

McGILL UNIVERSITY

OFFICE OF THE DEAN

FACULTY OF DENTISTRY

MONTREAL, October 6th, 1926.

Sir Arthur Currie,
Principal,
McGill University.

Dear Sir Arthur:-

Before leaving the City for a little holiday, I wish to thank you for the interest manifested in my welfare. Your great kindness to me, since our first meeting, has been a source of untold pleasure, and I am truly grateful.

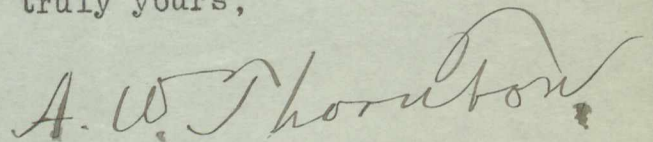

I am taking your advise and will leave the City tomorrow, to spend a couple of weeks in the Green Mountains of Vermont.

I will not be away more than two weeks, and I trust that on my return, I will be able to make some contribution, not altogether unworthy, to the great work which Old McGill, is giving to the people, fortunate enough to come within range of her influence.

Once again thanking you most heartily,

I am,

Very truly yours,

Dean.
