ANOTHER LETTER.

WROXETER, Feb. 10th, 1876.

Messrs. **Goold, Shapley & Muir Co., Ltd., Brantford, Ont**
 Gentlemen—The 14 ft. "Ideal" Steel Wind Mill and
 "Maple Leaf" Grinder purchased from your agent, T. H.
 Ross, Wingham, is giving good satisfaction; in fact I
 think it will do more than you claim for it in a strong
 wind. I have ground 35 bushels of peas and oats mixed
 in an hour, and it will cut feed faster than a man can feed
 it. It is far ahead of horse power or any other power for
 farm work. The roller and ball bearings are a great im-
 provement on windmills and grinders; they take off nearly
 all the friction caused by the end pressure, and conse-
 quently the mill runs easier than other mills. Your meth-
 od of operating the mill is the best I have ever seen. I can
 recommend the mill to any farmer wanting power.
