

# MEETING NEGRO PROBLEM

On the Question of the Natives Depend on the Whole Future of South African Colonies.

## BOERS AND AFRICANERS IRRITATED.

Blacks Have Secured Arms and Want to Retain Them. Whites Are Unarmed.

London, Aug. 20.—Mail advices received here from Johannesburg indicate that the negro problem is growing more acute and is causing the authorities infinite worry. To quote the words of one of the foremost South African authorities:

"On the question of the natives depends the whole future of the new colonies—whether the Boers will accept British rule or continue in a state of sullen resentment. Among the immediate dangers, native attacks on Boers returning to their farms and attempts of natives to assault white women, are threatening to lead to serious conflicts between Boers and blacks. Under the old regime the crude but simple retribution for assaults on women was shooting on sight. Now, however, there is no legislation on the subject, and the English authorities are hesitating to enact laws until all the parties concerned can voice their opinions. The hesitancy to deal summarily with the natives is causing both Boers and Afrikaners intense irritation, and encourages the blacks to truculent defiance."

"Another phase of the problem is the unwillingness of the blacks to forego their lazy existence in the concentration camps, where thousands were gathered during the war. But far more serious is the fact that a great number of blacks in the country have managed to secure arms. There is, therefore, the anomalous situation of unarmed whites and armed blacks living in proximity on outlying farms. Experienced British colonials strongly favor universal disarmament of the natives and prompt legislation making assaults on women a capital offence."

## PROGRESS ON THE NEW HOTEL.

Work is Being Pushed Forward—Open First of Year.

Altho work on the new hotel on East King-street is being pushed forward as rapidly as possible, it will hardly be opened for the reception of guests before the commencement of next year. The exterior work on the structure is complete, and the greater part of the roof is finished, but much yet remains to be done on the top portion. The first five flats, however, are almost ready for the finer work, and it is expected that they will be cleaned up in the next couple of weeks and the decorators started at work, and that in two months they will be fitted up ready for occupation. The hotel will not be opened, however, until completely finished, the Bank of Ottawa will be able to open up for business in their office in the hotel at the corner of King and Victoria-streets in October.

One tangible evidence of the progress of the hotel, and one that will be appreciated by pedestrians along that way, will be the removal before Exhibition week of the protesting exhibition on King-street as well as all the rest of the scaffolding with the exception of the monster affair which is being used to haul the material to the upper floors.

The decision of the directors to make the structure eight, instead of six stories, as originally decided upon, was a happy one, for it has added greatly to the general appearance. The upper portion is all in terra cotta of modern renaissance design, very pleasing to the eye. The tilting of the lower floors is completed, and the marble for the lobby has arrived, and will be placed as quickly as possible. It is the finest Siena and Sarraceni variety. The marble for the trimming of the building is also on the ground. About 50 per cent. of the furniture and interior fittings is in the city now in storage. Mr. Lennox, the architect, is exerting himself to the utmost to hurry up the work, and spends a great deal of time at the hotel seeing that everything is going along as it should.

**New Coal Company.**  
Spokane, Wash., Aug. 20.—Percy F. Godenrath of Grand Forks, B.C., who has been in the city for the past two weeks, has been successful in interesting local capital in the formation of the Osprey & Similkameen Coal and Exploration Company. The company will acquire title to 6400 acres of the pick of the Similkameen coal basin. Associated with Mr. Godenrath in this city are P. E. Goddard, manager of the White House Company; C. E. Mitchell, manager of the United States Marble Company; Frank A. Chase, manager of the International Investment and Trust Company; and W. E. Wing.

**"DARDANELLES," a friend of the Clubman.**  
A pure Egyptian cigarette at a moderate price. Packed in Silver, Cork and plain tins. Sold everywhere, 15 cents per package.

**British Rifle Team on Board.**  
Rimouski, Quebec, Aug. 20.—The S.S. Lake Simcoe, from Liverpool, passed inward at 12:15 a.m. The saloon passengers include Hon. Edward Blake, M.P., and Mrs. Blake, W. S. Calvert, M.P., and the British rifle team.

**D. FOWLER'S**  
EXTRACT OF WILD  
**STRAWBERRY**

Is without a doubt the safest and most reliable remedy in existence for Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Cholera, Cholera Morbus, Cholera Infantum, Sea Sickness, and all Summer Complaints.

It has been a household remedy for nearly sixty years.

Its effects are instantaneous and it does not leave the bowels constipated.

Don't accept substitutes. They're dangerous.

## CITY NEWS.

**Forty-One Pound Long.**  
A maskinonge weighing 41 pounds and about four and a half feet in length was received at the Provincial Fisheries Department on Wednesday, enclosed in ice. The monster is the gift of S. J. Martin of Kempenfelt, who caught it in the Rideau River, near his place. It will be stuffed and placed on exhibition in the department. In a letter accompanying the gift Mr. Martin states that about 20 similar fish were captured in that neighborhood this season. Altho the "long" was a curiosity to most of the civil servants who saw it during the day, to the Chief Clerk, Mr. Webb, it was not much out of the ordinary, for he had made some mighty big catches himself around Kempenfelt, on the Rideau, which is not so far from his former home, Ottawa East.

**Steamer "White Star."**  
The steamer White Star will discontinue her regular daily trips out of Toronto on the first day of September. She has had a very successful season. The White Star runs to Oakville and Lorne Park every afternoon, and now that the excursion crowds are over, transient passengers will find the boat very comfortable to take in this popular trip. There is fine scenery all the way to Oakville, and as the boat follows the shore closely, everything is seen to the best advantage. Small family parties may be seen every afternoon on this trip, which is a most enjoyable one.

**Clergyman's Wife Dead.**  
On Tuesday evening Mary Jane, wife of Rev. Robert Godfrey, passed away at her residence, 55 Close-avenue. She was the daughter of Forbes Elliott, one of the early pioneers of York. She is survived by her husband, two daughters, Annie Elizabeth and Kathleen Godfrey of Toronto, and two sons, Dr. Forbes Godfrey of Minnetonka and J. M. Godfrey, barrister, of Toronto.

**Raise Good Cattle There.**  
E. V. Elderken, president of the Maritime Provinces Live Stock Association, is in the city on visit. Mr. Elderken has worked wonders for the live stock interests of that section of Canada. The standard of cattle is much higher than a few years ago as a result, due to some extent to the importation of cattle from Ontario and Western Canada.

**Off for South Missouri.**  
A. K. Butchart left yesterday with a party for Southern Missouri to look over the property of The Mine La Motte Lead and Smelting Company. Among those who left were: G. A. M. Theobald, W. D. Parkhouse, W. D. Farquhar, William M. Palmer, O. Movat, and Lieut.-Col. R. B. Hamilton.

**To Encourage Teachers.**  
Mr. Miller, Deputy Minister of Education, thinks that some re-arrangement in the distribution of the annual provincial grant to education should be made so as to offer a better encouragement to teachers to take first class certificates. He would favor a special grant to schools employing the best qualified teachers.

**Opening of Normal School.**  
The informal opening of the Normal School took place on Wednesday, and 118 students, 13 of whom are men, were enrolled. The information will be taken place today, when Hon. Mr. Macdonald, Minister of Education, is expected to deliver an address. The enrollment at the London Normal School is 76 and at Ottawa 78.

**Claim Petition is Bad.**  
Judge Osler at Osgoode Hall on Wednesday heard argument upon a motion to set aside the petition of the Liberals of Lincoln. The Conservatives ask that it be declared void, because it was filed in on a Dominion form. The judge reserved decision.

**Temiskaming Railway.**  
The Temiskaming Railway Commission will meet on Saturday to consider the report of G. A. Mountain of Ottawa, who has been appointed consulting engineer. P. E. Ryan, the secretary, will open office of the commission on Monday next.

**New Division Court Clerk.**  
Thomas Jones of Forest, Lambton County, has been appointed clerk of the Fifth Division Court and W. F. Adams of Richards Landing, Algoma District, as clerk of the Sixth Division Court.

# KAY'S Canada's Greatest Curtain Store. KAY'S

## Midsummer Sale of Lace Curtains

Shoppers have been enquiring about our curtain sale, but, owing to the heavy press of business in other departments, this particular sale has been delayed. However, it is here now—all the better for the slight delay. On looking over the following list, you will find some of the many large cuts in prices which we are now offering at this store.

**TAMBOUR LACE CURTAINS.**  
—Tambour Point Lace Curtains, hand-some goods, 1 1/2 yards wide by 3 1/2 yards long, were \$11.50 a pair, reduced to \$8.75.  
—Tambour Point Lace Curtains, hand-some goods, 1 1/2 yards wide by 4 yards long, were \$10.00 a pair, reduced to \$8.00.  
—Tambour Point Lace Curtains, hand-some goods, 1 1/2 yards wide by 4 1/2 yards long, were \$12.50 a pair, reduced to \$10.00.  
—Tambour Point Lace Curtains, a select line, 1 1/2 yards wide by 3 1/2 yards long, were \$8.75 a pair, reduced to \$7.25.

**JOHN KAY, SON & CO., LIMITED,**  
36-38 KING STREET WEST, TORONTO.

# THE DOMINION BREWERY CO. Limited

## WHITE LABEL ALE

Their other brands, which are very fine, are:

INDIA PALE AMBER, JUBILEE, CROWN SPECIAL, XXX PORTER and HALF AND HALF.

The above brands can be had at all first-class dealers.

## RARE EGYPTIAN JEWELRY.

San Francisco, Aug. 20.—Dr. George Reisner, who has been delving in Egypt for archaeological specimens for two years, has obtained many valuable articles, the rarest exhibits being gold jewelry of the time of the first dynasty. These were taken by the Egyptian government for the concession to search for ancient relics in the country. Four hundred boxes, shipped from Egypt by Dr. Reisner, are now on their way to the university. Many of the articles are without duplicates in the world.

**Marianne McLeod.**  
In St. James-square Presbyterian Church the wedding was celebrated on Wednesday of Miss Marjorie McLeod, daughter of H. C. McLeod, general manager of the Bank of Nova Scotia, and Charles Morison Manning, son of the proprietor, N. B. Manning, of the Bank of Nova Scotia. The nuptial knot was tied by Rev. Alfred Gardner, pastor of the church.

**Arnold-Donne.**  
Miss Grace Donne, daughter of Mr. Donne of 108 St. Patrick-street, was wedded to Stuart Arnold, son of F. Arnold of Osgoode Hall, in St. Philip's Church. The ceremony was performed by Canon Sweeney. Miss Donne was bridesmaid, and Thomas Knowlton best man, Mr. and Mrs. Arnold will spend their honeymoon in the Eastern States.

**Blew Out the Gas.**  
Kingston, Aug. 20.—The sons of the late Mr. Coffey, found dead in Napanee, are of opinion that his death was accidental, and was in no way premeditated. They are quite satisfied that his life was lost in all probability by blowing out the gas before retiring.

**Getting Along Nicely.**  
Gannaque, Aug. 20.—Mrs. Parmeter, who was severely burned on Saturday by a naphtha explosion, is getting along nicely. Her home is at 48 Walmer-road, Toronto.

**The Washah Railroad.**  
Will make sweeping reductions in the one way second-class rates to California, Oregon, Washington and other Pacific coast points. Tickets on sale every day during September and October, via all direct routes. Special cheap round trip tickets on sale August and September to Colorado points good to return any time before Oct. 31st, 1902.

The Washah is the best and quickest route to the above points. Finest equipped passenger trains in America. Full particulars from any railroad agent, or J. A. Richardson, District Passenger Agent, northeast corner King and Yonge-streets, Toronto. 246

**Go Where Ocean Breezes Blow.**  
Last chance to visit the Sea Shore at low rates via Lackawanna, Aug. 22. From Buffalo on that day tickets will be sold to Atlantic City, Cape May, Ocean City and Sea Isle City for \$10 for the round trip, good returning within 15 days and for stop-over at Philadelphia. Four trains, through sleepers, this is the famous Delaware Water Gap Route. Five trains daily to New York, \$8.00 each way. For full particulars write Fred P. Fox, Division Passenger Agent, Buffalo, N.Y.

Tested by Time—In his justly-celebrated Pills, Dr. Parmelee has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alternative and curative powers which place it in the front rank of medicines.

**OFFICE: COLLINGWOOD, ONT.**

## PROSPECTUS.

THE Company possesses at Collingwood the only dry dock on the upper lakes, in Canada, capable of accommodating large vessels. It is proposed to increase its capacity so as to enable it to take the largest vessels trading, or likely to trade, upon these waters.

The Company, since the first of January, 1901, has been engaged in the construction of steel steamships, and the Directors have satisfied themselves that the condition of the grain and ore-carrying trade will assure to them sufficient contracts to keep an enlarged premises fully employed.

The Directors believe that it would be profitable to erect works for the construction of all the engines, boilers and foundry work needed in the construction of steamships. They also see a steady demand for engines, boilers and castings of large size for other purposes.

The Dominion Government recognizes the necessity, in the public interest, of an enlarged dry dock, and has decided to grant a liberal subsidy for a term of twenty years; the annual payments to be based upon the outlays made upon the work, and to begin upon its completion, to the satisfaction of the Government Engineer. The Dominion Government already grants a small bounty on the tonnage of steel steamships constructed in Canada.

Two large steel steamships already completed by the Company, one for the Northern Navigation Company, and the other for the Algoma Central & H. B. Railway Company, have given complete satisfaction, and contracts have been executed for the construction of two other steel steamships, each 375 feet in length, 48 feet beam and 23 feet moulded depth, to be completed May and June of next year.

Messrs. Clarkson & Cross, who have examined the books and accounts of the Company from the said first of January, 1901, certify the earnings to have been equal to eight per cent. upon the capital employed. Their report and statements are in the possession of the Company. The Company have no bonded or floating debt and no preference stock.

The Company is exempt from taxation, in perpetuity, by the municipality of Collingwood, except as to school rates, which are assessed upon a fixed nominal valuation. This exemption is confirmed by an Act of the Legislature of the Province of Ontario.

The additional capital now offered for subscription is for the following purposes:

1. To enlarge, improve and equip with the most modern appliances the dry dock.
2. The erection of a steel-framed and brick-cased foundry for the making of very large castings, with the best and most modern equipments.
3. A steel-framed and brick-cased machine and engine-shop of the most improved kind.
4. A steel-framed and brick-cased boiler shop.

**MESSRS. JOHN STARK & COMPANY**  
Are authorized to receive subscriptions on and after this date, at their offices, 26 Toronto Street, Toronto, for 2,200 shares of \$100.00 each at par; the remaining 800 shares have been already subscribed for.

The Directors reserve the right to allot such subscriptions and for such amounts as they may approve. The subscription books will be open on Monday, August 18th, and close not later than Thursday, August 21st.

A deposit of ten per cent. is payable on subscription, and the balance will be payable at the office of the Company in Collingwood, as follows:

- 20 per cent. upon allotment;
- 35 per cent. on the 1st November;
- 35 per cent. on the 1st January, 1903.

Subscribers may anticipate these instalments, and pay up their stock in full upon allotment, and such stock will rank for dividend from the date payment is made.

If no allotment is made, the deposit will be returned without deduction, and if a partial allotment is made, the surplus deposit will be applied towards the amount payable on allotment, and the surplus, if any, returned.

Applications will be made in due course to have the stock listed on the Toronto Stock Exchange. Forms of Application may be obtained from—
