Commercial Summary.

* THE Dominion Government has repealed the
regulations which exempted Newfoundland
herring from inspection.

THE directors of the Niagara Falls Inter-
national Bridge company have declared a semi-
annual dividend of 4 per cent, payable 1st July.

THE bankrupt stock of dry goods of E. Fau-
teux & Co., this city, valued at \$11,500, was
sold by auction last Monday to Mr. A. Marcotte
at 51½c on the dollar.

THE Amherst, N.S., Boot and Shoe Co. have
declared a dividend of 10 per cent, and a sum
equal to the dividend has been added to "the
rest." The sales for the year amounted to \$145,-
000.

THE ANNUAL meeting of the Bank of British
North America was held on the 5th inst. in
London, England. A dividend at the rate of
six per cent per annum for the half year had
been declared.

THE combined traffic of the Northern and
North Western Railways for the weeks ending
May 31st and June 8th showed an increase, re-
spectively of \$3,443 and \$4,070 as compared
with the corresponding weeks of 1882.

It is reported that Mr. E. B. Eddy, of Hull,
is about to establish a paper pulp factory in
that city on the site recently occupied by Bit-
son & Currier. He expects to utilize in this
way all the sawdust and refuse of his sawmill.

THE report of the Hudson Bay Company,
shows that the decrease of revenue is largely
due to the heavy decline in the price of furs. A
falling off has recently occurred in sales of land,
payments due on lands sold eighteen months
ago not being made promptly in many cases.

THE rains of the past week have caused con-
siderable apprehension as to the growing crops.
An Ottawa despatch says: Unless we have
an unbroken spell of fine weather within the
next two weeks, the grain crop in the low lands
will be a total failure. In the Ottawa Valley
the hay crop will be fully fifty per cent. over
last year's average.
