That this House request the government to have the Canadian Transport Commission enforce section 262 of the Railway Act, namely, to require the CPR to 'furnish adequate and suitable accommodation for the carrying, unloading and delivering of all such traffic.'

USE OF FRENCH LANGUAGE IN TRAINING COURSES FOR QUEBEC AIR TRAFFIC CONTROLLERS—MOTION UNDER S.O. 43

Mr. Léonel Beaudoin (Richmond): Mr. Speaker, pursuant to Standing Order 43, I seek the unanimous consent of the House to move a motion of vital importance for all French Canadians and the future of our country.

In view of the fact that this government has always claimed to be in favour of a just society; considering the alarming and unacceptable discrimination which was denounced recently by 16 Quebec students who are undergoing training as air traffic controllers in Cornwall with the consent of the Department of Transport, and that such discrimination runs contrary to any concept of national harmony, I move, seconded by the hon. member for Lotbinière (Mr. Janelle):

That the House urgently appoint a parliamentary commission to carry out an on-site investigation and make recommendations to hon. members as soon as possible, so as to put an end to this national scandal.

Mr. Speaker: Order, please. The House has heard the hon. member's motion. Pursuant to Standing Order 43, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

Oberle (Prince George-Peace River): Mr. Speaker, I rise, under Standing Order 43, to present a motion regarding the crucial importance of the Canadian Forestry Service to the forest industry in our country, on which a million Canadians rely for their jobs and which is our most important export earner. I ask leave to move, seconded by the hon. member for Timiskaming (Mr. Peters):

That the Minister of State for the Environment be required to implement a resolution passed on December 6, 1978, by members of the Canadian Institute of Forestry, and presented to him today, providing for the immediate establishment of a task force to review and make recommendations about the future of the Canadian Forestry Service and the federal contribution to forestry in Canada; that the members of the task force be representative of the forest industry, labour unions, the provincial forest services, the universities, the Canadian Institute of Forestry and the Canadian Forestry Service; and that the task force should be as representative as possible of the geographical regions of Canada; that this task force be established immediately and submit its report, with recommendations, before April 1, 1979; and that pending the submission of this paper, the recently announced cutbacks in the Canadian Forestry Service be deferred.

Mr. Speaker: Is there unanimous consent for the introduction of such a motion for debate?
