Note and Comment

After leading the forces of the Rosedale Cricket Club for seven years to every honor possible for such an organization, Captain Hugh Reid will retire at the annual meeting, which will take place to-night at the club house. Bob Woolley will likely be chosen as his successor.

They seem to have wonderful hockey discernment at Winnipeg. Prior to the Saturday match, the first between Eaton and Victoria for the Allan cup, according to a newspaper, the Toronto men bet all they could at odds that the holders would not double the score on the road. Otherwise he was optimistic in regard to the big score lifting the trophy.

At half time the score was three all and again Eaton's supporters had plenty of money to wager and they placed all their bets on the game at 2 to 1.

The first contest was according to western rules, the code of the game. However it appears that the challengers, according to one story of the game, were at home under the style. So it follows that the Victoria will play with equal facility following the O.H.A. method. The difference is very slight at that. In the west the player must stay behind the puck or lose it, while in Ontario you can skate your wings on side.

Victoria doubled the score all right the first game and from this distance it looks that they should repeat again to-night and hand all the money. It sure looks like a forlorn hope for Eaton to lift the cup.

Here's a little suggestion to the International League that comes by way of Rochester, N.Y. The Montreal Canadiens to Pittsburgh, arranging the schedule so that the International League team would play at home while the Pirates are on the road. The jump to Pittsburgh in the league. No charge, Mr. Barney.

The setting of the recent Carpenter-Sullivan fight, which gave the middleweight championship of Europe to a Frenchman, was one of the most beautiful of any ever held under Marquis of Queensberry rules. The ring was pitched in the middle of the arena, with the two fighters in the center. The ring was surrounded by a low wall, with the referee and the judges standing outside. The ring was lit by a large chandelier hanging from the ceiling. The ring was surrounded by a low wall, with the referee and the judges standing outside. Victorias Double Score on the Challengers in First Game Under Western Rules.

WINNIPEG, Man., March 10.—(Special.)—Winnipeg Victoria, holders of the Allan Cup, successfully defended the cup against the Eaton in the first of a series of two games Saturday evening. The score was eight to four. The game was under western rules, to which the Eaton were not accustomed and they showed at every point of the game that they were seriously handicapped. Tomorrow evening the game will be under eastern rules and the Eaton feel very confident. The game was won and lost during the first 15 minutes of the second half for the Eaton held the holders down by then after resuming the game. Both in play and in goals, but after half time they appeared to go to pieces and even Winnipeg, who know the Victoria and their play were staggered by the phenomenal burst of speed shown by them after resuming the game. The Eaton would have been many goals larger had it not been for Bricker, who stopped shot after shot rained in upon him. Odd-time enthusiasts say it was the fastest hockey game ever seen in the city.

Eaton demonstrated beyond a shadow of doubt that they are a great aggregation and worthy of the Victoria title. They fought like wild cats every inch of the way until the time whistle blew. Several Women See Ex-Featherweight Champion Beaten in Bloody 20-Round Battle at Daly City, Cal.

DAILY CITY, Calif., March 9.—Abe Attell, erstwhile featherweight champion, lost the decision to Harlem Tommy Murphy in the twentieth round this afternoon at the Daly City open-air arena. It was a bloody fight, and Attell frequently on the body and forced Murphy to seek protection after the ropes, but did no damage. Attell bled from the mouth and the ropes with Murphy's head back. Referee Jack Welch's decision was cheered by the spectators. Murphy outwitted Attell by at least 11 pounds. Among the spectators were several women.

Hammer and Tong. Murphy took the fight to Attell in the eleventh round, and he hit him hard on the nose, but ran into a trio of body punches. It was hammer and tongs at close quarters, with each man trying to land a blow being struck for two minutes. Then Murphy outlasted Attell at long range, and he landed a series of punches to the head. Attell fought with great desperation, but he was unable to land a blow on Murphy's head.

Intermediate Basketball. Two of the Ontario Basketball Association's three teams will meet here to-morrow night, when Orillia and Central V. C. A. meet on the latter's court. Long Range Tailoring

Bringing to the Smaller Cities Metropolitan Styles at Moderate Cost.

GROWTH OF A GREAT IDEA. Long distance tailoring. Tailoring to measure for men hundreds of miles away. Bringing to the smaller cities and towns of the Dominion the metropolitan ideas in style and fabrics for men, at moderate cost is the business of the great House of Hobberlin, Limited.

It is the growth of a great idea, being exemplified more and more each year. It originated several years ago in the mind of the founder of this well-known tailoring house and as a result the firm are to-day represented in exactly 84 of the smaller cities and towns in the Dominion. That is, there are 84 retail merchants who have adopted the Hobberlin idea, and are tailoring, measuring, and selling from samples furnished.

The Hobberlin business has reached immense proportions. The new Hobberlin building at 2, 3, 4, 5 and 6 Richmond street, facing Yonge-st., has a total flooring space of an acre and a quarter. The entire building is used for tailoring purposes, and the capacity nears two thousand garments per week. These are all cut to measures sent in by the firm's agents throughout the Dominion.

While the other fellows are trying to catch up the big firm keep getting far ahead all the time. The Hobberlin tailoring idea is one that appeals in many ways to the retail dealer. He needs no extra capital, no stock, no tailors, no cutters, no designers, no plant. Hobberlin supply tail this. The immense business enables them to employ the very best designers, the best cutters and tailors, while the enormous amount of business enables them to employ the very best designers, the best cutters and tailors, while the enormous amount of business enables them to employ the very best designers, the best cutters and tailors.
