**Sunny Rooms Makes Sunny Lives.**

Light is one of the most active agencies in enlivening and beautifying a home. We all know the value of sunlight as a health giving agent to the physical system; and it is not less so to our moral and spiritual natures. We absorb light, and it nourishes us with strange power. We are more active under its influence—can think better and work more vigorously.

Let us take the airiest, choicest, and sunniest room in the house for our living room—the workshop where brain and body are built up and renewed. And let us there have a bay window, no matter how plain in structure, through which the good twin-angels of nature—sunlight and pure air—can freely enter.

We can hang no picture on our walls that can compare with the living and everlasting pictures which God shall paint for us through our ample window—rosy dawns, golden hearted sunsets, the tender green and changing tints of spring, the glow of summer, the pomp of autumn, the white of winter, storm and shine, glimmer and gloom—all these we can have and enjoy while we sit in our sheltered room, as the changing days glide on.

Dark rooms bring depression of spirits, imparting a sense of confinement, of isolation, of powerlessness, which is chilling to energy and vigor; but, in light is good cheer.

Even in a gloomy house, where walls and furniture are dingy and brown, you have but to take down the heavy curtains, open wide the window, let light stream in, and gloom vanishes, and care and sadness flee.

Keep your house sunny, and keep your soul sunny. Let the sun of righteousness arise on you with healing in his wings, and you shall find that "light is sown for the righteous, and gladness for the upright in heart."

**LECTURES ON THE APOCALYPSE.**  
 A Complete View of the Book of Revelation.  
 By B. W. JOHNSON.

When I began the study of Revelation no thought of the present work had entered my mind. The splendor of the imagery and the dimly of its descriptions had always attracted me, but I had read as one who walks through an unknown and mysterious country. To many others, I believed that the book could not be understood, and was ready to pronounce the man a visionary who sought to interpret John's visions. Several years have passed since I entered seriously upon the study of the book. I was led to do so by the reflection that the Word of the Lord was not composed of enigmas and dark sayings which no man could understand; that it was all written "for doctrine, for reproof, for correction, for instruction in righteousness," and hence must be written in such a way that it could be understood; that a special blessing was pronounced upon those who hear and keep the words of the prophecy, which would certainly never have been done if it was impossible for men to fathom its meaning; lastly, that a great part of the prophetic portion must have been fulfilled before this last quarter of the nineteenth century, and therefore be explained by the corresponding events of history. In my studies I ever kept in mind that the book is a series of symbolical pictures; a panorama of great events until the end of time; and by a careful comparison of the pictures, in their order, with history, beginning at the date of John's exile to Patmos, I have been enabled to evolve what is the most satisfactory view of the whole scope of Revelation.—EXTRACT FROM PREFACE.

This work has been received with great favor as the best exposition of this wonderful prophetic book. 320 pages, 12mo, cloth. Price, \$1.25.

**Truth Stranger Than Fiction.**

THE STORY OF A STRUGGLE AFTER THE TRUTH AS IT IS FOUND IN CHRIST.

By D. R. DUNGAN.

Twenty editions of this book have been sold, and the demand increases. It is the most popular book on FIRST PRINCIPLES ever published by our people.

This volume discusses no new themes, nor does it present novel ideas upon the old theme of Christianity. Its novelty is found in protesting against theories, and insisting upon the usages of the primitive Church. It adopts a method for the discussion of salvation from sin which is, it is hoped, adapted to the popular education on the religious issues of the day. It was written for the benefit of, and is dedicated to, the People, with the prayer and hope that it will be widely read, and that it will do them good.

The author has carefully avoided technical expressions and obscure phrases, in order that it might meet their wants. He has endeavored to take these questions from the exclusive school of the theologians, and place them in the hands of the people for their own adjudication. Will they, like the Heretics, examine the Scriptures? or see whether these tales be not?

Price, 50c.

**THE PEOPLE'S NEW TESTAMENT WITH NOTES**

TWO VOLUMES, 8vo.  
 NEARLY 600 PAGES EACH.

Vol. I.—Gospels and Acts.  
 Vol. II.—The Epistles and Revelation.

This important work meets a general wish for a New Testament with Notes, copious enough to make clear the meaning of every difficult passage, and yet simple enough to be understood by the plainest reader. With its TWO VOLUMES, MAPS, REFERENCES, TABLE OF PARALLEL PASSAGES, INDEX OF SUBJECTS, GEOGRAPHICAL, HISTORICAL, AND EXPLANATORY NOTES, it combines everything needed to understand every portion of the New Testament. In these two volumes are condensed the gleanings of costly libraries and the study of many years. For family reading, study and devotion, for the Sunday-school teacher, or a general understanding of the New Testament, and for Christian people of every class, this is the most valuable work of the kind ever published at the cost. That the work has struck a very popular chord, is attested by the great demand for it. This is due to the fact that as a Bible Commentator B. W. Johnson occupies the first place among the writers of the Christian Church, and without doubt this is the best work of his life along this line. His comments are brief but always to the point, and afford more real help in arriving at a correct understanding of the meaning of the Scripture than any of the more voluminous works.

Price per Volume—Cloth, \$2.00; Sheep, \$2.75; Half Morocco, \$3.00.

**LAND'S PERFECTION SPRING-STEEL WIRE FENCE**

A SMOOTH EXTRA HARD STEEL WIRE FENCE.  
**FARMERS,**

We beg to draw your personal attention to our Perfection Fence, which will commend itself to the judgment of all intelligent and enterprising men. We claim for it superiority over all other fences made. This may seem a surprising as well as a sweeping statement but a careful examination will convince you of its merits. It is correctly named the Perfection Fence, fulfilling the old condition of being Horse High, Bull Strong and Pig Tight, as well as being light and practically indestructible. Its points of superiority:  
 1st.—It is made of the best material known for fencing, viz., extra hard steel wire.  
 2nd.—The horizontal wires are crimped every foot to allow for contraction in winter and expansion in summer; whilst frost and heat have always been so destructive to all other wire fences.  
 3rd.—The upright wires are composed of No. 14 Galvanized Annealed Wire; this is wound three (3) times around each horizontal wire alternately in opposite directions, thus making it absolutely impossible for the horizontal wires to sag or shift.  
 4th.—It will not injure your stock in the least. It is needless to mention instances in which valuable animals have lost their lives while others have been nearly ruined, and thousands are scared, by the barbarous Barbed wire fence. We claim that the object of a fence is not for mutilation or destruction of live stock; but simply restraint. This our fence secures.  
 5th.—No wind can blow it down; no fire can burn it up.  
 6th.—It is the cheapest and most durable fence made.

Price of ten (10) Bar, 5 feet high, or ten (10) Bar, 50 inches high, 75c per rod, hung on farmer's posts (if galvanized, 80c per rod); six (6) Bar fence, 50c per rod, which makes a very good, cheap horse and cattle fence only (if galvanized, 55c per rod).  
 Farmers, please call and examine this fence at Jas. Braxley's wrought iron works, Nos. 58 and 60 King William St., or at 58½ King William St., where you can see the fence in the different stages of manufacture and be convinced of its merits. You can save 50 per cent. on posts, as only one-half (½) the posts used in ordinary fencing are required. This fence is guaranteed to turn stock with posts from 16 to 20 feet apart.
