Schools, or at Sabbath service in churches. No doubt priests would like to have the hindling of the money. They cover not only power over the people's souls and purses, but over their political affairs. Let all good men of all persuasions awake to their interests. Respect priests and ke-p them in their proper places, but be not the mere puppets of any set of men. They are men like ourselves....Telegraph lines and railroads are the order of the day in Canada. A line is to run from Brampton to the Grand Trunk line, another the connect Owen Sound with Guelek and is to connect Owen Sound with Guelph, and Elora with the same place. Another, Barrie with Toronto. The Stock pays over ten per cent in all cases. Other lines to various towns of Canada are in progress..... Threshing machine accidents are becoming alarmingly frequent in Canada of late. More care should be observed ... The Northern Adrance of Barrie has been much enlarged and improved of late . . . . The cars on the Northern ranway run daily to Matchelis corners, charge 24. 6J. for a passenger....The Peterboro and Cobourg Railway is now under contract, costs £159,000 and in the hands of a very responsible contractor .... A late English mail left Boston in the morning and was delivered in Montreal in the evening of the same day by railroad.... The Rev. E. Hyerson, the School Superintendent, is making a general tour of Canada West, for the purpose of holding School meetings... A new paper, called the Canadam Tribune, has been started at Brantford. A dinner was given to Mr. Christie, M. P. P. at Paris, on the 27th ult. .The town Council of Niagara has taken £11,000 in the Niagara and Chippewa Railroad.

The Toronto Typographical Society are to hold their Sth Anniversary meeting on the 15th

inst., tickets 7s. Gd. each. J. Hariman, Esq., has been chosen Warden of the united counties of York, Ontario, and Peel, over Mr. Gamble, by a vote of 25 to 21 .... The dinner to Mr. Brown at Ayr, came off in due course; 15J persons sat down to dinner. On the same day a meeting was called by Mr. Christic at Glenmorris, apparently in favor of the present government, and Mr. Brown having to pass through that place ca route to Ayr, attended the meeting. Mr. Brown and Mr. Christie each addressed the meeting for several hours on the subject of the conduct of the ministry on the Reserve and Rectury questions. A chairman, adverse to Mr. Christre, had been appointed to preside over the meeting. On a vote of the audience seing taken, it was found a majority were of Mr. Brown's views. The whole country knows full well that Mr. Baldwins administration were censured by men now in power, and by Presses now singing a different tune, because that administration proceeded by address instead of by Bill But it is to be hoped that no harm has been done, and that this vexed question will be set-iled by the present British and Canadian. Cabineta We have never wished to say anything agai at the members of the present Canadian Government, but at times in our remarks on the public events of the Province, their meonsistency in not fulfilling their hustings promises, has compelled the expression of the tru h. The present government went into office emphasically to carry out three great principles an advance in elective and representative institurights by all classes, and a general retreachment to the expenses of the Canadian Government, including the decrease of official patronage. It becomes a question how far the present administration have redeemed their promises and fulfilled the expectations of a waiting and confiding people.
