new council meets on Monday. At the meeting of the new city coun-cil on Monday, Ald. Yeomans announ-ced that he will make a motion that application be made to the legislature to limit the election expenses of a candidate for municipal honors to \$300. The motion is as follows: "That application be made to the pro-vincial legislature at its ensuing ses-sion, for an amendment to the Mu-nicipal Act so as to limit the election expenses of each candidate for alder-man to the sum of \$300, and to require each candidate for alderman to make Civic Problems Solved. The ex-controller then gave a history of what had been accomplished during his time in the city council. He told how the city had grappled with its problems of water supply, sewage. lights, etc. He had moved that the city should go to Niagara Falls for its power. This had been the starting point, and to-day the re-sults could be seen. The city was now receiving all its water from the new filtration plant. These and many other projects he had attended to, and he added: "If my public career were to end to-day I would feel that if I have spent a little time in the city council it has not been in vain." FIGHT NOTES.

Tom O'Rourke, manager of Al Paizer, is out with a statement concerning the talked-of bout between his man and Cari Morris, which in a measure indicates how the wind is blowing. O'Rourke says that he will match Paizer with Morris after the former's bout with Jim Flynn, and calls upon Newman to post \$1000 as a for-feit if he means business. and Heyd, all the members of the city council who had suffered reverses at the recent elections, as well as those who had voluntarily retired, were pre-sent at the valedictory or, as the Scotch say, "Greetin," meeting of the city council of 1911, which began at 3.15

Marcel Moreau, the champion middle-weight pugilist of France, has gone back to Paris, where he will meet Willie Lewis on Jan. 20. Moreau's visit was short and not as pleasant as he might have wished. No man should be weak. No man should suffer from the loss of that vitality which renders life worth living. No man should allow himself to become less a man than nature intended him no man should suffer when there is at hand t certain cure for his weakness.

Most of the pains, most of the weakness of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.
