LIVERPOOL GRAIN EXCHANGE. LIVERPOOL, March 12 .- The market Was under pressure of realizing at the opening, as a result of the weakness in America yesterday, and prices were lower. Following the opening, there was further pressure in the near month which showed an additional decline, being influenced largely by the closing decline in Buenos Ayres, and cheaper Plate offerings for cargoes about to arrive. The German official report was bearish. The distant months received support on fewer Manitoba offerings and a better enquiry for Australian, which is more firmly held, with distant cargoes generally firmer.
