## Wednesday Evening, June 1.

Tuesday's slump in wheat by no means discounted present bullish conditions, and a further decline occurred to-day in American markets. On the Chicago board the June delivery fell during the day's session, July 8 1/2, September 2 1/2 and December 2 1/2. The day's clearances from Atlantic ports were enormous, but were regarded as simply adding to the immense quantity about for Great Britain and Europe, which is already three times the amount on passage at the same time last year. Other bullish factors are the fine crop weather in the west and the commencement of harvest in the south, with some new wheat already moving. Other American markets declined in sympathy with Chicago.

The Liverpool board, which has been closed for three days, to-day responded to the decline recorded in Chicago during the triple holiday. As compared with Friday's closing price, wheat to-day closed 3 1/2 d. lower, July 7 1/2, lower, September 3 1/2 and December 1 1/2. Paris showed a slight reaction to-day. Wheat closed steady to 1/2 d. lower, and four steady to 1/2 d. higher. The small decline, however, insignificant, compared with yesterday's advance in the market. Western wheat was steady to 1/2 d. higher.

Canadian wheat was very weak to-day, Ontario red offering for export at 81 on the line, or 81 1/2 at Montreal. Cabled offers for Liverpool at these prices were refused, and continental points replied simply "No demand." No 1 Manitoba was not in evidence to-day, but it is nominally head at \$1.32 at Fort William.

Corn opened strong at Chicago this morning, but later declined in sympathy with wheat.
