Postal Statistics.

- 1. On the basis of information obtained by means of questionnaires which are sent to the Administrations at least four months before the beginning of the year to which they relate, the International Bureau publishes:
 - (a) every three years:
- 1 complete statistics of postal services, comprising five parts: I. General; II. Organisation; III. Traffic; IV. Undelivered correspondence and V. Financial result;
- 2 statistics of outward traffic in the international postal service;
 - (b) each intermediate year, when the publications mentioned under (a) do not appear, restricted statistics of postal services comprising only parts III. Traffic and V. Financial result.
- 2. Transactions which are the subject of specific record are embodied in periodical statements based upon these records.
- 3. With regard to all other transactions, correspondence of all kinds is counted annually without distinction between letters, postcards, commercial papers, printed papers, samples and Small Packets, and every three years, at least, the different classes of correspondence are counted. Each Administration fixes the time and duration of its counts.
- 4. In the interval which elapses between the special statistics, the numbers of the different classes are estimated according to the proportions given by the last special statistics.
- 5. The International Bureau draws up and distributes the statistical questionnaires to be filled up by each Administration. It furnishes to Administrations on application all necessary information as to the rules to be followed, in order to ensure uniformity of practice in taking the statistics.
