If so, we need to put up an additional wire, for which a requisition by our superintendent is now pending. The business threatens to gorge our present facilities, but we think we can handle it on the present wires as fast as you can on the present cables." To which the following reply was received: "Yes. I am now negotiating the contract for two cables: one from Valentia to Heart's Content, with a new form of outer covering for its better protection in deep sea, and the second from Placentia to Sydney, touching at St. Pierre, containing at least three conducting wires, with an exceptionally heavy outer covering, weighing seven tons per knot, and the shore ends of a heavier type. I think you will do well to put up another wire. At least I should have thought two more would be required." To this Mr. Green replied as follows:—"The additional wire prepared will be of number four gauge and worked quadruplex."

A. J. JACKSON, formerly of Arthur, Ont., has opened a dry goods store in Orangeville, and taken the premises lately occupied by G. A. Eastman & Co., who have gone out of business.

THE FOLLOWING have compromised: J. J. Powers, grocer, Fenelon Falls, Ont., at 45 cents, and T. M. Fox, miller and storekeeper, Wheatley, Ont., at 35 cents in the dollar.

AN Orangeville, Ont., correspondent says: "Reports are coming in that the heavy thaw of February followed by the hard frost of the past few days has damaged the fall wheat considerably. Farmers are, however, proverbial for croaking, and I am in hopes that the long and strong roots which the wheat had put forth last fall are as yet uninjured. Much ground has been sown, and should it be much injured the calamity would be general."

F. IRWIN, of Orangeville, Ont., who became insolvent last summer and effected a settlement with his creditors at 40 cents on the dollar, secured, has just sold out his stock to his sales-

The estate of Alexander Macgowan, hardware, of Orangeville, Ont., has been sold by the creditors, after refusing an offer on behalf of the insolvent of 12½ cents on the dollar. The liabilities are stated at something over \$30,000, and the assets were given a nominal valuation of \$11,700, made up as follows: Stock, \$3,000; book debts, \$1,000; furniture and chattels, \$800; real estate, \$6,000. The chattels and furniture brought 50c. on the dollar, and the stock, part 76c. and the rest 60c. The purchasers were Johnston & Brother, of Barrie.

M. O'MEARA, Jr., of Ottawa, formerly agent of the Equitable Life, and lately agent in that city of the Q. M. O. & O. Railway, recently left for parts unknown, leaving a deficit of about \$1,500 in his accounts. The Company has a guarantee policy in the case.

A new hardware store is likely to be opened in Orangeville, Ont., with favorable prospects, this branch of business not having been overdone in that locality.
