I lost weight until I was almost a shadow. I felt dke I didn't have hardly any life or energy about me and was so nervous i couldn't sleep over four or five hours any night. I lost my appetite and often didn't go to the table at meal time, for I knew if I did I couldn't eat a thing. The little I managed to eat did more harm than good and soured on my stomach, causing a stuffed-up, uncomfortable feeling. I had pains in my stomach and sides and often had dizzy spells. I got up of mornings feeling about half dead and dreaded to go to work, and all day I felt drowsy and sleepy. Often I felt so weak and played out I just had to lay down my tools and quit work. GERMANS ARE HELD

STOCKHOLM, Nov. 25.—Dr. Gustave Stresemann, a leader of german Liberals in the Reichstag, has openly placed himself on the side of the advocates of annexation and the opponents of peace by agreement. The Vorwaerts reported Dr. Stresemann as saying in a speech at Wurttemberg that the Reichstag majority resolution in favor of peace was a tactical error, and that, in common with the overwhelming majority of "my party, I consider every resolution having in view peace at the present time as unjustifiable in view of the situation as it now stands."

EX-CZÁR'S DAUGHTER **ESCAPES FROM RUSSIA** BY A "FAKE" MARRIAGE

Miss Tatiana Romanoff Is On Her Way to United States.

New York, Nov. 25 .- Miss Tatiana New York, Nov 25.—Miss Tatiana Nicolaevna Romanoff, second daughter of Nicholas Romanoff, deposed Emperor of Russia, has escaped from Siberia through a fictitious marriage to a son of a former chamberlain of the czar, and is now on her way to the United States, chaperoned by an Englishwoman, according to information made public here tonight by persons connected with the Russian civilian relief.

The former grand duchess. who is 20 nected with the Russian civilian relief.

The former grand duchess, who is 20 years old, made her escape from Tobolsk, the present home of the exiled emperor, to Harbin in Manchuria, and thence to Japan, where passage was taken on a steamship for either San Francisco or Vancouver. Ivan Narodny, who was connected with the Russian-American Asiatic Corporation, told tonight how Miss Romanoff succeeded in leaving Russia. He said news of her escape was ent to him by the emperor's former second chamberlain, named Frederick, an old friend, and that the young woman's flight had been known to a close circle of friends.

He explained that the daughters of the former emperor were permitted to leave Tobolsk and visit relatives elsewhere, but were forbidden to leave Russian territory. The plan was then conceived for her to "marry" a son of Frederick, as this would give the former grand duchess greater freedom of movement about Russia. The formalities of the cremony were carried out with every apparent reality, and only those who knew the secret understood it was a ruse to effect Miss Romanoff's escape.

Boosts Production

WALKERTON, Nov. 25.—
Barney Rulaud has made what is probably a record in this district for intensive cultivation and increased production. He had less than one acre under production this season, but produced \$500 worth of ginseng and 7,500 pounds of Dutch sett onions. For the later he got \$160 a ton. Mr. Rulaud is the postmaster at Deemerton, near here.

Albert Wahn has fairly earned the title of Brant's Onion King this year. He raised 18,000 pounds of onions on his farm this year. Farmers of this district are doing their best to meet the deing their best to meet the de-mand for increased production, but many of them declare it will be an impossibility to raise any-thing like the crops they should raise if men are taken away as appears probable under the mili-

tary service act. Farm help was

Statement Loudly Applauded At Liberal Banquet.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn creallous wthout pain or soreness or the danger of infection.

This simple drug, while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

There was no disorder.

Admiral Peary also said: "Perhaps before this war is over airplanes will carry as heavy artillery as the famous French 75-millimetre guns, and will be able to soar over any field, water or mountainous country, carry enormous numbers of troops far behind the enemy lines and do the work of cavalry, infantry and artillery combined."
